INTRODUCTION

The “Good News” that was never part of the Gospel taught to you in Church, although it was the very message Yeshua¹ (Jesus) came to reveal to certain people who were set apart from the multitudes. The progression of people’s understanding, being at varying degrees and stages, meant that the mystery of the Kingdom of Heaven had to be sealed until the end of times. It was necessary for humankind to experience the Age of Pisces for their personal advancement toward the end goal, which was set for them since the foundation of Creation. More on this ‘goal’ will be explained further in this book.

Yeshua was explicit in the fact that his ‘Good News’ about the Kingdom of Heaven was not for everyone to know - at that time, thusly, he spoke in parables to his hand-picked selection of disciples. It is possible his mother (Mary) and father (Joseph) were not privy to the secrets told to his close confidants. The name ‘Jesus’ is a Greek name, his name in Hebrew is Yeshua, and yes, Jesus was born into a Hebrew family.

The reason for presenting this book starts with a dream I had on February 14, 1986, which you can read on page 125. This year, 2022, I will be 81 years of age. I have known since age 14 that I was going to have a ‘special’ mission in life to complete. An extraordinarily strong feeling at that time that stayed with me all throughout my life. Since having the Dream, it has involved 30-40 years of research on several important subjects, amassing 1000’s of articles. The groundwork had to be prepared allowing a solid foundation before beginning this work. In addition, the timing had to be right. In 2006, I launched my website at <https://the-red-thread.net> with some of these articles. There are many images in this book as they can speak louder than pages after pages of typed words.

I do hope that you, the reader, will take in the contents of this book with an open and clear mind, allowing its message to fit pieces of life’s puzzle into their proper placements. You may want to read my dream of going up the Waterfalls to the Mountain Top first... to get a better understanding of why I have spent forty years researching, not knowing what the end result was supposed to be. Thankfully, my close contact with Yeshua has guided me all along the way.

On what information to put into this book, and what to omit, came from higher sources that has propelled me all my life. Yes, there has been a few rough patches

along the way on a personal level, dealing with everyday ups and downs, but once I committed myself, life got easier. It was when the time was ready, and when I was ready, that many mysteries were revealed to me that I had never found during my studies. Mysteries that were not available for anyone to study - as they had yet to be revealed – as far as I could tell. When looking back on the subjects I began to study in 1986, and in the particular order they were put before me, was remarkable. Realizing now that I was given the process of building a foundation on which would support the end result.

Raised in the Methodist Church, attending Sunday School, Church, Bible study classes, Bible School in the summers, Christian camp for a few summers at Camp Caledon in Erie, PA, was my earliest foundation. When much older, I attended courses given by the Seventh Day Adventists, later studying Judaism and attended a Synagogue for five years. From the years 1987 to 2010, I began my home studies on the history of the Hebrew people, the ancient Israelites, and wrote articles and books on the subject. The Lost Tribes fascinated me – spent many years researching their travels.

All these studies in biblical history were needed for a solid foundation, so this was my first deep involvement. The Spirit took me unexpectedly that year to a quieter place (than Denver) for some serious study on a subject that would never have occurred to me on my own. My husband took a job in Montrose, Colorado, our kids were all grown, married, and living in Denver, so we left the noisy city and went to the other side of the Rockies. With a lot of free time on my hands, I went to the library to get some books. Looked around for something interesting to read when a book about Astrology was put in front of me, so I took it home with me. After reading a few books on the subject, I felt that this should be my next study project. Very interesting subject – opened my eyes to an entirely new world and allowed me to put many pieces of life's puzzle together. It became clear to me now - that the Kingdom of Heaven was / is God's Spiritual 'religion'.

There were other studies done along the way but want to keep this book more about the purpose at hand, not about me so much. So, hope you gain some knowledge by reading my picture book and that it will open you mind to bigger things. My first article will be 'Coming to the Light'. Sincerely, Betmatrho

COMING TO THE LIGHT

One day my husband and I took another interesting road trip (*prior to July 2, 2006, when I wrote this article*). It was good for me to take this trip to Kentucky as riding in the car always gives me the opportunity for reflection and inspiration. I bounce things off my husband, and he listens - although at times he hasn't a clue as to what I'm talking about, and at times neither do I, but the thoughts pour into my mind, and I make them vocal. During this trip, I was beginning to see more clearly the identity of truth, light, and the evolution of the soul... and how nature reflects those true colors... and sadly how mankind does little to reflect the true colors of pure Light.

I remember a dream I once had about flower crowns and how fragile and delicate they were, while at the same time knowing they were only self-serving. These flower crowns were desired by everyone who saw them, but they quickly withered and died leaving only dead petals behind. I have come to realize these flower crowns represent man's traditions and especially religious beliefs. Doesn't matter which religion it is for none are reflections of the True Light or the true Spirit Creator of Light.

My spirit guide, whom I recognized as being Jesus during this dream, had upon his head a crown of pure Light. This crown of Light represents pure truth and wisdom. Truth, which I've desired and asked for since I turned fourteen, could anoint my soul enough to see true Light through all the visual colors.... like in a rainbow.

However, knowing during this dream of 1986, I had to release my soul from all affiliations of a learned religious nature, which would prevent me from rendering the Light. This posed a problem for me because there was one thing that kept haunting me... the predictions in the bible - especially the prophecies for the lost tribes of Israel, which I have studied and researched extensively for years. Such biblical prophesies seemed to be coming true in real time as written, and I knew they (prophecies), were made 1000's of years ago using comprehensive patterns, which follow predictable outcomes. Therefore, perhaps these same prophecies could apply to any age in the past, present or future, and apply to any peoples of the Earth. The identity of the people could all be relative - the identity of the countries could all be relative - the time unimportant because time is irrelevant as well. It is the actual applying of the pattern from the laws of physics that identifies the probability for the prophecy on the lost tribes of Israel. I then wondered if it's all in the PATTERNS that we identify certain entities in biblical prophecy, depending on the Age in which we live, as each Great Age will produce variations in appearance while still maintaining the same base pattern.

What is light anyway? Visual light allows us to see where we are going. But true Light is knowledge and wisdom. Visual light is colors and wavelengths. When you project both light and truth through water [*water can also refer to the soul*], the light is separated into colors, and also into knowledge. When the Sun is refracted through rain drops the colors are seen in a rainbow. The colors are in the Light and the Light is colors. The wavelength taken by each color varies in length and density.

By using the pattern of natural science, our souls can refract the true LIGHT into knowledge. Colors can be visual through raindrops, or through a diamond, crystal, or prism... but instead of raindrops, our souls do the refracting. Our souls can become attuned to the wavelengths emitted in the refraction of Light and come into the likeness of the Light and the knowledge/colors it displays. This gives me pause to contemplate what colors really are and why they are so important – but I will think on that later.

There most assuredly needs to be clear in our minds the distinction between mirrors and prisms - reflected mirror images vs true colors refracted by the Light. Mirrors have a dark background and reflect exactly what is projected onto them - nothing more, nothing less. Society is a mirror that reflects what it sees. Our way of life, our religions, our cultures, and traditions have made society exactly what it is. Governments and religions have been self-serving, controlling, instrumental with the inducement of wars, violence, servitude, and prejudices.

The source of pure Light is the SUN, Yeshua is like a pure crystal refracting the Light, releasing the colors of truth, peace, serenity, order, and love...in great abundance. Religions don't really give off true light—neither do governments or any other controlling masters. Our souls are like a drop of water [*or a prism if you prefer*], which can separate the colors of Light and project them back as wavelengths ranging from ultraviolet [*shortest and most intense*], to infrared [*longest and weakest*].

If religions were light, we would see their colors reflected onto society - but they do the opposite - they hold the soul in bondage. They prevent the progress of natural soul evolution and even prevent our souls from refracting *the true Light*. Religions have done little to bring us closer to the Spirit of Light... they have driven us further into darkness!

These ideas about who 'God' truly is have been in my head since childhood but over the years I have been able to detach from early religious indoctrination and not allow fiction and ignorance to become permanently debilitating. The horrible atrocities seen in our society should shake everyone out of their timbers and into reality. Society shows just how dark religions really have been. Global society, and the shape that it has taken, is but a mirror reflecting the images it sees. Looking into societies mirror has awakened the awareness inside of me. There is Light all around us and it wants to shine - IT wants its true colors to be revealed. We need to discover

Light - this is the **Age of Light and Discovery** - the Age of Aquarius... it is time for this Light to shine.

Talk about American ingenuity - the downside of a genius mind is madness. This madness comes when falsehoods and lies are reflected to represent truths... but instead of showing creativity - chaos is seen. Pure truth on its own merit reflects Light allowing for usable patterns of science to manifest into creativity. On the other hand, the repeat of chaotic patterns of destruction throughout history with little to no benefit, prevents societies from learning from past mistakes. Bending the truth to incorporate lies reflects madness and chaos. Societies around the world reflect chaos. Humankind's history reflects madness. I see now why Nebuchadnezzar's statue must be destroyed fully, to nevermore exist. Religions reflect only darkness because they lack the True Light in which to refract through the souls of humankind, allowing the colors of various wavelengths to be seen.

You may ask: "So do you believe in Jesus?" I would answer: "Yes, most assuredly, but he is not as any religion teaches. Not what you can learn from reading the bible, for his teachings have been manipulated to conform to crafty religious institutions. I have seen him face to face in a vivid-like vision and dream, I have followed him beside the river's edge, up three treacherous plummeting waterfalls to the mountain top. I have witnessed his communication with the Great Spirit. I have taken instruction from him and most assuredly, do witness his existence." Later, I will explain what I mean. May the Spirit of Light and Truth be with you always.

Welcome to the unveiling of Heaven's Kingdom. Learn why all the kingdoms since ancient Babylon, must be soon destroyed. With this book, the aim is to remove the heavy veil of secrecy and deceit that was our past! My hope is to encourage the reader to study and learn how to pull themselves out from under the bondage of fear and unnecessary restrictions that have been put on us, thusly preventing the progression of our souls . Into the Light of Heaven's Kingdom.

PETALS AROUND THE SUN

Think of the Constellations, stars, planets, and their evolutions around the Sun as a giant Sunflower having twelve petals containing seven colors. Each petal having unique patterns and specific duties that was pre-programmed into each since the beginning of Creation. These petals are the constellations, planets, stars, and the workings thereof. This is called the Mazzaroth. The energy that causes the entire Solar System to operate as programmed is called the Great Spirt, or the Holy Ghost if you prefer. Its energy is eternal, and energy cannot cease to exist, nor does it die. We easily experience a bit of this energy every time the wind blows, or in storms of varying degrees. American Indians already knew this.

Astrology need not be a complicated artform. Think of the wheel on the next page as a flower with twelve petals. At the center of these petals is the Sun, around which the Solar System revolves...so we have a Solar Sunflower. Some people, when first tackling the Astro-art of Astrology, imagine that the wheel is a road map of the skies at precisely the time they were born, or a chart of the skies when they first opened their new business, or embarked on a marriage. I prefer to use Astrology to look back into the past, as well as into the future. It is amazing what one can learn, but I don't necessarily use it on a personal level. Since this article's intent is to show how the Great Ages have performed in humankind's history, as well as shed some light on the new Age of Aquarius, we will leave personal natal charts for others to interpret. The Great Age of Pisces is over, and now we have a brand-new Age of Aquarius ahead of us.

With the Great Age of Pisces behind us, we now have hindsight to see just how Astrological symbols, elements, planetary rulers, and their patterns have transpired throughout the past 2100 years. This is true of all Great Ages when we have their history to reveal its secrets. To help us identify the last Great Age of Pisces, we need to look back in time to about the time of Julius Caesar (100 BCE to 44 BCE). That was when the Great Age of Pisces began, and including overlap years, ended between the years 1900-2020 CE. The latest Jupiter-Saturn conjunction in 2020 puts us fully in Aquarius.

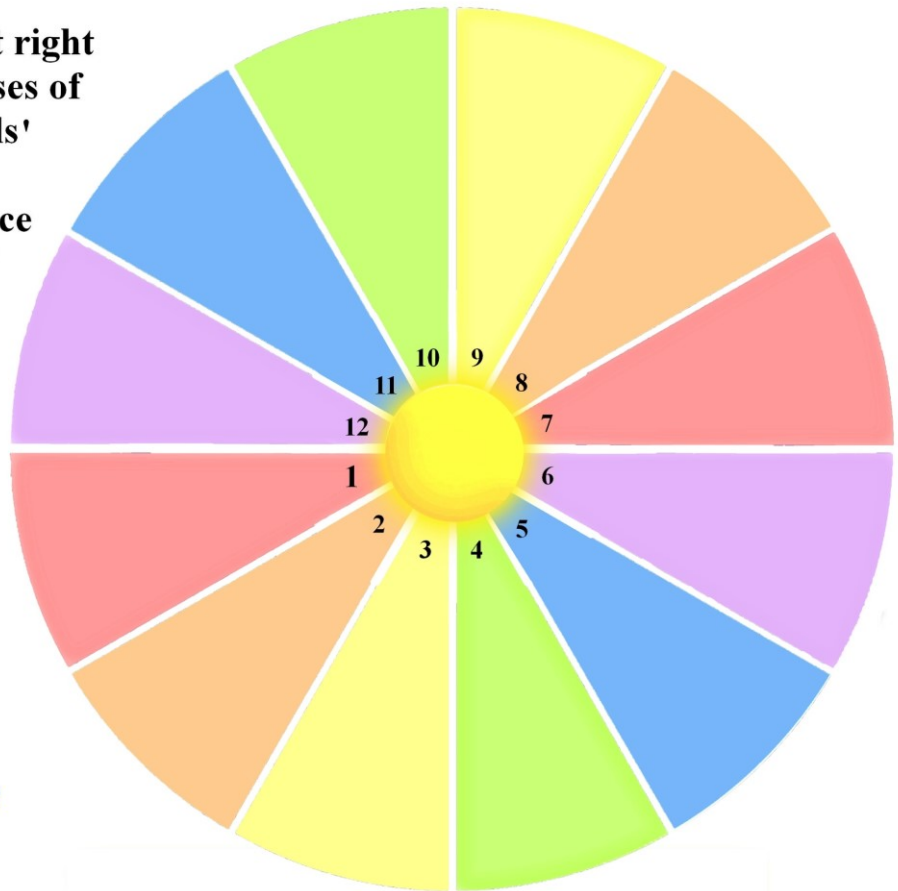

The 12 petal flower at right is actually the 12 houses of the Zodiac. The 'petals' surround the Sun for their life-line, brilliance and authority.

Opposites Attract

Aries & Libra
Taurus & Scorpio
Gemini & Sagittarius
Cancer & Capricorn
Leo & Aquarius
Virgo & Pisces

House-Sign-Ruler-Mascot

1: Aries, Mars, Ram
2: Taurus, Venus, Bull
3: Gemini, Mercury, Twins
4: Cancer, Moon, Crab
5: Leo, Sun, Lion
6: Virgo, Mercury, Virgin
7: Libra, Venus, Scales
8: Scorpio, Mars, Scorpion
9: Sagittarius, Jupiter, Archer
10: Capricorn, Saturn, Scythe
11: Aquarius, Saturn & Uranus, Water Bearer
12: Pisces, Jupiter & Neptune, Fishes

The Petals on this flower are color-coded. The Petal directly opposite is the complimentary house, sign, ruler, mascot, which plays a big role in how the other rules.

Houses of the Zodiac

Continued from page 11)

Viewing the Age of Pisces with hindsight can leave no doubt in any logical person's mind that Astrology is indeed a science that needs more recognition as well as respect. My thoughts about Astrology are this: I think Astrology should be taught in public schools. It has so much to teach us, and like a lantern, it lights the way forward as we embark into an otherwise unknown future.

Whether rulers, leaders, writers, and historians intended their history to parallel so clearly in-step with Astrological meanings and symbolism, or not, during Ages past, we will never know. We don't even know if those governing the world today are aware of the similarities, patterns, and symbolism of Aquarius, which are playing out in our present Great Age. We can already see events and patterns occurring to suggest this even if they do not consciously plan things in that regard. My belief is that the powers of the Universe itself sets the direction and format for the Great Ages, programmed from the foundation of Creation. Governing entities are most likely oblivious to the deliberate powers behind the scenes. Truly, the workings of the Universe cannot be stopped, altered, or rearranged by human hands. That power belongs only to the Creator of this majestic Universe. It is God's religion, God's Church – untouched by human hands.

Yeshua said... Thomas # 113

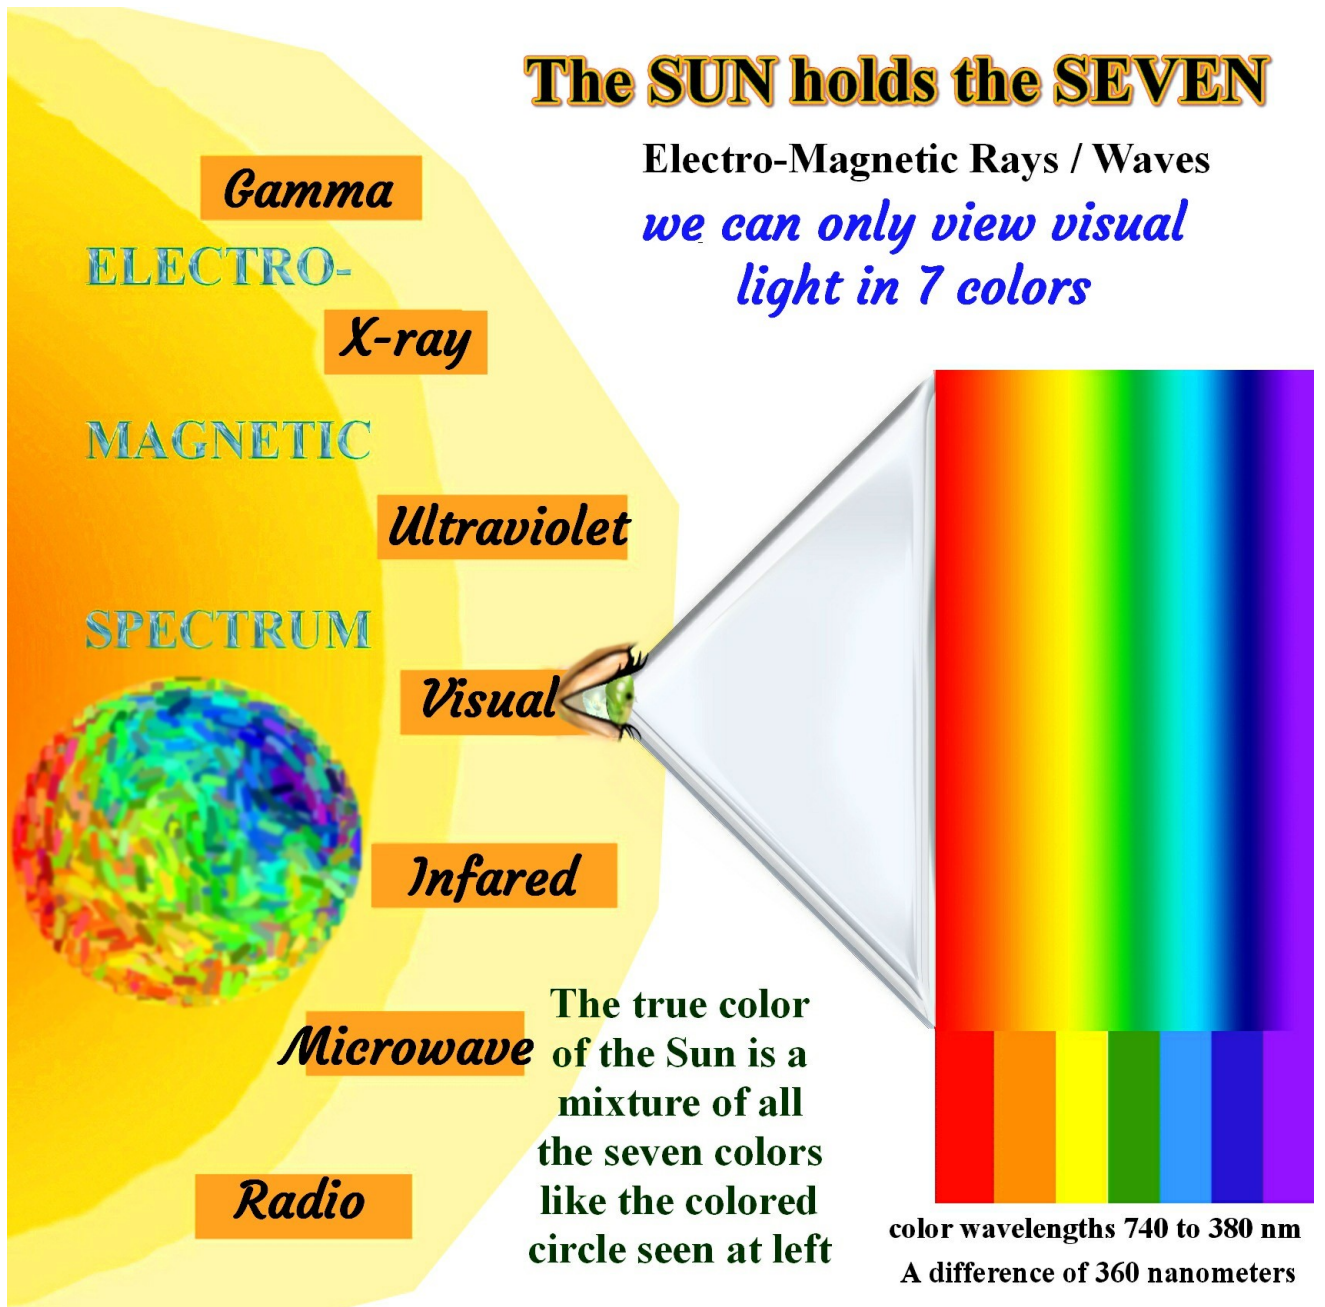

His disciples asked Yeshua, 'When will the Kingdom of Heaven come?' He responded...

"It will not come by waiting for it. It will not be a matter of saying here it is...or there it is.

Rather the Kingdom of the Father is spread out upon the Earth, and men do not see it. Blessed are the solitary & elect, for you will find the Kingdom. For you are from it, and to it you will return."

The SUN holds the SEVEN

Electro-Magnetic Rays / Waves

‘BEHOLD, I AM THE BRIGHT AND MORNING STAR’

PSALMS CHAPTER 19

“The Heavens declare the glory of God and the firmament shows his handywork. Day after day its speech is uttered, and night after night its knowledge is shown. The knowledge thereof of God’s glory is universal, as there is no speech nor language where its voice is not heard. Their ruling line knows no boundary as it goes forth throughout all the Earth and their message to the end of the world. **In them hath he set a tabernacle for the Sun, which is as a bridegroom coming out of his chamber and rejoicing like a strong man who runs a race.** The going forth of the Sun is from the one end of the heavens, and its circuit travels unto the other end of heaven; and there is nothing hidden from the heat thereof. The law of the Eternal One is perfect, restoring the body and soul; the evidence of the Eternal One is sure, making wise the simple. The statutes of the Eternal One are right, rejoicing the heart; the commandment of the Eternal One is pure, enlightening the eyes. The reverence of the Eternal One is clean, enduring forever; the decisions of the Eternal One are true and righteous altogether. His approval is more desired than gold, even more than fine gold, sweeter also than honey and the honeycomb. Moreover, by them is thy servant warned and in keeping of them there is great reward.”

THE BRIDEGROOM COMETH

With the Great Age of Aquarius comes Leo’s Sun

Once we passed from the Age of Pisces into the Age of Aquarius, all has changed. Pisces, and all that occurred under the sponsorship and impiety of Rome, must remain in the darkness with the disappearing Age. With the arrival of the Aquarian Age, there will be a great Light that brings wisdom to see through the nebulous veil of the past. Many will allow their minds (their souls) to rise up from the waters of Pisces, and out of the dark ages, but some will refuse to progress, preferring to remain under the grip of bondage rather than to be anointed with the Light.

The Age of Aquarius is a very special Age, in that the people called the “bride”, who have traversed the previous six Ages, finally reach the peak of their excellence.

These are '144,000' souls who traversed through those six Great Ages with the Anointed One, all while being tested, tried, and perfecting their souls with each Great Age.

In the parable of the ten virgins, this 'bright and morning star' is the bridegroom who wishes to gather his lost sheep (the 144,000...the bride), to join him in his Heavenly Kingdom (paradise), where all things were created perfect – no more chaos. These are the souls who have oil (the desire) that will be invited to this marriage. To the bride, wisdom/light is revealed that shows the way. The light comes from the 'bright & morning star' and only those with wisdom can see the way as they have the light / knowledge needed to guide them. We are reminded of the two olive trees and the two lampstands from old. They are those who have traversed throughout all the prior six Ages with the Anointed One, and if they have been found worthy, with oil in their lamps, will enter the marriage in Paradise with the bridegroom, the Bright and Morning Star.

What is the OIL? Oil is the unbridled **desire** to know, to search **for truth**, by-passing all misconceptions of truth and seeking only the Light that shines through darkness. Darkness hides the truth, even forbids truthful knowledge and wisdom. Once obtained, this oil becomes the energy that allows the lamp to be lit. Without the oil/desire to even seek the Light, there is no way to see or know the true Light. However, to get it, you must do the work required, which is the unbridled desire for light aka truth!

What is the LIGHT? It is the knowledge and wisdom that comes from that desire to learn. The result of seeking out wisdom and truth will be provided by the Anointed One. 'Seek and you will find', and 'knock and the door shall be opened unto you'. If you don't have the desire to seek true knowledge, your lamp will not give you the Light (wisdom) to see past the veil of darkness. You may remain in bondage for an eternity.

THE PARABLE OF THE TEN VIRGINS

“Then shall the Kingdom of Heaven be likened unto ten virgins, which took their lamps, and went forth to meet the bridegroom. And five of them were wise, and five were foolish. They that were foolish took their lamps (themselves) but took no oil (desire to seek) with them; but the wise took oil in their vessels with their lamps. While the groom tarried, they all slumbered and slept. And at midnight there was a cry made, Behold, the bridegroom cometh; go ye out to meet him. Then all those virgins arose and trimmed their lamps. And the foolish said unto the wise, give us of your oil; for our lamps are gone out.

But the wise answered, saying, not so, lest there be not enough for us and you, but go ye rather to them that sell and buy for yourselves. And while they went to buy, the bridegroom came, and they that were ready went in with him to the marriage and the door was shut. Afterward also came the other virgins, saying Lord, Lord, open to us. But he answered and said, Verily I say unto you, I know you not. Watch therefore for ye know neither the day nor the hour wherein the Son of man cometh.”

SOUNDING THE SHOFAR

**Kingdom of Heaven, Bridegroom, Ten Virgins, Lamps,
Oil, Light, Marriage, Door, Son of Man**

The Kingdom of Heaven is compared to Ten Virgins... these are the ten tribes of Israel who were lost for 2520 years.² Over thousands of years, they knew not who they were - they had forgotten their identity, forgotten their forefathers. Then in 1603 CE, they were reunited again but still they did not know who they were. The reunification did not awaken them from their slumber. Just as they do not recognize the Kingdom of Heaven. But many of them knew the time had come when their Lord was due to return.

Half of the ten opened their minds as to their [true] identity, and half of them did not. The bridegroom tarried long to give his lost sheep enough time to see through the darkness of the past six Great Ages. Half of them opened their minds

and allowed light to enter in, but the desire is needed to see the light. So, when the time came, the half who had oil in their lamps and recognized the bridegroom were able to join him in the marriage. The other half without oil only wished they had opened their minds so they could know the light. Without the desire to learn the truth, darkness remains. They will not be included in the marriage. Clear your mind of lies and deceit and search for what you have forgotten. If you don't see the Kingdom of Heaven, and you don't realize who you truly are, you are lost still.

Lamps = vessel is you & me. Oil is desire to know. Where there is no desire, there is no light. Light = truth and knowledge. You can have the lamp but if there is no oil in the lamp, it will not provide

**LIGHT
KNOWLEDGE**

Five were ready and had done their research to know how to find the path to reach the bridegroom.

Five only thought they were ready. They had relied on other people to make the plans of preparations.

LIGHT IS KNOWLEDGE

LAMPSTAND – LANTERN – CANDLESTICK
OUR SOULS -ARE THE VESSEL THAT HOLDS
THE OIL, AND THE OIL IS THE DESIRE
TO SEEK, SEARCH, AND IT WILL BE SHOWN
TO YOU – THE ONLY WAY IS BY THE LIGHT.
LIGHT PROVIDES WISDOM THAT SHOWS THE WAY.

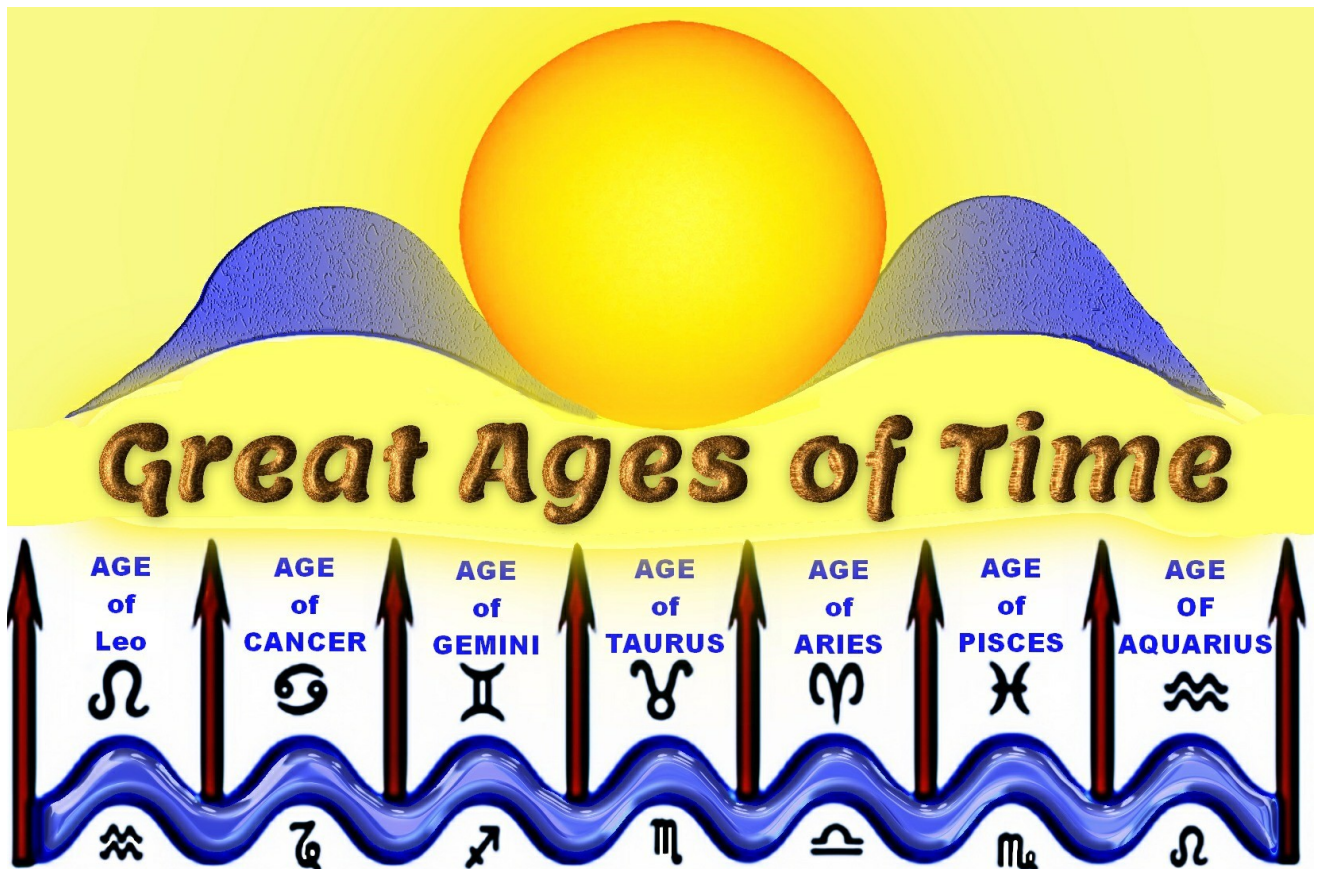

Book of Thomas verse #50:

Yeshua said, "If they say to you, 'Where did you come from?', say to them, 'We came from the light, the place where the Light came into being on its own accord and established itself and became manifest through their image.' If they say to you, 'Is it you?', say, 'We are its children, we are the elect of the living father.' If they ask you, 'What is the sign of your father in you?', say to them, 'It is movement and repose.'"

God Bless Thomas Jefferson

Thomas Jefferson believed that Jesus taught a simple life of repentance and good works, and the Gospel writers, namely Peter, James and Paul distorted the teachings of Jesus. Jefferson believed Paul was an imposter and the first of the 'corrupters of the doctrines of Jesus.' Source: The Jefferson Bible.

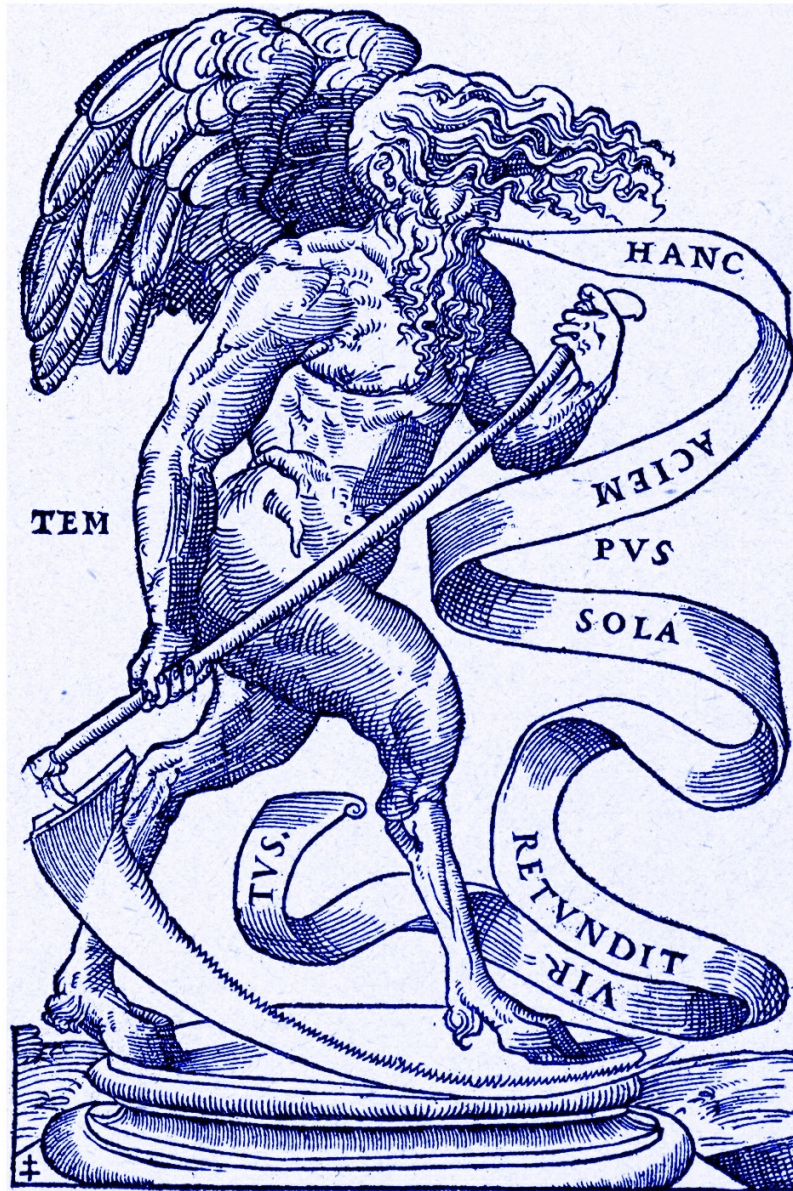

P.S. I believe Paul was a spy for Rome and was the first 'anti-Christ' of many others. Afterall, Rome took over the religion and made it not about the Kingdom of Heaven, but all about the Church.

Bottom signs are complimentary to the Great Ages

This Era of man's time began in the Great Age of Leo. There are seven Great Ages in an Era. This Era ends with the Great Age of Aquarius, which is the Great Sabbath and the great harvest time. The first six Great Ages of 12,600 +/- years are for the testing and perfecting of our souls, striving toward perfection - the goal. Six Ages of learning, training, and gaining wisdom and experience. Those souls that are near the top of the training process are refined more intensively than are the others.

The chart above shows a Great Era, consisting of Seven Great Ages. This current Era began in the Age of Leo, c.12,600 BCE, and will end at the close of the Age of Aquarius. There are 12 Great Ages around the great circle of the Solar System. The seventh, the Age of Aquarius, is the Great Sabbath. From Leo's SUN to Aquarius' Son of the SUN.

Grim Reaper - Saturn
Ruler in the Age of Aquarius

Old Father Time Ready for the Harvest

THE GREAT AGES OF TIME

The 'GREAT AGE OF PISCES' officially ended on December 21, 2020. People around the globe either witnessed the Passing of the Torch from Jupiter to Saturn, or they surely have heard about it. Some have even called this latest conjunction, 'the Christmas star' since it occurred so close to December 25th, the day Christians celebrate, traditionally, the date Jesus was born. [December 25th is NOT the birthday of Yeshua, however.]

The Sidereal Great Ages are based on the procession of the equinoxes and the retrograde vibration of the earth's axis through the commonly known twelve constellations, which lie in a circle pattern around the earth, along the celestial ecliptic. This retrograde, or seemingly backward motion, according to astronomers, takes 25,920 years to complete. Using that amount for one complete cycle of twelve Great Ages means there is an average of 2,100-2160 years per each Great Age. Constellations are of varied sizes, so each exact Age varies in duration. Astronomers use 72 degrees per year times 360 degrees, for a total of 25,920 years for a complete cycle through all twelve constellations. There is a 13th constellation, Ophiuchus, which could be considered as well. The Sun, for 19 days of the year, travels through the constellation of Ophiuchus before entering Tropical Sagittarius from Scorpius.

In the Old Testament, God gave the Israelites 70 'weeks' to bring to completion that, which was expected of them. He did not say 72 (sidereal) weeks, he said (tropical) 70 weeks. The term seventy 'weeks' can be a time pattern measured in years, or it can be measured in degrees. All throughout prophecy a perfect 360° cycle, not a 365.25 days/year is used. By using the 360° Zodiac wheel, a 'week' 'pattern' could be 30°; a month could be 90°; and a day could be 1°. One year could be as 1000 years, as time is relative to the patterns that are set at creation – repeat patterns are measurements within degrees and time.

Patterns repeat in prophecy, just as patterns in nature repeat regardless of the Age or Era they are found. By using a perfect cycle of 360° times seventy (360 x 70) prophetic 'times', we get 25,200 years for a completed cycle of twelve GREAT AGES and approximately 2100 years per Great Age. There is 360° in a completed circle with 30° per house and sign. All constellations fall inside the 360° Astro-map regardless of Constellation size.

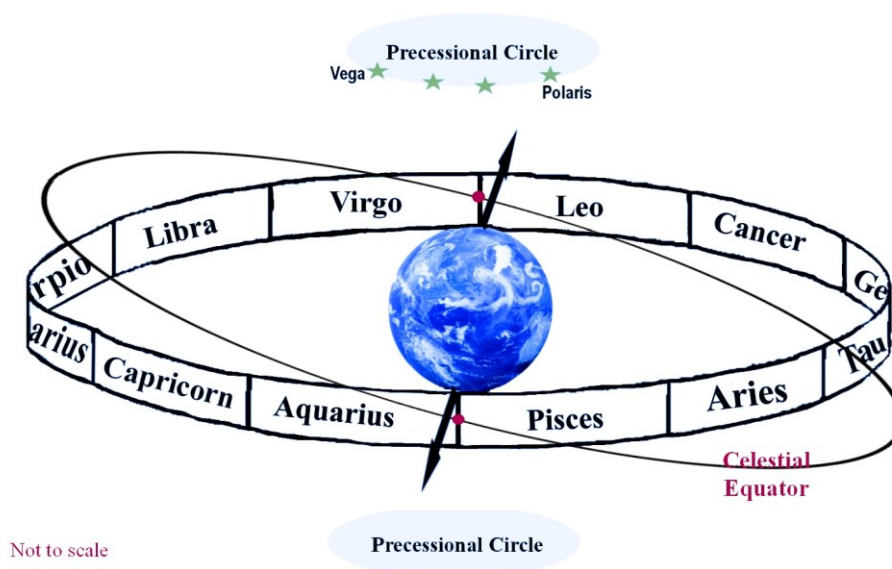

The chart below shows the Earth in relation to the Constellations. The North Pole points to the North Star of Polaris. It takes 25,920 years for the North Pole to make a complete circle of 360° using the sidereal map of the skies. During this completed 360° journey, it travels through 13 Constellations.

Using the tropical map of the skies as it relates to us on Earth, it takes 25,200 years for Earth to traverse the complete circle through twelve signs of the Zodiac.

A Sidereal year has 365.25 days in a year. A Tropical year is 360 days in a year, a difference of 5.25 days a year. The tropical year is the time between southern solstices, or between northward equinoxes. Because of the Earth's axile precession, a tropical year is about 24 minutes shorter than a sidereal year.

There are three zodiacs: constellational, sidereal, and tropical.

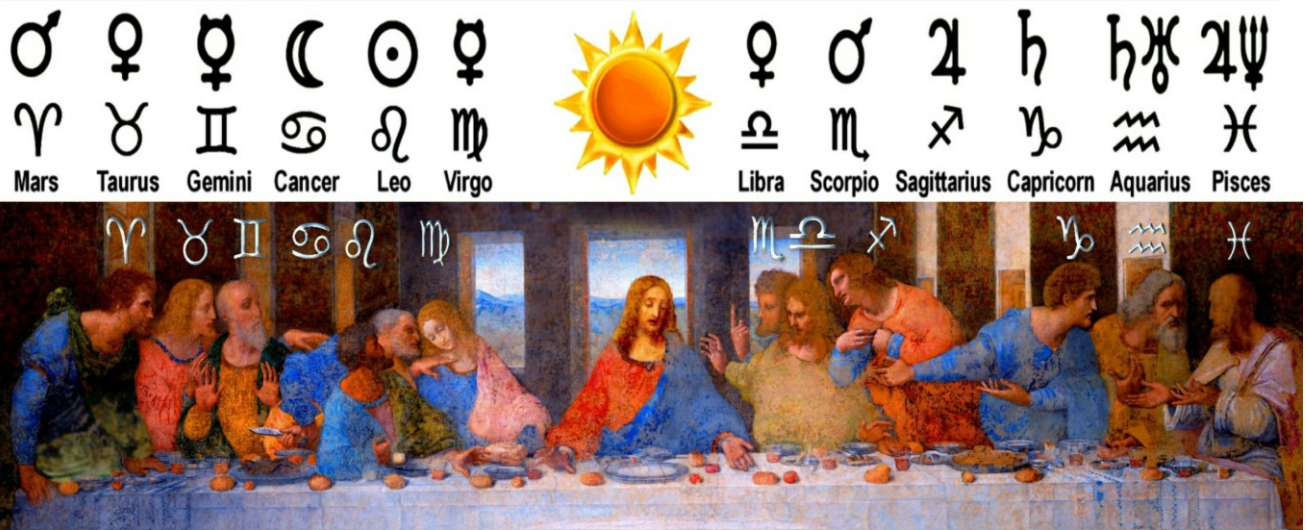

Extraterrestrials taught, during the Great Age of Gemini, that there were twelve signs in the Zodiac and each sign was made up of 30 degrees. The constellations are of various sizes and shapes; however, the signs of the zodiac remain at 30° per each sign, using 12 constellations. It was Ptolemy who began the use of the tropical zodiac, based on the solstices and equinoxes, not the north star. This is when the difference between 72 and 70 degrees came into being. Due to the precession of the equinoxes that move 1° every 72 years. The zodiac uses a 360° cycle regardless of time (365.25 days/year), which is relative, while 360° remains constant.

Leonardo DaVinci's
"Last Supper"
Painted in 1495

Yeshua as the SUN

UNVEILING THE "LAST SUPPER"

Book of Thomas³ verse #83: Yeshua said, "The images are manifest to man, but the light in them remains concealed in the image of the light of the father. He will become manifest, but his image will remain concealed by his light."

Leonardo DaVinci knew very well that the Church would never approve of his version of what Jesus/Yeshua was all about, so he hid his message in plain sight, hoping the infidels of his day would not notice. DaVinci's way of speaking in parables through his paintings. His painting of the 'Last Supper' represents the 12 constellations and signs of the Mazzaroth a.k.a. the Zodiac, and how they relate to the Sun. What I see in this painting, beginning left to right along the table on the next pages.

ARIES, ruled by Mars likes to be the leader and sits at the head of the table. Aries is the season of Spring and the time of Passover & Easter. It was under the effect and influence of Aries that Yeshua/Jesus was crucified.

TAURUS, ruled by Venus, comes second at the table. This character is painted as a woman to represent Venus. She has her hand on Gemini's shoulder in 'Venus' style of affection.

GEMINI, ruled by Mercury, in third place at the table. Gemini represents twins, notice both hands of this man are raised to show his dual identity.

CANCER, ruled by the Moon, is seated fourth. Notice his right hand holds down the right hand of Virgo, as she has a knife in her hand, which she points directly at Aries.

LEO, ruled by the Sun is fifth at the table, notice how his left hand's pose is identical to the right hand of Yeshua/Jesus. Leo here is the disciple that was the 'most beloved' of Jesus/Yeshua, and this is John.

VIRGO, ruled by Mercury (Angel Gabriel). The Virgin sits at the right hand of the SUN, her son. The knife she holds in her hand is for cutting the loaf of bread she has on her plate. The House of Virgo was also called the 'House of Bread', honored by the feast of unleavened bread. Re: the knife that she points at Aries – she is indicating Judas/Aries. Mars, ruler of Aries, was the angel of death and reason for the original Passover. More on Judas later.

SUN, this is Yeshua/Jesus, this is the SUN, around whom all constellations, planets, and the entire SOLar System revolve. Yeshua sits at the center indicating his position in the heavens. He is the King of Kings, the Lion of Judah and without the SUN, we would all be dead long ago, including the entire Solar System and everything ever created in it.

LIBRA, ruled by Venus is the seventh place and seated to the left side of the SUN/ Yeshua/ Jesus, just like in the Heavens. Mercury and Venus are the two closest planets to the SUN. In the painting, they sit in the right & left sides of the Anointed One. Notice how the man representing Libra has both arms outstretched as if displaying the scales of justice/balance. Libra represents the law, which, during the Great Age of Aries, Moses presented to the Israelite people. This Law came from the SUN, not from Mars/Yahweh, who was the 'god for the Age of Aries. Seems that the SUN/Yeshua made his presence known all throughout the Great Ages and why not, the SUN has never ceased to be there for humankind. Remember when Moses was on the mountain top and he wished to see the face of God but was told not to look, as it was too bright for flesh & blood to view? God told Moses to watch the shadow of the SUN as it moved across a large rock. Remember too when Moses came down from the mountain top and the Israelites were fearful of him as his face was shining like the SUN? That was because Moses had been speaking to the SUN while on the mountain top. Yes, this is possible as the SUN is energy and energy can take different forms. This we see in the seven electromagnetic energies emitted by the Sun.

SCORPIO, ruled by planet Mars, is eighth at the table but tries to get closer to Yeshua / Jesus, even showing his identity by pointing his finger as the Scorpion stinger. Scorpio seems to crowd ahead of Libra, perhaps because he, like Aries, is ruled by planet Mars and wants to be first.

SAGITTARIUS, ruled by Jupiter is ninth at the table. His hand gestures indicate that he, the Archer, has pulled back his bow.

CAPRICORN, ruled by Saturn is 10th at the table, his hands holding an imaginary scythe or sickle, used in the harvest that will take place during the Age of Aquarius, as Saturn rules two signs, Capricorn, and Aquarius.

AQUARIUS, ruled by Saturn, and Uranus, is the 11th person at the table. After the discovery of Uranus in 1789 CE, the two planets became co-rulers of Aquarius. See how he holds an imaginary pitcher of water. Remember when Yeshua/Jesus instructed his disciples to go to the next town (also next Age) and find the 'man who holds a large water pitcher'. You will tell him that your master has sent you, follow him to the Upper Room and there you will prepare for the feast of Passover.

PISCES, ruled by Jupiter, this person is seated in 12th place around the table. His hands represent the two fish of Pisces (see image on next page). Since the year 1846, Pisces has two co-rulers, with the discovery and placement of Neptune into the twelfth House.

FINDING JUDAS

Finding Judas at the Last Supper table. Leonardo painted his decision in the “last Supper” in three obvious ways. The first is Virgo (Mother Mary), she points her knife at Aries. Cancer is holding her hand down as if to say, “Mary don’t”. Yeshua talked to Judas at some point earlier on Passover Day and mentioned to Judas about his money bag, which he was accustomed to carry. Yeshua knew full well that Judas was going to betray him soon. In the painting, Aries is the only person who has an obvious money bag.

Second hint: the time of Passover is during the Spring month of Aries. During the Great Age of Aries, the angel of death swept over the houses of Israelites in Egypt. Unless there was lambs’ blood over the outside door frame, the eldest child would be killed. Mars rules the sign and Age of Aries.

Third hint: Leonardo also knew that it was the Jews of the day who insisted strongly that Rome crucify Yeshua/Jesus as they saw him as an imposter, not the ‘King of the Jews’. Those Jews were from the Great Age of Aries and were ruled by a God that represented Mars. At this last Passover, the Age of Aries had already passed, and the Great Age of Pisces was in effect. Yeshua was never fond of the ‘Jews’ of his day and said the Pharisees were the sons of Satan. Also, the book of Revelation states ‘those who say they are Jews are not Jews’.

It was Judas who betrayed Yeshua for 30 pierces of silver, which he carried in his money bag. Judas here is represented by the sign of Aries. The pattern for Mars is war-like, much as the god of the Great Age of Aries. His name was Yahweh. Mars also rules the 8th house on the Zodiac... it is the house of death. Aries/Mars is the Angel of Death.

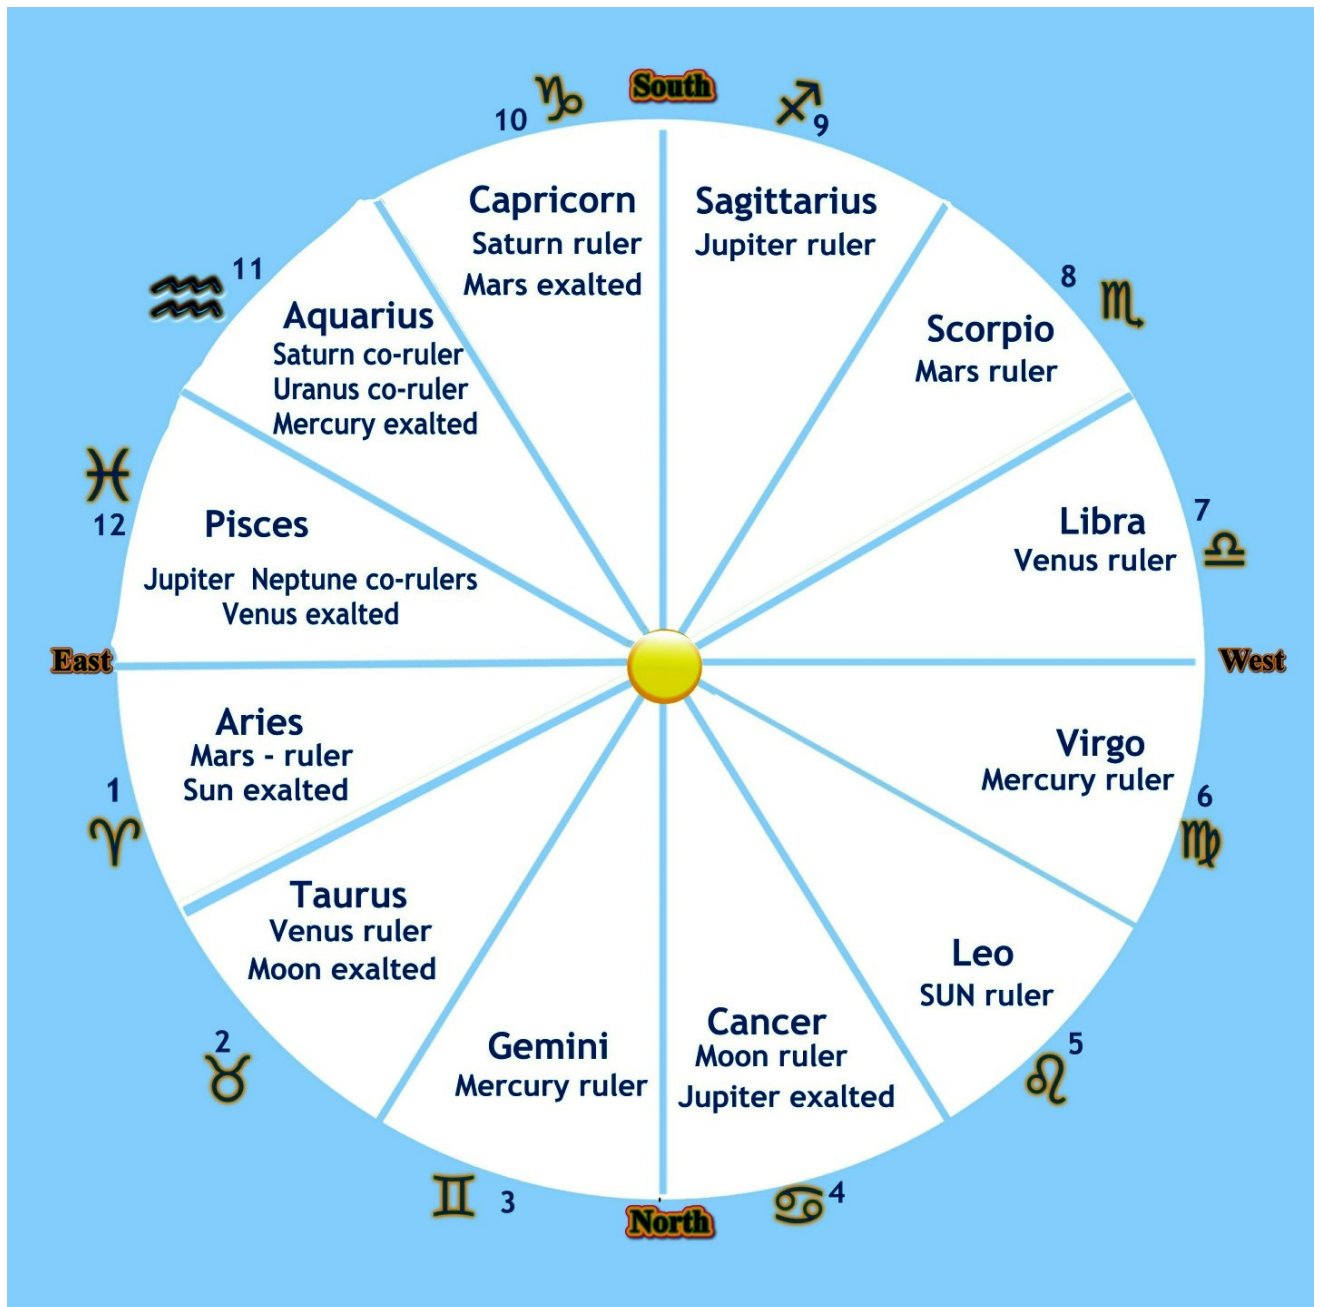

JOHN, THE MOST BELOVED DISCIPLE OF YESHUA

Who was the disciple Jesus loved most?

Yes, Yeshua/Jesus had his favorite beloved friend and disciple. The New Testament mentions this fact several times. His name was John, whom Leonardo painted representing the Constellation of Leo. Leo is ruled by the SUN. Yeshua/Jesus represents the SUN as he came from the SUN. If you study Leo's left hand and Yeshua's right hand, they have the same expression. Leo's mascot is the Lion. Yeshua was said to be from his mother's family line of King David, who was from the true tribe of Judah.

Leo , portraying John as the most loved by Jesus

**Signs, Rulers, Houses, Planetary placements, and
Exalted planets for each sign/house**

Heaven's Secret Kingdom

The Good News that was never part of the gospel

Taught to you in Church

What the Church has keep from you for over 2000 years

Why they would keep such information from the world

Why all religions are bogus and fake, while they mock

the real and positively natural Kingdom in our Heavens

Created at the foundation of the Galaxy by the Creator

Why they don't want you to know about their best kept secret

That of the Kingdom in Heaven and workings thereof.

From the words of Yeshua/Jesus in **Matthew 13:10-11**

When the disciples came and asked of Him, "Why do you speak to them in parables?" He answered them with....

"To you it has been given to know the secrets of the Kingdom of Heaven, but to them it has not been given."

Thomas (#83) Jesus said, "The images are manifest to man, but the light in them remains concealed in the image of the light of the father. He will become manifest, but his image will remain concealed by his light."

Remember Aaron's rod, a dry stick from an almond tree that leafed out and blossomed into beautiful blooms producing almonds over night?

So, who needs religion with such a Kingdom within the Heavens?

Mythical gods come and go, but the Kingdom of Heaven, which was set in motion at the beginning of Creation by an Eternal Spirit, known as the Father of the Anointed One, using immense energy gave birth to the Sun. At this birth, the Sun was given the system known as the Solar System to reign over and all that was contained within it. If we can't trust the energy and wisdom behind our incredible Solar System, how can we trust anything? Think about it.

The elect will understand and sense the influence from the 'Holy Spirit', which is everywhere present. Lift a rock, it is there, whether daytime or nighttime, it is always there. This Holy Ghost hears all our prayers instantly and summons the angels when we have need of them. This is all part of the Kingdom that abides in the Heavens and is the greatest gift to humankind that we could ever receive. Supporting any religion is because of fear. With this fear, souls are held in bondage. With Heaven's Kingdom, there is no need for fear.

THERE ARE SEVEN ARCHANGELS

SEVEN ARCHANGELS OF BIBLICAL HISTORY

**Michael, Raphael, Uriel, Raguel, Selaphiel,
Gabriel, and Barachiel**

According to Judeo-Christian biblical scripture, these are the seven archangels of ancient history. They are sometimes referred to as the Watchers because they guide and protect humans, tending to their prayers and needs.

Michael and Gabriel are the only two named in the canonical Bible. The others were removed in the 4th century when the books of the Bible were configured at the Council of Rome. ⁴

Image of bronze statue above by Williams:

Saint Michael The Archangel, Finest US Lost Wax Bronze Statue by Williams⁵

Yeshua said... book of Thomas # 50

"If they say to you, 'Where did you come from?' say to them, 'We came from the light, the place where the light came into being on its own accord and established itself and became manifest through their image.' If they say to you, 'is it you?' say, 'We are its children, we are the elect of the living father.' If they ask you, 'What is the sign of your father in you?', say to them, 'It is movement and repose.' "

What are the Seven Personal Stars?

He who holds the seven STARS in his hand are:

The planets, or 'personal stars' that effect us on a daily basis, are **Sun, Moon, Mercury, Venus, Mars, Jupiter, and Saturn**. The outer planets are Uranus and Neptune. These two planets have more of a wide range of authority, meaning they influence many nations at the same time.

These 7 are the seven lights on the menorah or candlestick. They are like a flashlight that lights our way on a dark night, Or gives us wisdom to pass through the valley of evil and danger. Think of the olive oil as the 'food' that fuels our desire for truth and to keep trekking on. Think of the flames of light as that truth, knowledge, wisdom that will light our way to see the Kingdom of Heaven.

These eight planets and Pluto, Earth's moon, and the Sun were not just a random toss into the air like a coin...heads or tails gamble. Each were arranged strategically at the precise distance from the Sun and distance to each other. Their placement, size and speed of rotation were all calculated by experience and wisdom. The mastermind behind it all is far beyond human understanding, but we can see the outcome is splendid and far superior to anything that power-thirsty humans could ever hope to achieve. If something has been in existence for millions and billions of years, we must know that the intelligence behind it all far exceeds man's craftiness and expertise.

The Creator used his zillion-dollar finger to etch upon tablets of stone, which he first lasered flat, forming a huge slab of writing surface, the Ten Commandments. They were to be eternal for mankind's own good to live a sensible and wholesome life. But what happened by the time Rome and the formable Clay came along? God's wisdom is thrown out and replaced for the cunning and craftiness of Paul, and later Constantine, and not the last anti-Christ's to make a permanent mark on humanity. Emperor Constantine saw something he considered a marvelous sign when looking into the Sun, but never reported it until a month later to a friend. After the story got around the Empire, it was bound to fall on ambitious ears. Rome seized upon the story to build power and control, not to mention, bring on merciless bloodshed and suffering of innocents. The 'feet and toes' of Nebuchadnezzar's statue, being the Iron mixed with Clay, began to be molded and shaped into a distorted type of religion

built on the unauthorized name of Yeshua/Jesus, meaning it was without Yeshua's permission. It grew into something quite unrecognizable by the time they were finished. Ask yourself this, why is what the Clay and Iron devised more important than what the Father Creator meant to be Eternal?

By the way, "I am that I am" is the SUN – Yeshua came to us as LIGHT from the Sun and is 'He who holds the SEVEN'. **The trinity is the three forms of Light: Ultraviolet light, Visible light, and Infrared light – all from the Sun** – all with purpose, much unknown still by mankind. He is the Sun – that is why the first commandment is to 'have no other Gods before me' - because there are no other Gods – the rest are merely made of Clay – nothing more than flower crowns. The ETs were not gods – they were created beings.

At Creation, the Sun was given rulership over the constellations, stars, planets, orbits of each, dominion, and patterns of each.

This is what Yeshua meant when he said he had sheep (on Earth as in Heaven), given to him by his father, which he came to teach and to introduce himself. The Anointed One is Yeshua, the Sun, the King and the savior of all humankind, as well as the savior of all that exists within our Solar System. Without the Sun all would cease to exist.

Climbing Jacob's Ladder

IT IS NOT ABOUT RELIGION

Religions were crafted to honor Extraterrestrials that came to Earth several thousand years ago, and were living in the areas of Africa, Mesopotamia, India, and other locations. Early Babylonians once considered these ETs to be gods, but they were not the Creator of the Universe, they were merely exceptionally advanced space travelers. They were here during the Great Age of Leo and stayed well into the Age of Cancer and perhaps into Age Gemini. It surely was not the first time they visited Earth; it is probable that ETs had visited our planet many times throughout many Eons of time. In fact, they once lived on Earth for much longer periods of time than has modern humans.

The religious practice of worshipping these 'ET gods', once they left Earth, began in Babylon long before King Nebuchadnezzar's, which prompted his statue dream. Daniel was the prophet who interpreted the dream for King Nebuchadnezzar.

During any Great Era, the pattern for each Great Age follows the Constellation and planetary rulers at which time the Earth's polar axis is positioned. These patterns were based on the Kingdom of Heaven and the planets that were ruling each Age. The error comes about when humans attach the heavenly events to mythical gods or space traveling 'gods', whom they served, revered and worshipped. Religions are formed and crafted to take a shape quite unnatural to the workings of Heaven's Kingdom. This is exactly why Nebuchadnezzar's statue of beastly kingdoms must come to an end. Replaced with knowledge of the true Kingdom of Heaven, which should be respected, acknowledged, and admired. Nobody ever said we must bow down and worship the workings of the heavens, but the Creator would like to be respected over and above that which man has crafted - namely religions that have never saved one single person from judgment day or their inevitable death.

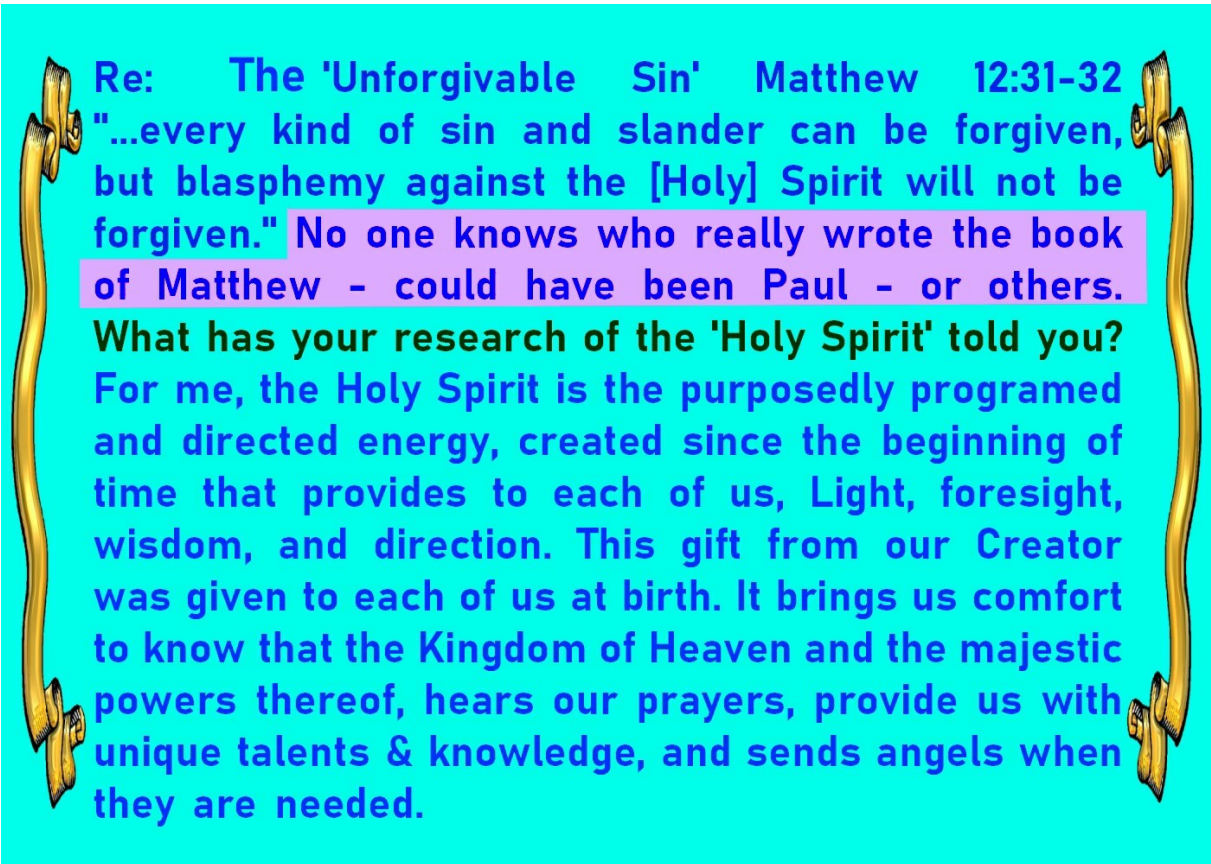

Thomas (#83) Jesus said, "The images are manifest to man, but the light in them remains concealed in the image of the light of the father. He will become manifest, but his image will remain concealed by his light."

Yeshua spoke in the book of Thomas # 17 and # 62, said the following:

“It is to those who are worthy of my mysteries that I tell my mysteries.”

“I shall give you what no eye has seen and what no ear has heard and what no hand has touched and what has never occurred to the human mind”.

It surely does not sound like a religion Yeshua was talking about when he was teaching his disciples. A religion coming out of Rome, hand-crafted by anti-Christ, such as Paul, Constantine, Justinian, and Charlemagne...the Holy Roman Empire, the Vatican, and her daughter churches. Religion is the furthest thing from the Kingdom of Heaven as one could get. Can you understand now why there may only be 144,000 that are eligible to be the 'bride' set aside for the bridegroom. Perhaps meaning that they become and make up a new Constellation that becomes part of the Sun's Solar System.

Re: The 'Unforgivable Sin' Matthew 12:31-32
"...every kind of sin and slander can be forgiven, but blasphemy against the [Holy] Spirit will not be forgiven." No one knows who really wrote the book of Matthew - could have been Paul - or others.

What has your research of the 'Holy Spirit' told you?
For me, the Holy Spirit is the supposedly programmed and directed energy, created since the beginning of time that provides to each of us, Light, foresight, wisdom, and direction. This gift from our Creator was given to each of us at birth. It brings us comfort to know that the Kingdom of Heaven and the majestic powers thereof, hears our prayers, provide us with unique talents & knowledge, and sends angels when they are needed.

NEBUCHADNEZZAR'S GIANT STATUE

*The **Head of Gold** is the Babylonian Empire, of which King Nebuchadnezzar was ruler in 626 BCE, but Babylonia existed long before Nebuchadnezzar.

*The **Arms & Chest of Silver** is the Medo-Persian Empire 539 BCE.

*The **Belly & Thighs of Brass** is the Grecian Empire of 500 BCE

*The **Legs of Iron** is the Roman Empire; one leg is the Eastern branch with Emperor Constantine 306-337 AD at Constantinople; the other leg is the Western branch of Rome from 100 BCE to 1453 AD.

* **Feet & Toes of Iron & Clay** mixed: The Iron is Rome, and the Clay is the Christian Church that was formed in the name of Jesus. This Church is referred to as 'the Harlot' in the biblical book of Revelation. Clay because the religion was crafted and molded to suit the ambitions of emperors, kings, and popes throughout the years. Rome made the religion mandatory all throughout western Europe and for a person not to abide by the wishes of the Church, it was hell on Earth for them. Those who did not follow the commands of the church suffered cruel torture and eventual death. These genocidal victims numbered in the thousands, if not millions. This ruthless religion was still hanging people by the neck until dead in the early years of America, as well as in England.

Napoleon Bonaparte put an end to the 'Holy Roman Empire' in 1806 AD. The Church today still has several daughter off-shoots and branches with various changes made to the mother religion. So, did Napoleon destroy this statue completely in its entirety? Surely not, but it is waning a great deal.

A stone that falls from the sky and grows to become a mighty mountain is prophesied to break apart and destroy that which the giant statue represents. This would mean that all religions, which have endured from the time of Ancient Babylon to the present time, will cease to exist when this 'stone' cascades from the sky. Let the rock fall where it may. This will be the time when the Kingdom of Heaven prevails above all religions!

Remember young David who slew the giant with just a sling shot and a stone?

This giant statue represents religions and false gods from ancient times to more modern history that is prophesied in the biblical book of Daniel. King Nebuchadnezzar had the dream and Daniel interpreted the dream for him.

King Nebuchadnezzar's Dream of a giant statue

- *Head of Gold
- *Arms & Chest
of Silver
- *Belly & Thighs
of Brass
- *Legs of Iron
- *Feet & Toes
of Iron & Clay

WHAT, OR WHO, IS THE HOLY GHOST?

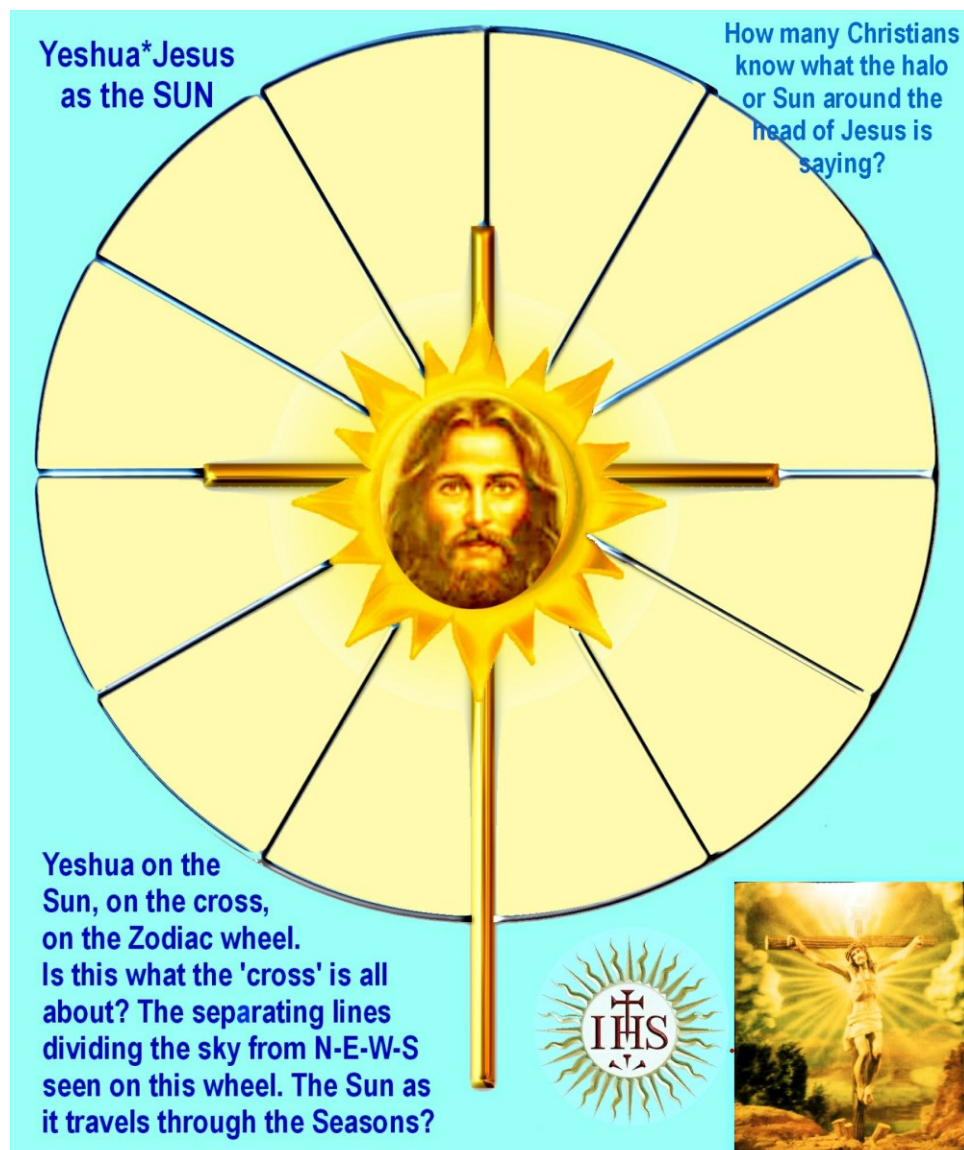

We can forget the Who, as the Holy Ghost is a SPIRIT, not a man, not a mythical god or ET (Extraterrestrial). The Holy Ghost's identity cannot be seen with human eyes. We must realize that the Holy Ghost is the Spirit that hears and answers our prayers. This Spirit is omnipresent, which means everywhere, at all places, at the same time, for all time. This powerful energy is what Yeshua referred to as his father in Heaven. Its range is universal to all peoples, regardless of race, creed, culture, nationality, religion, gender, or age. The Holy Ghost does not discriminate, just as gravity does not discriminate, just as the air we breathe is available and free to all living creatures everywhere – or should be. The Holy Ghost, or as I prefer...the Great Spirit, is invisible and that is why it was referred to as a 'ghost'. It is SPIRIT energy. The Holy Spirit is the energy that set-in motion the entire SOLar System, which was given to his only begotten Son, our only Sun and savior of the world.

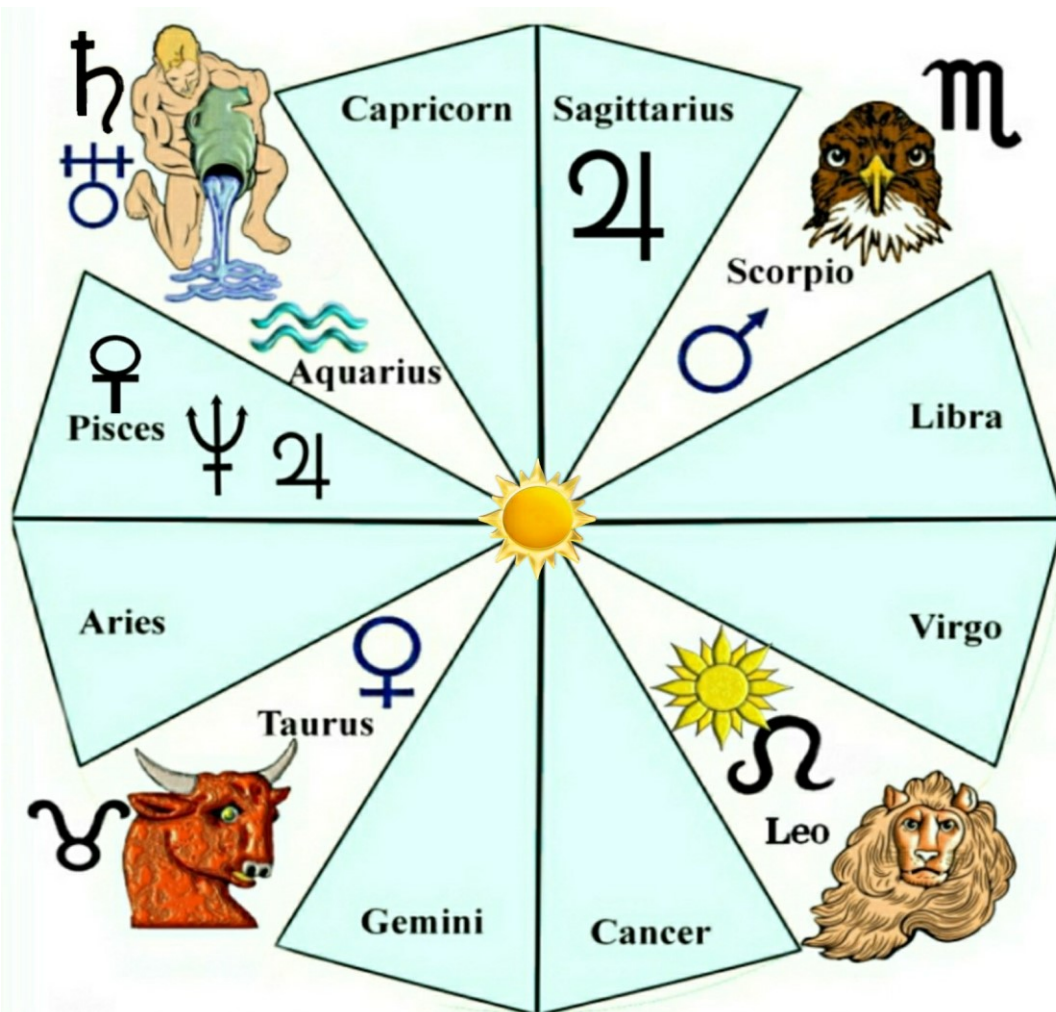

Just as the Moon regulates the cycles of women, the planting, and growing crops all over the world, and much to do with Earth's weather patterns; each of the seven personal 'stars' have their specific role with talents and patterns. It is a combined influence of each, but none as great as the SUN's role in providing us with life everlasting. Our Solar System is uniquely created. The Great Spirit assists our developing souls in ways the human mind is unable to fathom, but quite necessary for the progression of our souls, as we climb the ladder to reach our highest potential. For this reason, Yeshua said that to blaspheme or deny (the existence of) the Holy Ghost is an unforgivable sin.

The elect will understand and sense the influence from the Holy Ghost, which is everywhere present, and is the greatest gift to humanity that we could ever receive.

“The Sun, which is as a bridegroom coming out of his chamber” Psalms Nineteen

Please do not visualize the face of a man when thinking of the Anointed One, as that is not the face of the bridegroom. That is the face Rome has programmed you to see, and it is hard not to see that face when visualizing the Anointed One, but they used the same likeness to portray Zeus. Think instead of LIGHT, COLOR, and ENERGY or Nature itself, as the Sun gives life to nature as well. Alas, I just now realize why I could not remember what Yeshua's face looked like in my dream! Remembered every detail the next morning, except his face! It was because Yeshua was light and energy, not a human, not a man, but more like a hologram resembling a human while in my presence. Because I was human, he portrayed himself as a human figure. Once when he was visiting Moses, he appeared in a burning bush. A hologram is created with the Electro-Magnetic energies, of which he holds in his hands.

Ezekiel 1:10

“As for the likeness of their faces, there was the face of a man; the face of a lion on the right side, and the four had the face of an ox on the left side, the four also had the face of an eagle.”

EZEKIEL'S VISION

This ancient Zodiac Wheel corresponds to Ezekiel's vision of a wheel within a wheel that displayed four creatures. The 'inner wheel' belongs to the SUN as the signs and planets are under the authority of the Creator. The SUN is always the centerpiece of life and wisdom in our Solar System. Ezekiel saw a MAN's face – this is the sign of Aquarius, an Air sign; a LION', which is the sign of Leo, a Fire sign; an OX, this is the sign of Taurus, which is an Earth sign; an Eagle, which is the sign of Scorpio (also a Scorpion), is a Water sign.

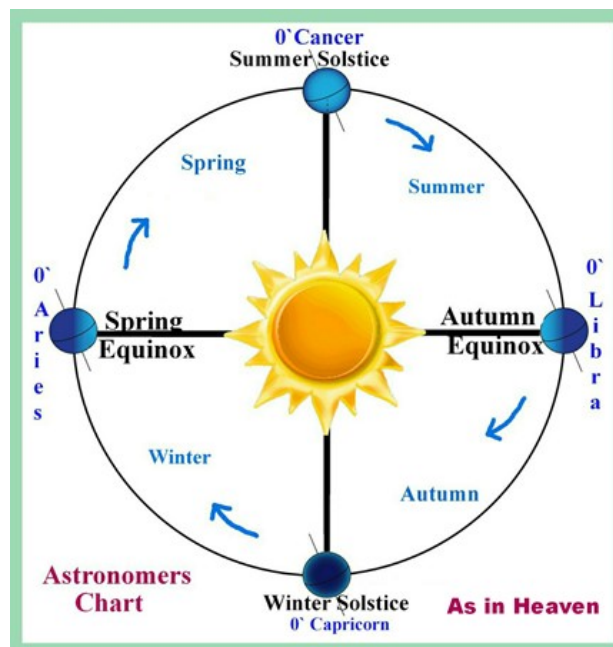

These four 'creatures' represent the four elements of the Zodiac – listed in order as described:
Air, Fire, Earth, and Water.

The four also represent the Four Seasons:
Winter = 0° Capricorn – the bottom of the cross
Summer = 0° Cancer – the top of the cross
Spring = 0° Aries – left arm of cross
Autumn = 0° Libra – right arm of cross

The two charts pictured show how the seasons look **on Earth** (center) to Astrologers when creating a personal chart; and to Astronomers (bottom) as they look up into the sky. On Earth as in **Heaven**.

That above is reflected below. Notice the direction of the arrows are in reverse.

THE THRONE IN HEAVEN

Rev 4:1 After this I looked, and behold, a door was opened in heaven: and the first voice which I heard was as it were of a trumpet talking with me, which said, Come up hither, and I will shew thee things which must be hereafter.

Rev 4:2 And immediately I was in the spirit: and behold, a throne was set in heaven, and one sat on the throne.

Rev 4:3 And he that sat was to look upon like a jasper and a sardine stone: and there was a rainbow round about the throne, in sight like unto an emerald.

Rev 4:4 And round about the throne were four and twenty seats: and upon the seats I saw four and twenty elders sitting, clothed in white raiment; and they had on their head's crowns of gold.

Rev 4:5 And out of the throne proceeded lightnings and thunderings and voices: and there were seven lamps of fire burning before the throne, which are the seven Spirits of God.

Rev 4:6 And before the throne there was a sea of glass like unto crystal: and in the midst of the throne, and round about the throne, were four beasts full of eyes before and behind.

Rev 4:7 And the first beast was like a lion, and the second beast like a calf, and the third beast had a face as a man, and the fourth beast was like a flying eagle.

Rev 4:8 And the four beasts had each of them six wings about him; and they were full of eyes within: and they rest not day and night, saying, Holy, holy, holy, Lord God Almighty, which was, and is, and is to come.

Rev 4:9 And when those beasts give glory and honor and thanks to him that sat on the throne, who liveth for ever and ever,

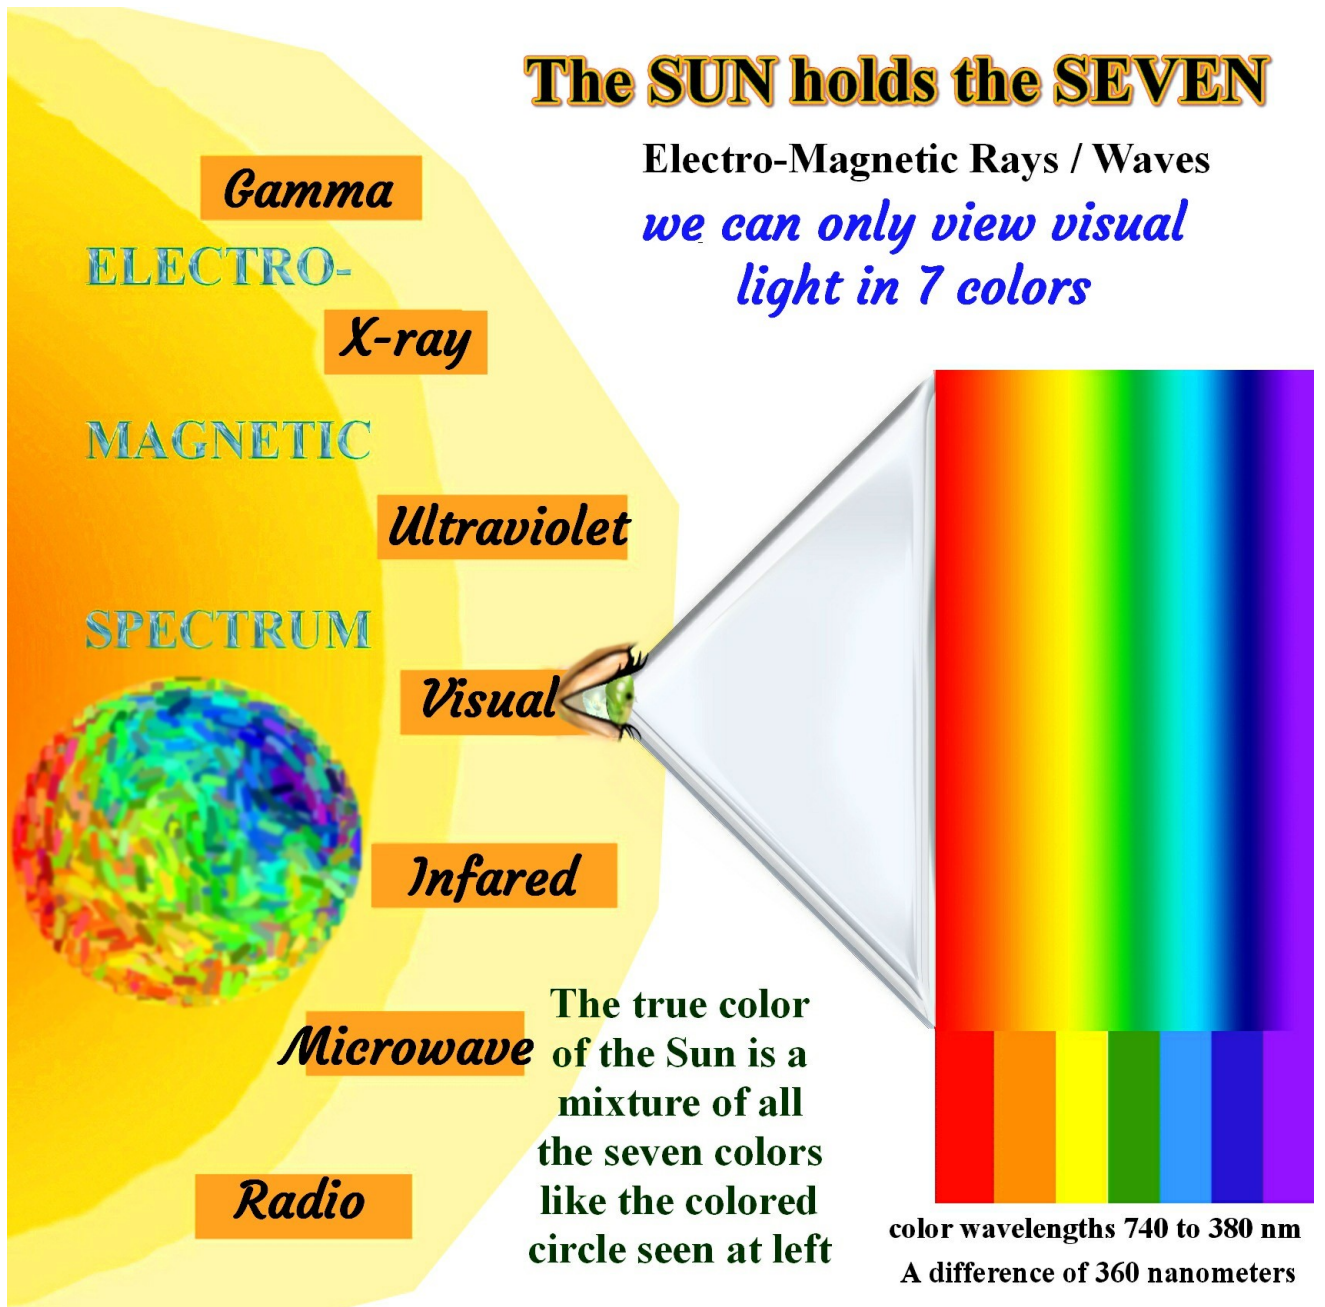

Rev 4:10 The four and twenty elders fall down before him that sat on the throne, and worship him that liveth for ever and ever, and cast their crowns before the throne, saying,

Rev 4:11 Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created.

Note: The six wings are the six Gt. Ages, in which humankind is tested, trained, put through life's experiences. This to advance their souls reaching their greatest potential.

The SUN holds the SEVEN

Electro-Magnetic Rays / Waves
*we can only view visual
light in 7 colors*

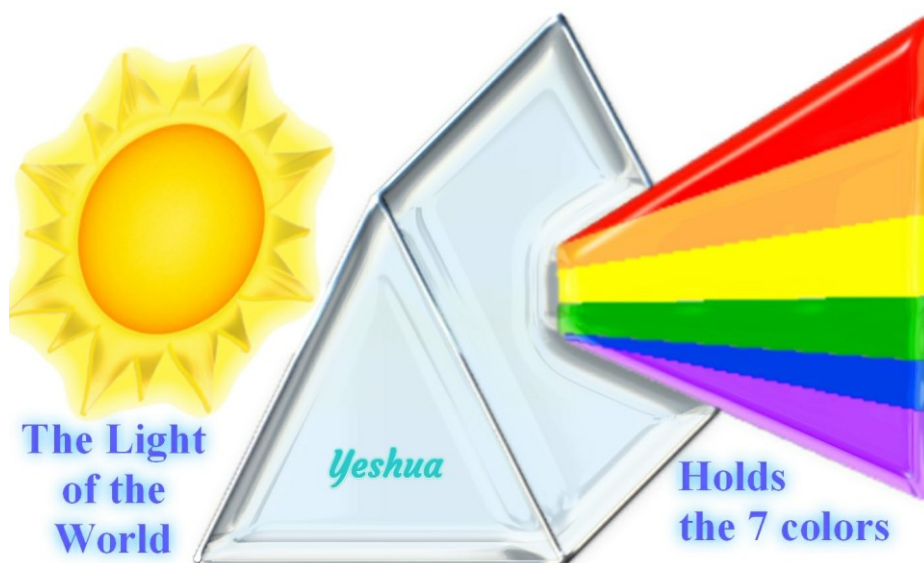

THE SUN HOLDS THE SEVEN

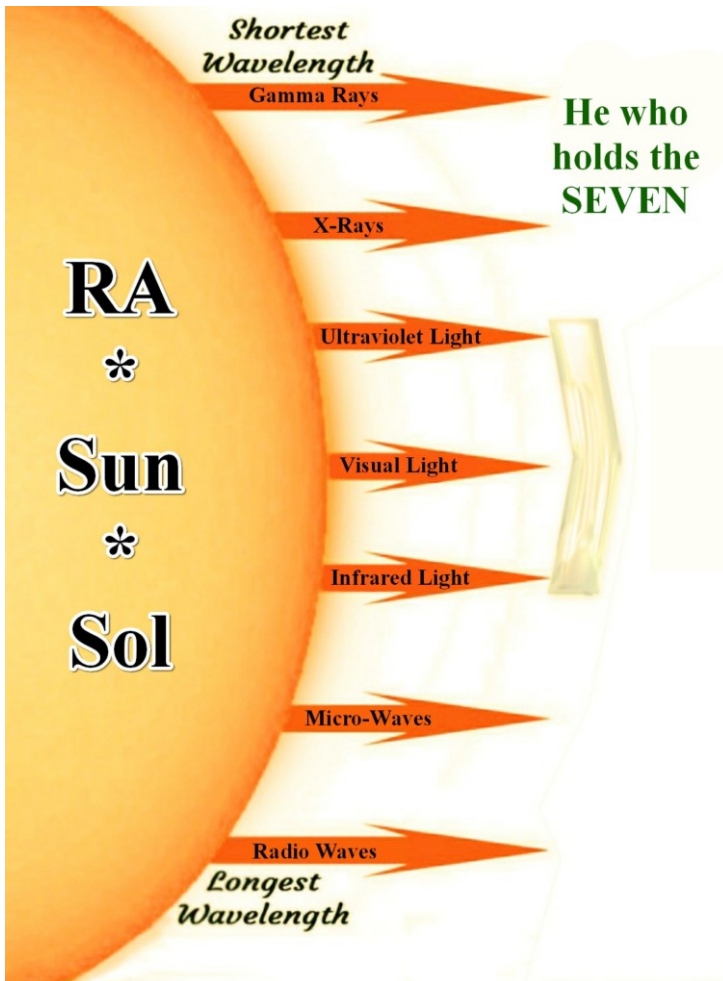

There are seven known Electromagnetic waves of energy that comes from the Sun. They range from shortest waves, called Gamma Waves, to longest waves - Radio Waves. The human eye can only detect the smallest amount of this spectrum and that is Visible Light. **Yeshua is my prism in which to see light and truth.** Think of him as your prism to view beyond the veil of secrecy.

These Seven are what was meant when Yeshua said that he alone was 'the one who holds the seven'. He also said he was the bright and morning Star, and the Sun is our only Star, and YES, he would know the difference between a star and a planet as he was/is in ownership of the Solar System.

Not only does each light on the candlestick or Menorah represent one of the seven colors seen with Visual Light, but the lights also represent the seven Electromagnetic Rays/waves seen in the image on page 45. In addition, there are seven Great Ages; we are currently in the seventh, the Age of Aquarius i.e., the Great Sabbath.

Opposite Aquarius is Leo, ruled by the Sun. This should tell us, if we are educated in Astrology, that our weekly sabbath is Sunday – not Saturday. Saturday honors Saturn, not the Sun. The Seven personal 'planets' are: Sun, Mercury, Venus, Moon, Mars, Jupiter, and Saturn. Uranus and Neptune are planets that govern entire nations, Pluto is not classified as a planet at this time. There are seven spirits, seven angels, seven days a week, seven 'days' of creation, seven Ages, seven $\times 360 = 2520$, the number of years that the Kingdom of Israel remained undivided. Israel was reunited once again in 1603 CE with King James of Scotland & England.

The Anointed One is the prism that refracts the Light so we can see his wisdom as it enters our souls. He holds the seven colors that we visually see with our physical eyes. Yeshua is both Wisdom and Light. To see the true Light that has many colors, we must first see it through the Prism of our souls. Thusly is the 3 in one – the 3 light waves, ultraviolet light, visual light and infrared light.

Perhaps he is Visible Light that comes from the SUN

From the words of Yashua himself - the book of Thomas # 77 # 82

Yashua said,

"It is I who am the light which is above them all. It is I who am the all. From me did the all come forth, and unto me did they all extend. Split a piece of wood and I am there. Lift up the stone and you will find me there."

Again Yashua spoke:

"He who is near me is near the fire, and he who is far from me is far from the Kingdom."

It appears that Jesus/Yashua is saying that he comes from the SUN... The SUN is Light, the SUN is a hot fire. The SUN's light is seen when lifting a rock, or when splitting a piece of wood.

Perhaps he is Visible Light that comes from the SUN

The Disciples asked of Yeshua:

“...When will the Kingdom of Heaven come?” He answered them by saying:

“It will not come by waiting for it. It will not be a matter of saying here it is...or there it is. Rather, the Kingdom of the Father is spread out upon the Earth, and men do not see it.” “Blessed are the solitary and elect, for you will find the Kingdom. For you are from it, and to it you will return.”

The Great Age of Pisces officially ended on December 21, 2020. However, there was an overlap of about 100 years beginning in the early 1900's when Pisces and Aquarius were both experienced. Events such as the Wright Brothers setting in motion the initial stages of flight; Edison and Tesla working with electrical inventions; the introduction of telephones and automobiles are all Aquarian in nature. The overlap had begun in 1900.

Definition of the Great Ages:

The Great Ages are based on the procession of the equinoxes and the retrograde vibration of the earth's axis through the closest twelve constellations that form a circle around the Earth along the ecliptic. This retrograde, or seemingly backward motion, according to astronomers, takes c. 25,920 years to complete (360 x 72 degrees), which amounts to c.2160 years per Great Age.

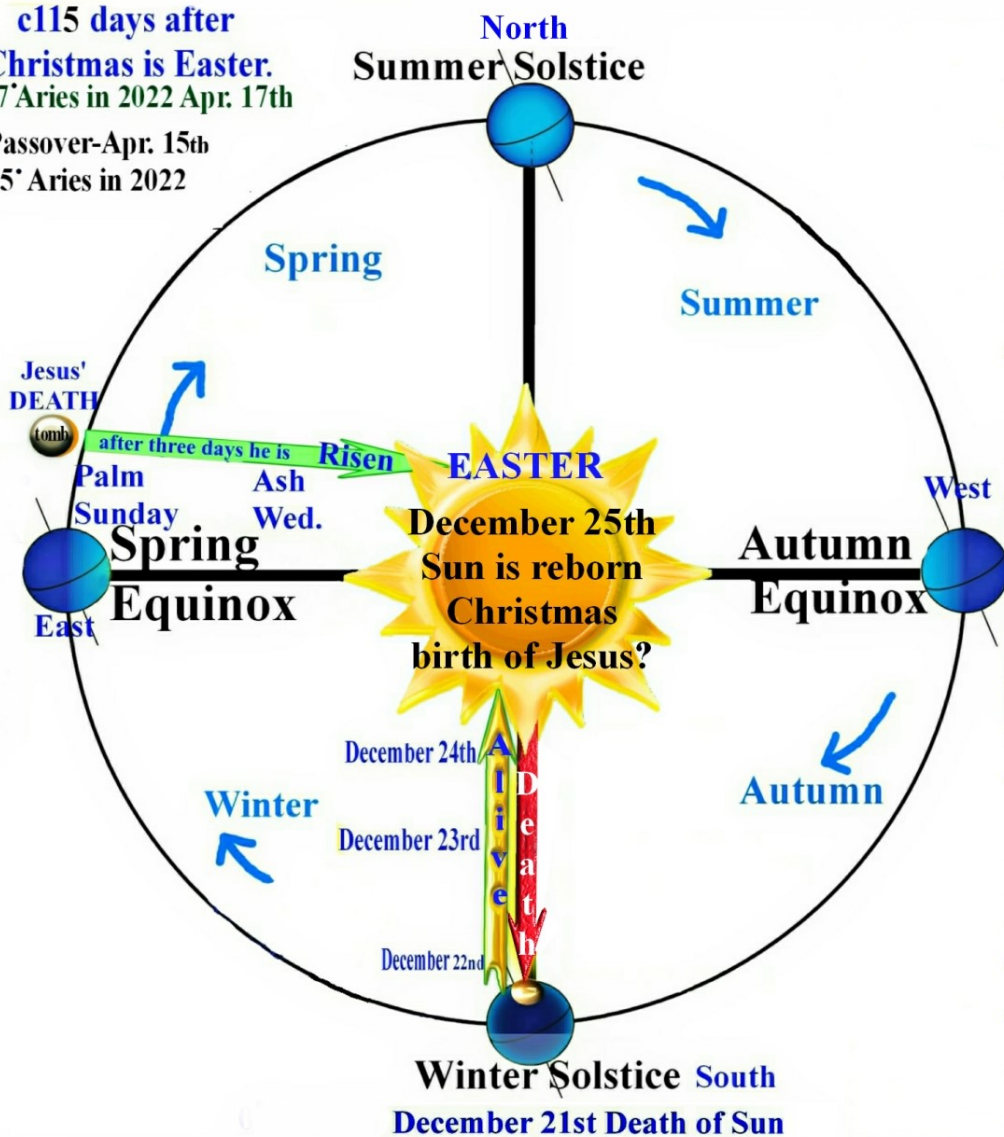

However, I use 360 x 70 for a total of 25,200 years for the entire 360° time around the Zodiac, making each Great Age c. 2100 years. Constellations are of different sizes so each Age will vary in duration.

(50) Yeshua said, "If they say to you, 'Where did you come from?', say to them, 'We came from the light, the place where the light came into being on its own accord and established itself and became manifest through their image.' If they say to you, 'Is it you?', say, 'We are its children, we are the elect of the living father.' If they ask you, 'What is the sign of your father in you?', say to them, 'It is movement and repose (rest).'"

How the Church calculates Christmas and Easter

To learn the true birth date of Jesus / Yeshua, see Virgo - on pages 64-66
The Sun appears to have died as it reaches the peak of winter solstice, which is December 21st. After 3 months, on Easter Sunday, the Sun rises from the 'dead'. This is the nature of the Sun as it does what it has always done since creation. This has nothing to do with a man who lived and died – unless that man is actually the SUN. Albeit, it is not the birthdate of the man named Yeshua / Jesus, who came from the Sun and is the Savior of all creation.

c115 days after
Christmas is Easter.
27° Aries in 2022 Apr. 17th
Passover-Apr. 15th
25° Aries in 2022

On the winter Solstice, the SUN is at most Southern point on the Earth, appearing to be dead. On the Spring Equinox, the SUN rises to the Northern Hemispheres with renewed life, this after three months of 'death' as far as the Northern Hemisphere was concerned. The SUN 'dead' for 3 months, coming to life on Easter.

The celebration of Spring comes when the Sun reaches 0° Aries and is always a welcomed time of the year. It is the yearly season of the Earth when the Sun brings to life the promise of plant growth, birds singing and pretty flowers putting on their best attire to welcome the SUN on its return to the renewal of life. Of course, over the Ages this glorious occasion has been stolen to honor imaginary gods, as if they brought on the season of renewal and warmth. In the Age of Taurus, it was Venus / Isis, in the Age of Aries, it was Mars / Yahweh, in the Age of Pisces, it was Jupiter / Zeus. Why? It's because of man-crafted religions honoring gods and planets rather than the Creator and Savior of life. The trees, birds, plants and flowers all recognize this fact but mankind was told that various gods are their only savior that they will ever need. Man-made crafted religions are an abomination unto the Creator /SUN. All the Creator asks is for us to recognize and know the Light, not for our worship, but merely to know and understand that religions are not real, they cannot save anyone. They are like a flower crown that will fade away, wither up and die. Desire instead a golden shining crown from the Creator, which will never wither away and die. We will tell you how to get that golden crown of Light.

HEAVEN'S SECRET KINGDOM

What the Church has kept from you for over 2000 years...
Why they would keep such information from the world...
Why all religions are bogus and keep hidden the truth...
While they mock the true and natural Kingdom in the Heavens...
Why they don't want you to know about their best kept secret...
That the Kingdom in Heaven is the Kingdom of the Creator...
And the Kingdom of Heaven will replace all religions the world over...
No more religions, mean no more needless wars...
No more hatred, bloodshed, and senseless loss of lives...
When the only 'religion' will be that of the Kingdom of Heaven !!!

How is Easter determined?

It starts with both the Sun's Spring Equinox, and the next Full Moon after the Spring Equinox. This equinox occurs when the Sun is at 0° Aries, or between the dates of March 19th to March 21st. Easter will be the Sunday following the first full Moon after the Spring Equinox. If the full Moon falls on Sunday, Easter will be the following Sunday. So, Easter can fall anytime between March 22 and April 25 (since 1753 ce).

How is Passover determined?

The Jewish calendar year begins in September-October based on the Lunar calendar. The Lunar calendar uses twelve lunar months of 29-30 days, the new Moon marks the beginning of each month, with the full Moon occurring halfway through each month. The seventh month in this calendar is Nisan (Abib). Passover is celebrated on the 14th day of Nisan at the time of the full Moon.

For the year 2022, Easter is April 17th and Passover is on April 16th.

Yeshua said: Thomas # 62 # 17

"It is to those who are worthy of my mysteries that I tell my mysteries."

"I shall give you what no eye has seen and what no ear has heard and what no hand has touched and what has never occurred to the human mind."

CHART 24 – EVENTS, PEOPLE OF THE AGES

While not complete in any sense of the word, the chart on the next page shows the Great Ages and some of the symbolic elements under their rulership. When reading one Great Age, the sign directly across from it bears just as much importance. These two signs complement each other. The pairs are color-coded with key words added to show what each sign represents. This is only just a fraction of the working elements of each sign and constellation. (There are hundreds of websites that can give you a complete line-up of astrological meanings and how they rule.) The Kingdom of Heaven' was created for the benefit of humanity. The use of Astrology is merely like using a flashlight to light the pathway of life. A natal chart can tell a person what talents they were given at birth, and where, or in what field, they will excel in life. Great Ages Time Period:

Dates approximate, including overlaps:

Leo = 12, 600 – 8500 BCE

Cancer = 8500 – 6400 BCE

Gemini = 6400 – 4300 BCE

Taurus = 4300 – 2200 BCE

Aries = 2200 – 100 BCE

Pisces = 100 BCE – 2020 CE

Aquarius = 1900 CE – 4100 CE

By the way, **I am that I am is the SUN** - Jesus came to us as LIGHT and is 'He who holds the SEVEN'. He is the SUN - that's why the 1st commandment is 'Have no other Gods before me', and that is because there are no other Gods - the rest are merely made of Clay.

The Great Ages and their complimentary signs (color coded)

We are here

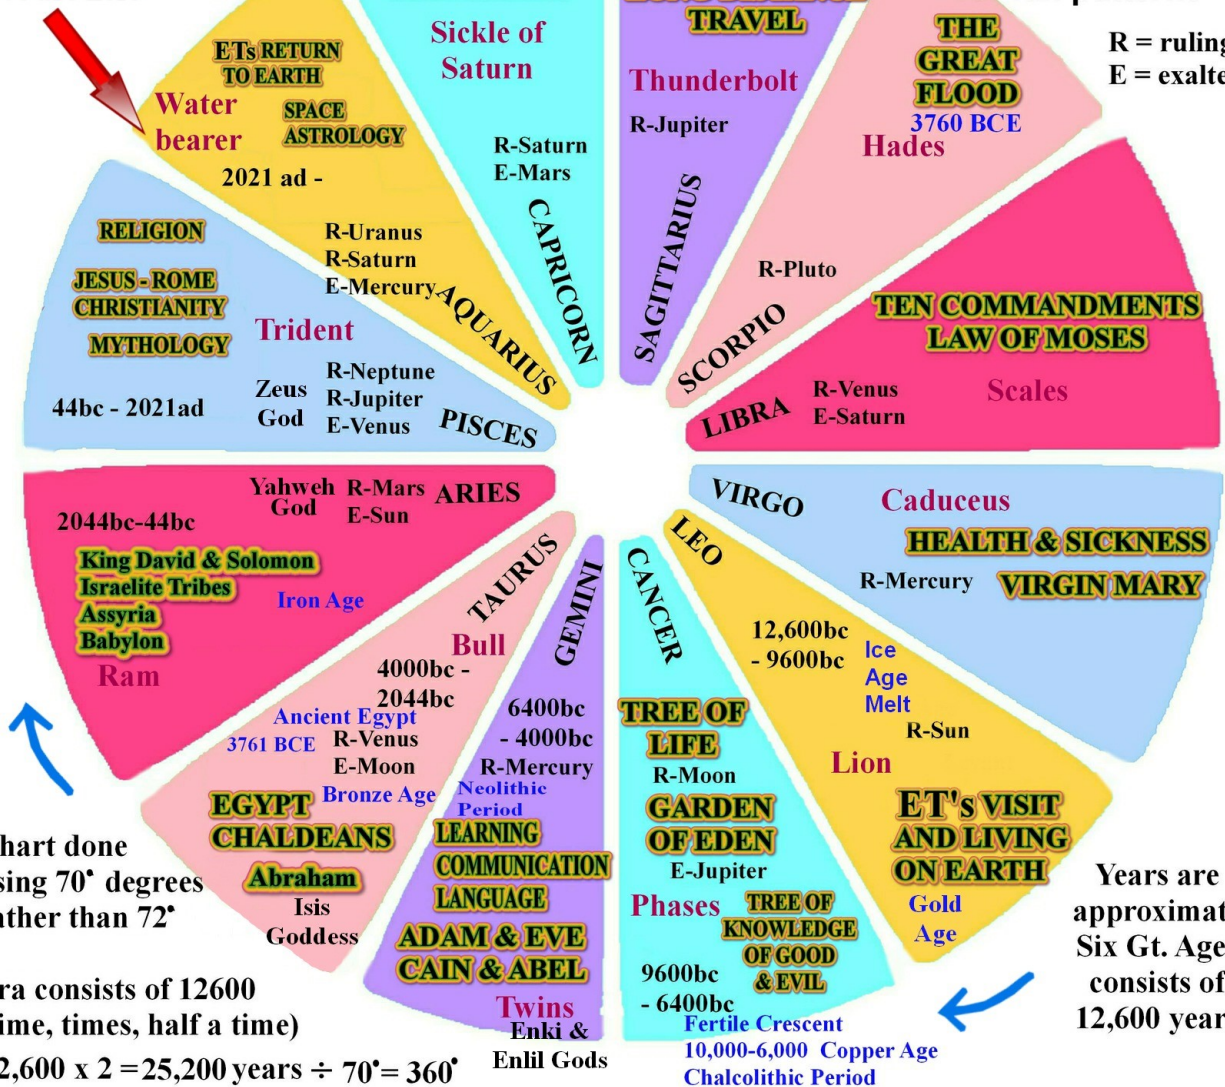

CHART 24

OLDEST CIVILIZATIONS IN THE WORLD

140,000 - San Peoples - Southern African countries

50,000 - Aboriginal Australians - Australia

150,000-50,000 - Missing Link occurred sometime in this period

7500 - Catalhoyuk peoples - location of modern-day Turkey

7200 - 'Ain Ghazal civilization- modern-day Amman & Jordan

7000 - Jiahu peoples - Henan, China

6500 - Mesopotamian civilization - modern-day Iraq

4000 - Norte Chico civilization - Peru

3300 - Indus Valley Civilization - modern-day Pakistan

3150 - Ancient Egyptians - Nile River Valley of Egypt

2400 - Addadian Empire - Mesopotamia, Levant area

Age of Leo = 10600 bce - 8500 bce

Age of Gemini = 6400 bce - 4300 bce

Age of Taurus = 4300 bce - 2200 bce

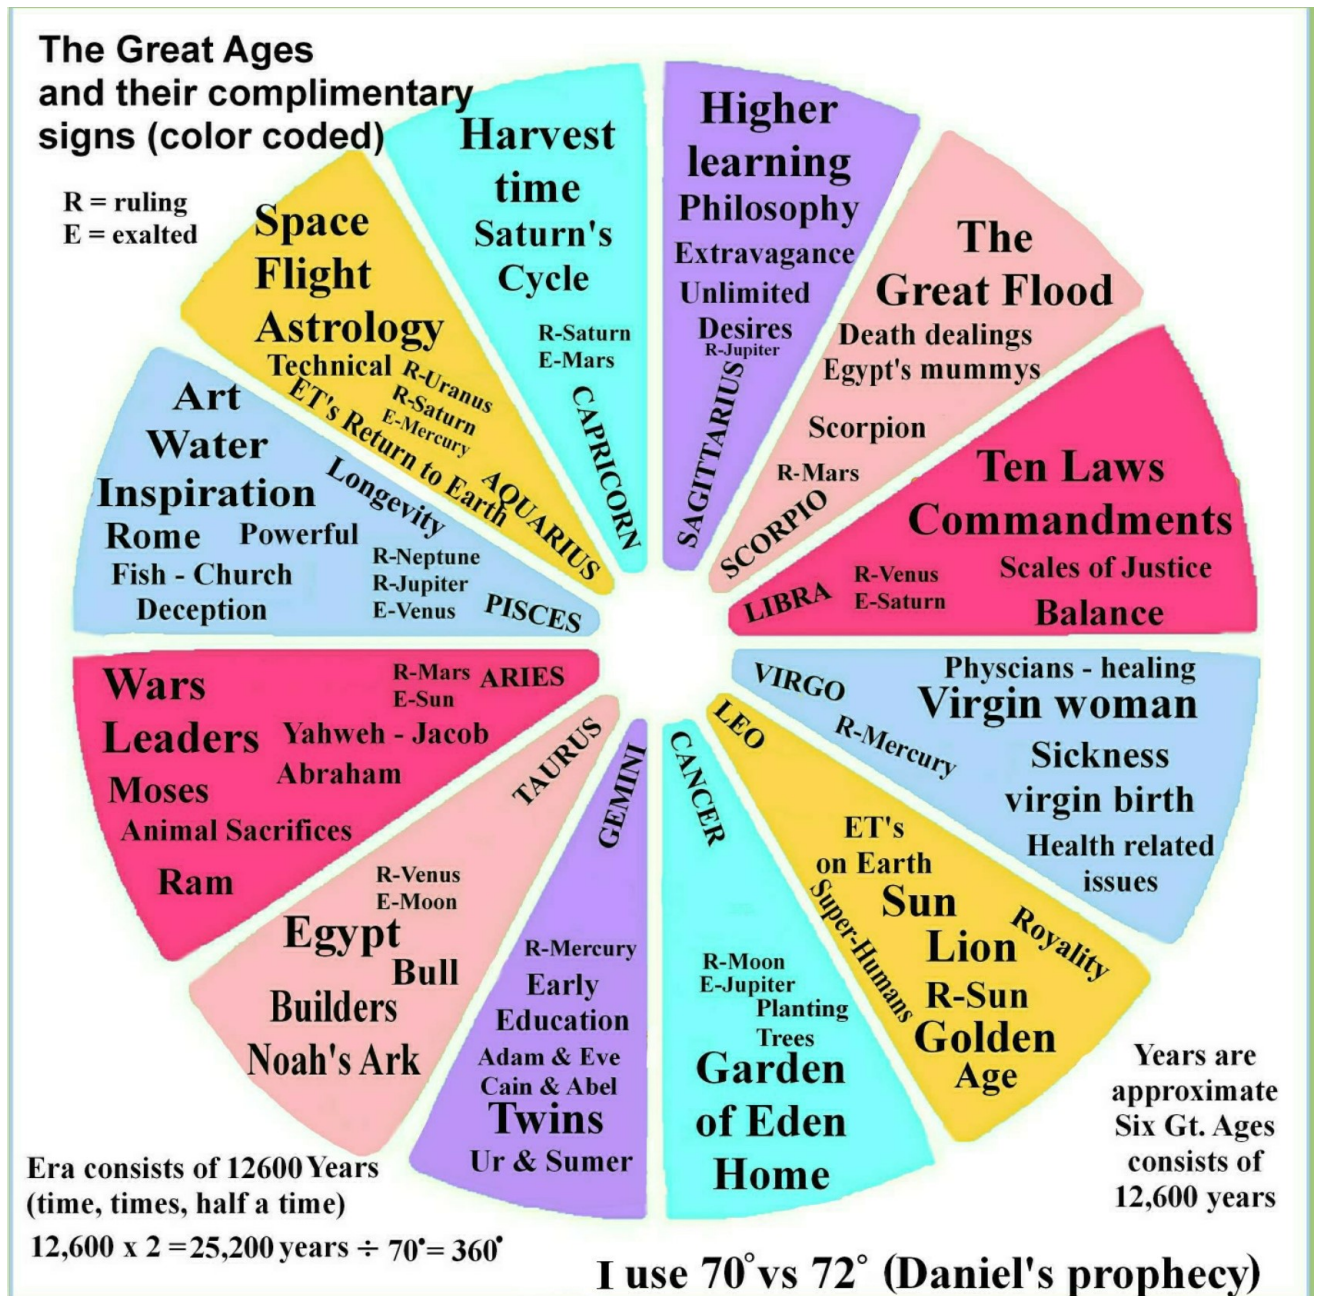

Age of Aries = 2200 bce - 100 bce

Age of Pisces = 100 bce - 2000 ce

Age of Aquarius = 2000 ce - 4100 ce

**Note: Years based on perfect 360 days/year not 365.25/yr
therefore, they are approximate**

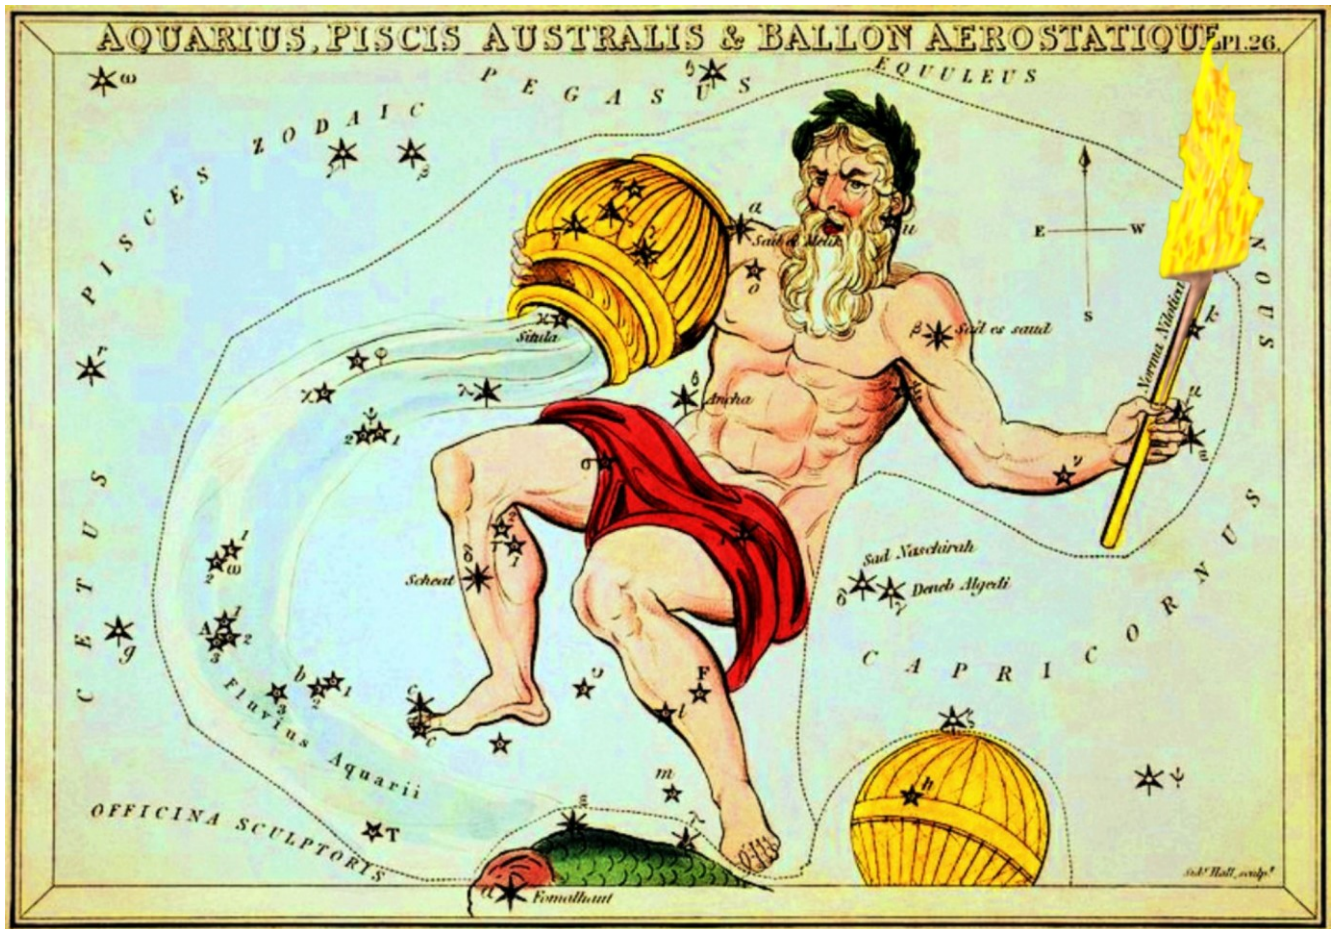

CHART 25

Upper Room is above the ecliptic - this is when the next 'Passing Over' will occur

This is the constellation of Aquarius. The fish in upper left is a portion of the constellation of Pisces. Found an interesting message gleaned from the biblical book of Mark, chapter 14: The first day of unleavened bread, when they killed the Passover (lamb), Yeshua's disciples said to him, "Where do you wish us to go to prepare a place for the Passover feast?" Yeshua said to them, **"Go into the city and there you will meet a man holding a pitcher of water, follow him. He will take you to the house and will show you the upper room where I shall eat the Passover meal with my disciples."** At the Passover feast, Yeshua and his disciples were drinking wine, when he said to them, **"I will drink no more of the fruit of the vine, until that day when I drink it new in the Kingdom of God."** This is the Age of Aquarius when the Leo SUN is made King! Thy Kingdom come – Thy will be done on Earth as it is in Heaven. At what point He comes in Aquarius is not known.

CONSTELLATION OF AQUARIUS

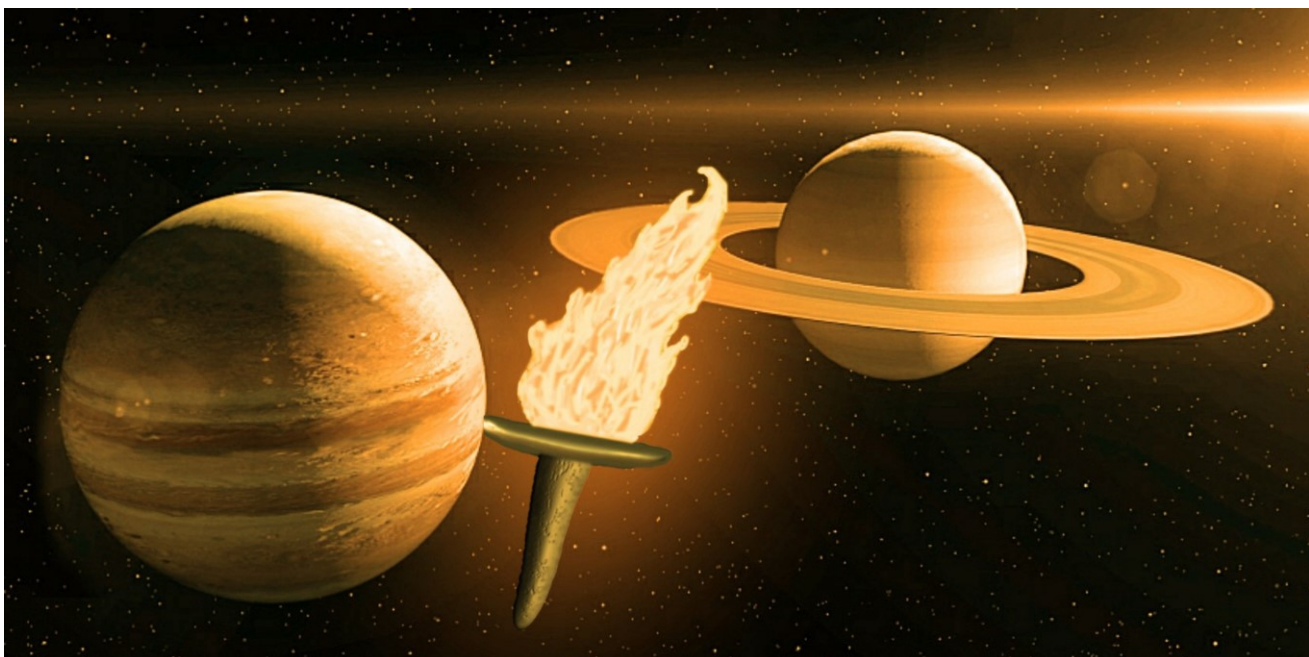

CONJUNCTION OF JUPITER AND SATURN.

On December 21, 2020, the Torch passed from one Great Age (Pisces) to the next Great Age (Aquarius). The image on page 57 is of the Constellation of **Aquarius**. From the Dark Waters of Pisces to the sudden impact of Aquarius' Heavenly Air. The image below shows the Conjunction of Jupiter and Saturn.

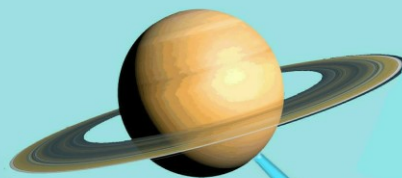

In the year 7 BCE, there was a conjunction of Jupiter & Saturn in the water sign of Pisces. That was c.2027 years ago, which announced the Great Age of **Pisces**. Ending the Age of Aries. Gone was the Age of Aries and rulership of Mars and Yahweh, indicating that the overlap had also been completed. The Age of Pisces had arrived, ushering in the rule of planet Jupiter, whose 'god' was the Roman Zeus. Some believe this conjunction was the announcement of Jesus / Yeshua's birth. If they would have looked directly across the 'wheel' they would have seen 3° Virgo, which was the birth date of Yeshua / Jesus.

*Perhaps this latest conjunction
is announcing the arrival of the
King as he's soon to be coming!*

**The alignment of
Jupiter & Saturn,
as seen from the
Earth on
December 21, 2020,
formed a conjunction.
This conjunction occurred when
Sun was at 0° Capricorn, the
Winter Solstice; Jupiter and
Saturn were both in the sign of
Aquarius.**

Two Planets ruled the Great Age of Pisces

Jupiter and Neptune

44 BC to 2020 AD

Each planet had representatives for the Piscean Age

Jupiter: Julius Caesar & 'son', Octavian Augustus

Neptune: Jesus and Virgin Mary

ROME was the location that reflected JUPITER - Zeus

CHRISTIANITY reflected the pattern of NEPTUNE - Jesus/12 Apostles/12th house

Representative of Pisces- FISH-FISHES, TRIDENT

Exalted Venus -VIRGIN MARY - Fallen Mercury - Mary Magdalene

Note: Name 'Jesus' in the Greek language and spelling, name 'Yeshua' or 'Yashua' in Hebrew language

Although the Great Age of Pisces has been replaced by the new Age of Aquarius, it is important to inform folks as to what actually occurred throughout the Great Age of Pisces. This will cover the years from Julius Ceasar to c.1900 CE and the dawning of the Great Age of Aquarian overlap. So let's go back in time to catch up. A good foundation is always best.

Neptune, god of the Sea of Pisces, aka Posidon with trident in hand. Man with pitcher of water represents Aquarius

The name 'Pisces' means FISH. Co-rulers of Pisces are planets Jupiter and Neptune. Jupiter has been recognized for thousands of years, whereas Neptune was first seen by Galileo, but first officially announced in 1846 CE. Fish was an important icon and recognized symbol for the Christian Church. Jesus said he would make his disciples 'Fishers of men'. There was Peter's fishing net containing 153 fishes and remember the practice of eating fish on Friday – the only meat permitted for Catholics for lasting hundreds of years? At one time or the other, we have all seen the cars with a fish sticker on the back bumper. Pisces is a water sign and by Yeshua / Jesus walking across the waters of the stormy seas, was telling us that his name would prevail all throughout the entire dark and stormy Great Age of Pisces, a water sign. Was it intentional that so many Astrological elements came into play all through the Great Age of Pisces?

Rome represented Jupiter during the Great Age of Pisces, beginning with the birth of Julius Caesar and the Roman Empire. They portrayed the pattern of Jupiter quite well in fact. Zeus, the god of Jupiter, represented Rome. Pisces' co-ruler, Neptune, came to represent the church and religion of Rome. Together these two planets ruled the entire Great Age of Pisces right up until December of 2020. The overlap began in 1900 CE of the two Ages and ended at the end of 2020. The Age of Aquarius had begun.

Just as Yahweh, ruled by planet Mars, ended the Great Age of Aries officially by 7 BC, the overlap had been in effect since 100 BC when Julius Caesar was born. The occurrence of Caesar's Comet streaking across the skies of Rome during the funeral festivities for Julius Caesar in 44 BC, put Rome squarely in the Pisces Age.

"Caesar's Comet" was a 7-day spectacular event seen in July of 44 BCE. Romans saw this as a sign of the deification of Caesar. At the time, it was the most famous comet of antiquity. Many today think that comet was the 'star of Bethlehem'. But the year was wrong – too early unless it was the announcement of Jupiter's Roman rule. As mentioned before, there was an astronomical event in the year 7 BCE, which may have been the star seen by shepherds indicating that Jesus / Yeshua was born, but 7 BCE was a bit early for his birth. It was the conjunction of two planets, Jupiter, and Saturn, in the sign of Pisces. This sign was like the conjunction of these same two planets that we witnessed in December of 2020, but this time in the sign of Aquarius. It would seem Heaven's Kingdom has an obvious marker for the changing of the Great Ages. All Aboard?

From Yeshua - book of Thomas # 109, 110

"The kingdom is like a man who had a hidden treasure in his field without knowing it. And after he died, he left it to his son. The son did not know of the treasure. He inherited the field and sold it. And the one who bought it went plowing and found the treasure. He began to lend money at interest to whomever he wished. Whoever finds the world and becomes rich, let him renounce the world."

Yeshua said: Thomas # 62 # 17

"It is to those who are worthy of my mysteries that I tell my mysteries."

"I shall give you what no eye has seen and what no ear has heard and what no hand has touched and what has never occurred to the human mind."

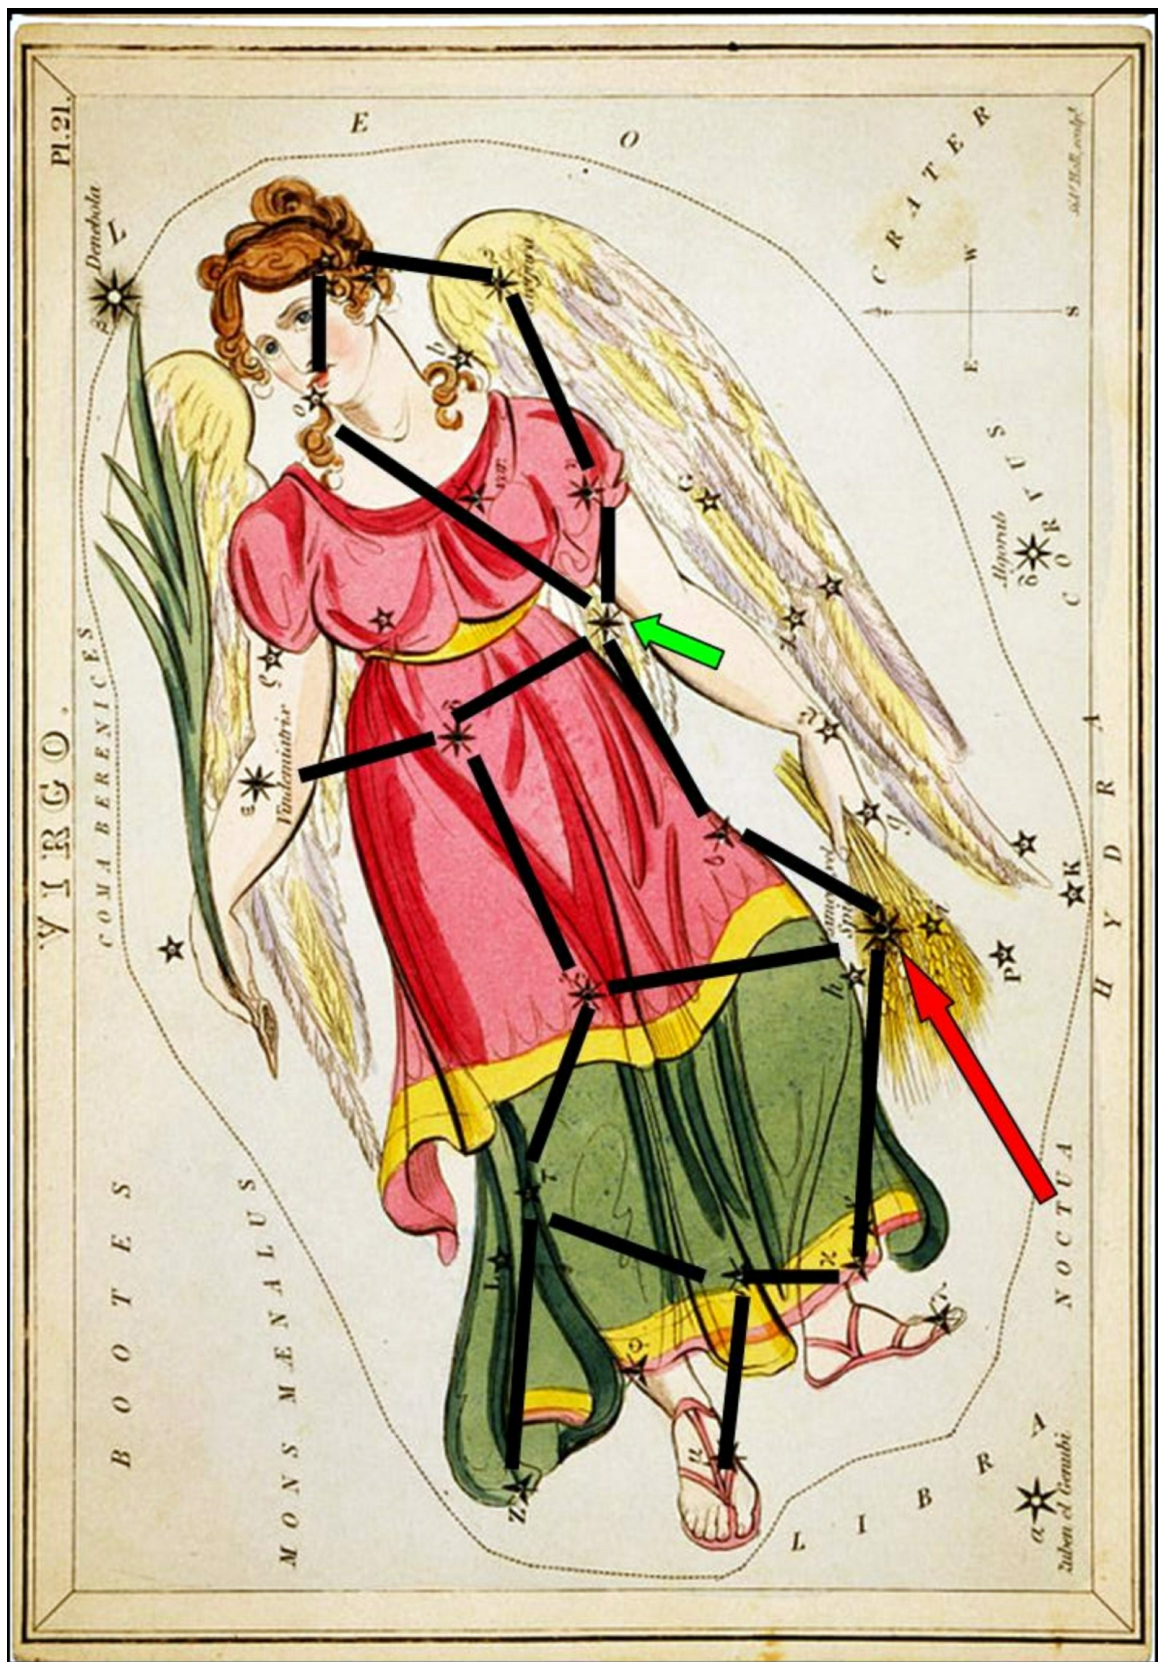

THE CONSTELLATION OF VIRGO

Notice in the image on next page that Virgo holds a sheath of wheat in her left hand. The Constellation of Virgo was once called the House of Bread, which corresponds with the 'Feast of Unleavened Bread' at harvest time. Unleavened refers to 'without yeast or baking powders', but also indicates a Virgin. Remember the 154 fishes that Peter caught in his net? Astrologically speaking, 153 is found at 3° Virgo, or on August 27th on the Gregorian calendar. This day was important to Yeshua because it was the day his mother, Mary, was visited by the Angel Gabriel – the day he was conceived of a woman. Nine months from that day is when he would have been born – if a full-term birth.

Yeshua would have been born in the month of Sivan, the same month that God gave Moses the Torah and the Ten Commandments. That day was the 6th of Sivan, which was (with all probability) also the day that Yeshua was born. This date falls on the third week of May and up to the first week of June on our present calendar as the ancient Hebrew Calendar is somewhat different than the one most people use today. Therefore, Yeshua / Jesus, was not born in December as many believe – that date was only important to the Holy Roman Empire, who coronated the Frankish King, Charlemagne, on December 25, 800 CE. Every year after his coronation, the date has been celebrated as the birthday of Christ. The title 'Christ' means to be anointed – thusly Christians (unknowingly) are celebrating the anniversary of the Holy Roman Empire and specifically, King Charlemagne.

I find it inexcusable that these same people will condemn the Kingdom that our Creator has created in the Heavens above, and the statutes therein, while showing their allegiance to the most un-Holy Roman Empire – an evil institution.

On the other hand, I find it fascinating that Yeshua, the true Light and the only Anointed One, may have been born on the very anniversary when God gave Moses the Ten Commandments atop Mount Sinai. Ponder that for a while.

Constellation of Virgo

ANGEL GABRIEL

The image at left represents the Angel Gabriel and the planet Mercury. Mercury, who is the communicating angel that brings messages from the Creator...the Creator of our Solar System, the SUN.

Mercury rules the sign of Virgo, so it is fitting that Virgin Mary (Virgo) was visited by Angel Gabriel.

Astrologers refer to planet Mercury as the winged messenger of God. With feathered wings on his heels, and head gear, he flies from Heaven to Earth. Mercury rules daily travel, dreams, communication, intellect, and self-awareness. Mercury's attributes bring logic, reasoning and common sense to our thinking and actions. Without the

help of Mercury, we would find ourselves lacking in those gifts.

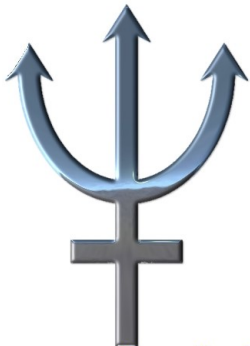

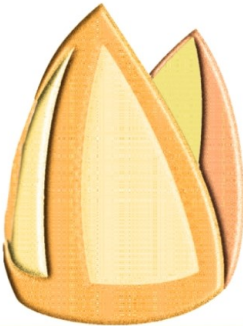

Mercury stays close by the side of the SUN, never venturing far from its master. 28 degrees is about as far as you will find this planet – not quite an entire sign (30°) away. Mercury sits at the right hand of the Sun and Venus on the left hand of the Sun. Mercury is the ruler of the sign Virgo, the Virgin.

Image at left is planet Mercury

SYMBOLS FROM THE GREAT AGE OF PISCES

Rome, Christianity, Holy Roman Empire, Papal symbols, Pisces, Fish, Twelfth House, Cross & Jesus

ISIS

HORUS

SET

or

"In His Service"
or abbreviated
name for Jesus?

Isis, Horus and Set are
Egyptian characters
Telling the story about the
actual SUN.

These IHS symbols represent:

ISIS, HORUS, SET

ISIS, the virgin mother of HORUS.

Horus was the messiah savior

who represented DAY

SET represents the NIGHT.

As a man, Horus was crucified, buried,
and arose from the dead on the 3rd day to
become a God, which is actually a story about the
King of the Solar System - the SUN and how the
Sun is victorious over night, it is the Sun who saves
and without the Sun everything on the planet
would die. The names have changed over the Ages,
but reality tells us they all represent the SUN -
SOL, and its SOLar System of Heavenly Rule.

If Horus was merely a precursor to Jesus / Yeshua,
why do they still display I H S - they will tell you it means
something different, but many things point to the SUN.

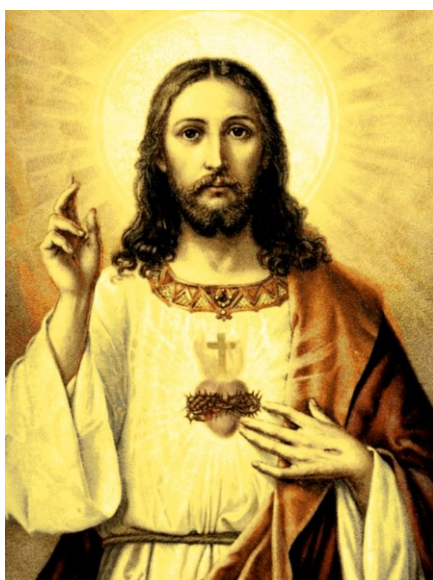

IHS

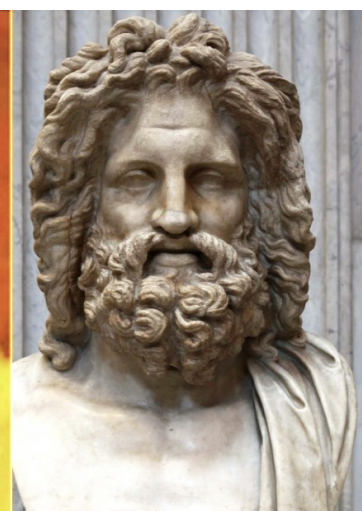

ISIS

HORUS

SET

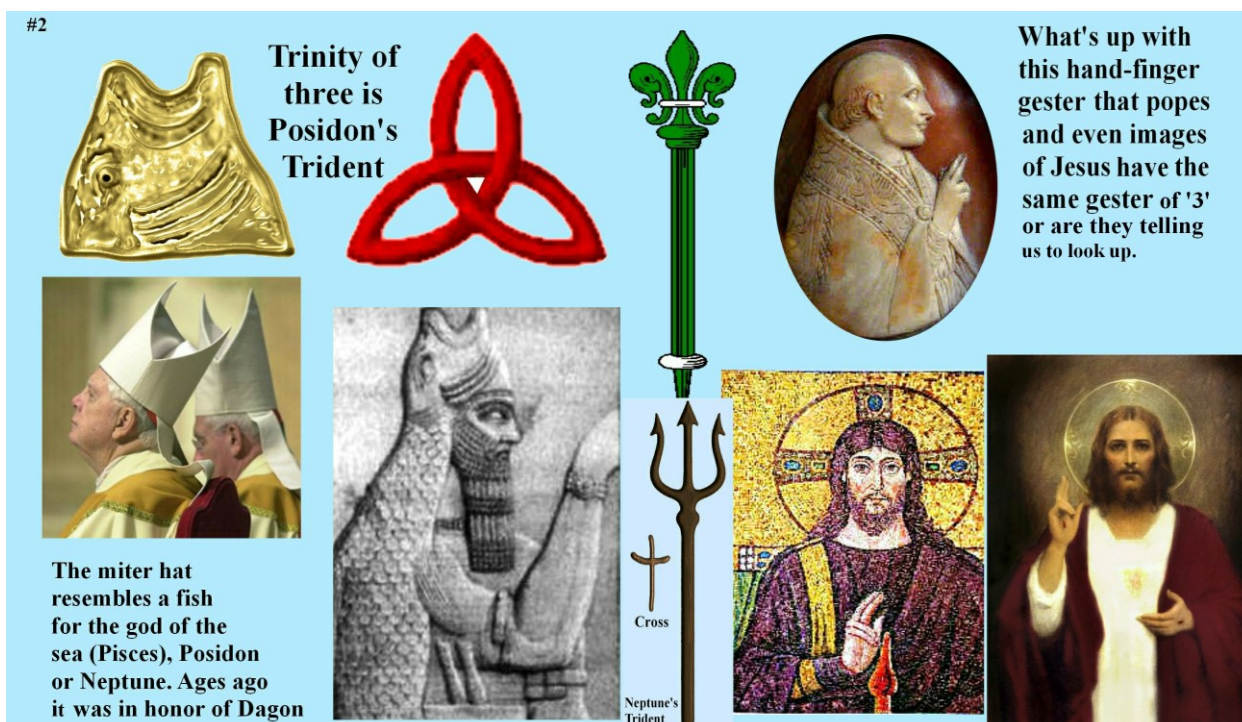

Jesus

Zeus

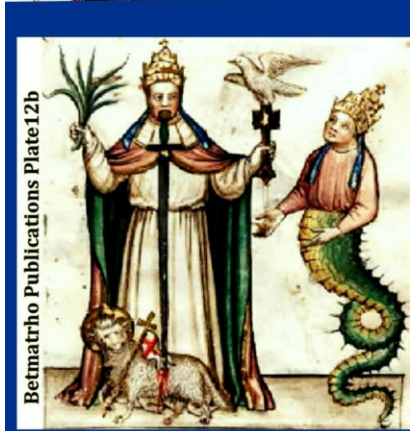

Above: Egyptian symbols are frequently found in Christianity for some reason. Here we see the Pyramid and the Eye of Osiris or Horus getting top billing on coins, money, and religious symbols. Below: During the Great Age of Pisces, fish steal the day even in hats worn by popes, church officials and, an ancient man named Dagon. Several images of Jesus pointing up.

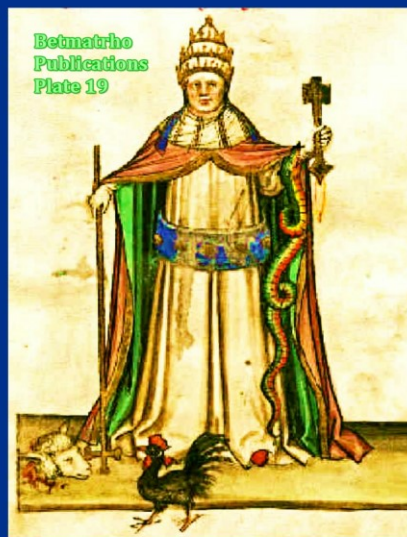

Neptune /Poseidon was the god of the Sea. The church used his TRIDENT in many ways, incl. the Trinity of 3 in one gods & 3 crosses that formed a trident.

1st image- Pope holding keys to heaven and the 3-cross staff; 2-Pope killing a lamb with a sword while Neptune looks on; 3-Pope killed the lamb; symbols of 3 representing Poseidon's spear & glyph for co-ruler of Pisces, Neptune; 3 crosses; symbol for trinity; symbols all represent three. 2nd image the Pope Killing a lamb and then a bird / rooster.

On these plates the Pope uses Neptune's trident to kill a lamb & then kills a bird. Neptune represented the Church

Is it just a coincidence
that RHO also
refers to RA, Horus,
& Osiris? Which are all
Egyptian names for the
SUN...

Zeus

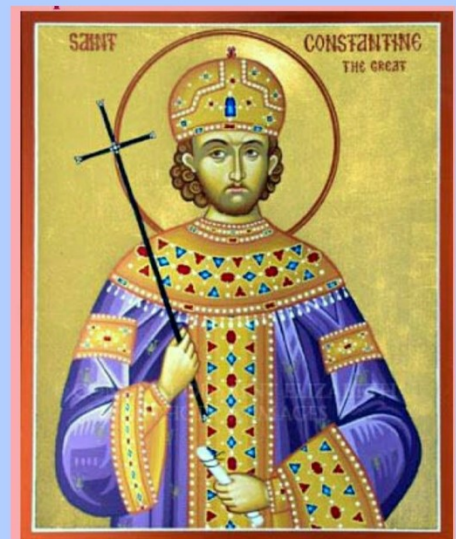

Deus is the name in Latin
for 'God', in Greek it is the
name 'Zeus'.

Constantine's Vision

Constantine the Great said that he saw a vision around the Sun. Not many people can look at the Sun long enough to read anything in the extreme brightness, which would have canceled out any image of any sort. His vision was not reported, however, until a month later and only to one person. The vision was described as that of X P (Chi-Rho) 'in this sign conquer'.

Why anything that Constantine may have seen was important to the Church is strange, as he was a Roman Emperor. His father was known to worship Zeus. Constantine thought of the sign as something his father would have approved, so it must have something to do with Zeus - the Roman god of Jupiter, or another name for Jupiter.

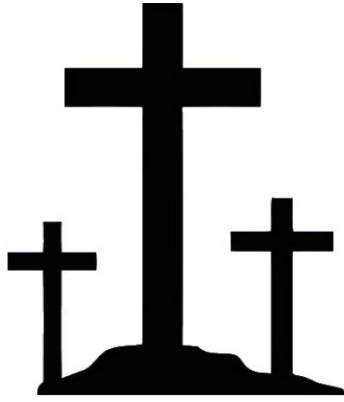

Constantine changed some major points to the religion, such as, changing the place from Jerusalem to Rome and then to his own city of Constantinople. He made the religion mandatory across the entire Roman Empire, combining it as a state religion. He also changed the method of becoming a Christian & dates of Jesus' birth, death and resurrection. He was the 2nd anti-Christ, Paul being the first. This is why we can say that all variations of Christianity, born out of the mother-church are 'daughters of the Harlot', and are CLAY molded with IRON (Rome).

NEPTUNE'S TRIDENT, THE SEAS, AND FISH

This is Poseidon using his trident to spear fish. He was also called Neptune, for whom the planet, Neptune, was named. Neptune was discovered in 1846, during the Age of Pisces, which may have determined its name. Poseidon's natural habitat is the deep seas and fishing was his expertise. Fish, the number three, fishing, crosses, and spears / tridents were all popular during the Great Age of Pisces. Trident's have 3 tines.

Were the two thieves crucified on the cross with Jesus supposed to represent Mercury and Venus?

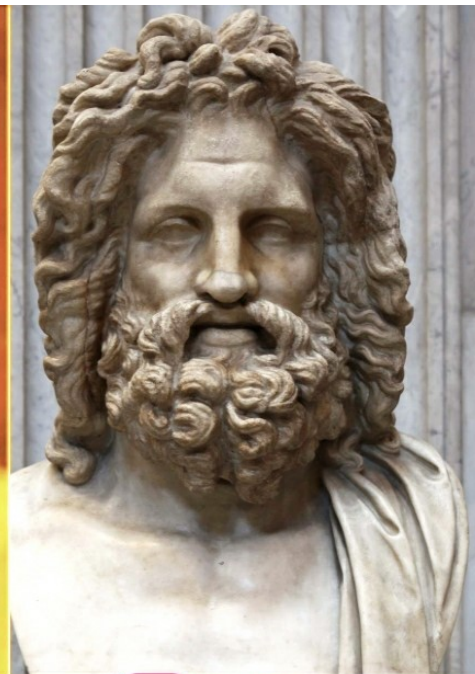

If Jesus / Yeshua represents the Sun, it would seem logical that the two other crosses would represent the two planets closest to the Sun... Mercury & Venus. In Astrology, the Sun is always in the Center of the chart as all planets revolve around the Sun. The cross in Astrology is the vertical and horizontal lines that splits the sections from north and south and from the east to west. The I.H.S. symbol is said to mean, "In His Service". But could this symbol in truth represent Isis, Horus and Set?

Images below are of Zeus and Jesus. Was Zeus the model for Jesus' likeness?

We must overcome the practice of picturing the Anointed One as the man portrayed in these images. The true Savior of humankind is not a man but is Spirit. It is better to picture him as Light, both visual light and the source of all Wisdom. If you must visualize the Spirit somehow, think of the seven colors that we see in nature.

Jesus

Zeus

Perhaps he is Visible Light that comes from the SUN

From the words of Yashua himself - the book of Thomas # 77 # 82

Yashua said,

"It is I who am the light which is above them all. It is I who am the all.
From me did the all come forth, and unto me did they all extend. Split a
piece of wood and I am there. Lift up the stone and you will find me there."

Again Yashua spoke:

"He who is near me is near the fire, and he who is far from me is far
from the Kingdom."

*It appears that Jesus/Yashua is saying that he comes from the SUN...
The SUN is Light, the SUN is a hot fire. The SUN's light is seen when lifting a rock,
or when splitting a piece of wood.*

Perhaps he is Visible Light that comes from the SUN

THE BRIGHT AND MORNING STAR

THE EMPIRE & POWER OF ROME & IT'S RULERS

Rome: So, what was so horrible about things in the Age of Pisces you ask? Rome was a political power. Fine, as there is no perfect government or political power. They come and they go, some ruthless leaders, while others lack good leadership skills. Rome was the pattern reflected from Jupiter and that does not have much to do with Neptune or fish.

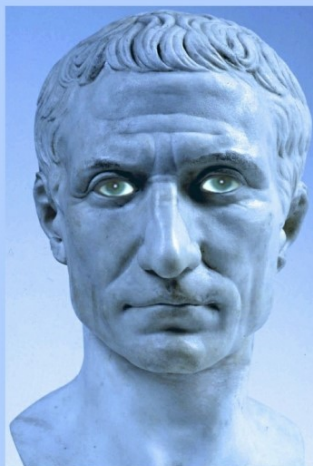

Both Caesar and Jupiter desired bigger, better, more !!!

We have touched on the aspects of Planet Neptune and the sign of Virgo in regards to the Age of Pisces, next we need to show how Planet Jupiter, the original ruler of Pisces, before Neptune's discovery in 1846, played it's role for over 2000 years. Amazing how all the attributes and behavior of Neptune were so well embedded in the history of Rome's religion and Church long before 1846.

| Luck | Trusting | Strength |

Jupiter was the pattern for Rome, while Neptune was the pattern for the Church & the religion during the Age of Pisces

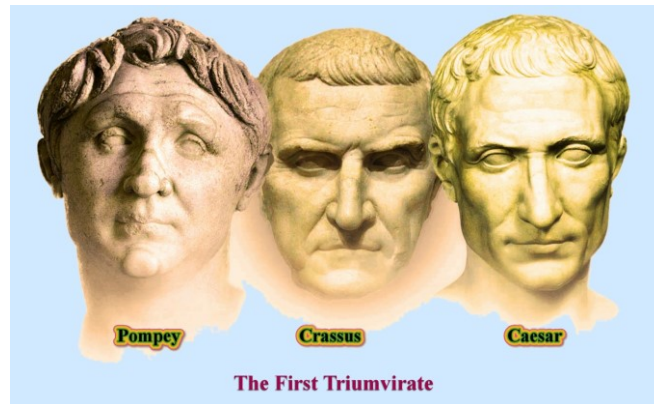

How the deceiving element came about was when a religion was crafted by controlling men that was exchanged for the true message of Yeshua, the Anointed One. This was to suit their own wishes and ambitions. They revamped and recreated the entire purpose of what Yeshua was all about. Gone was the 'Good News' about the Kingdom of God and what it was all about. Gone was the reason for his coming, which was as a shepherd-teacher who wanted his lost sheep to know about the Kingdom of Heaven before the likes of ambitious men crafted and added to Nebuchadnezzar's Statue.

Highly doubt if there is one minister of the cloth that can tell you about the Kingdom of Heaven today. Most follow Paul, Constantine, Justinian, and Charlemagne's handiwork. Imagine Paul, a man who never met Jesus, although living at the same time as Jesus. His father a Pharisee who worked within the government of Rome. Jesus was specious of Paul.

When the disciples asked Yeshua... "Why do you speak to them in parables?" His answer was, "To you it has been given to know the secrets of the kingdom of heaven, but to them it has not been given." And again, he said, "It is to those who are worthy of my mysteries that I tell my mysteries. I shall give you what no eye has seen and what no ear has heard and what no hand has touched and what has never occurred to the human mind."

The disciples were as inquisitive as a young child, their minds were open to learning – they wanted to know when the Kingdom of Heaven would come, what it was and who will see it. Again, he responded, "It will not come by waiting for it. It will not be a matter of saying here it is or there it is. Rather, the kingdom of the father is spread out upon the Earth and men do not see it. Blessed are the solitary and elect, for you will find the Kingdom. For you are from it, and to it you will return." It was only for his sheep that his message was to be known and understood. His mission was for his people, the ones that have known him throughout all the Ages of this Era. From the Great Age of Leo to our present time...he has known us.

POWERFUL MEN OF ROME

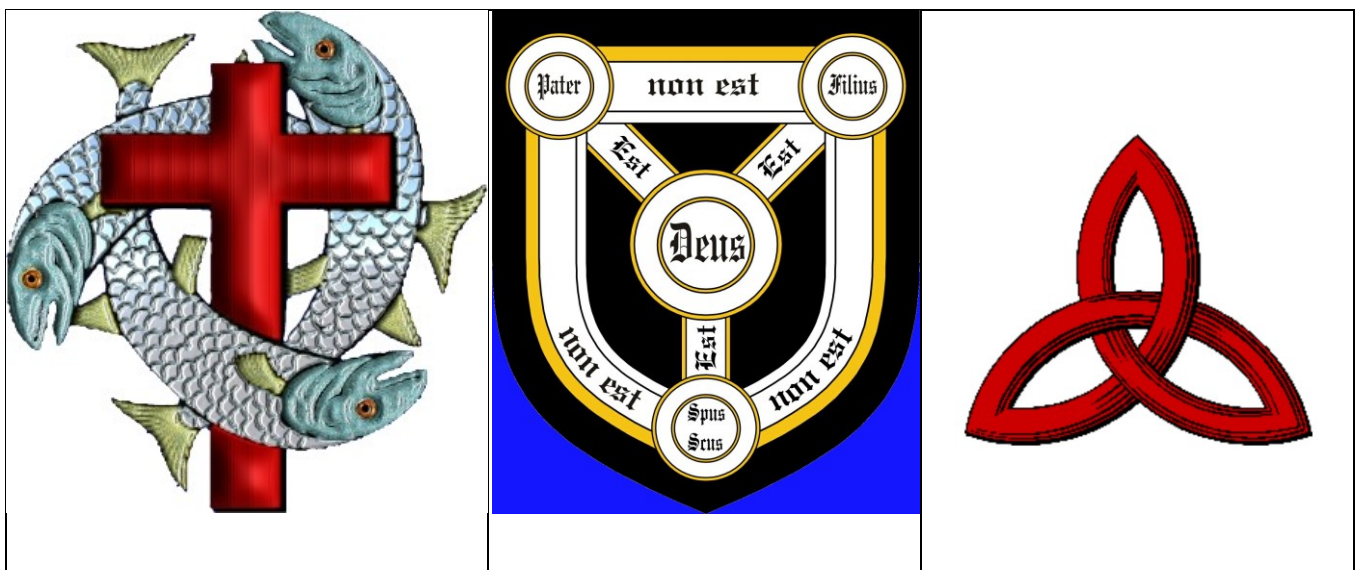

The First Triumvirate was an alliance of three powerful men, which lasted for only 7 years, from 60 BC to 53 BC. These men were:

Gnaeus Pompeius Magnus, or Pompey, a wealthy man who was known most for his military background.

Marcus Lucinius Crassus, wealthiest man in Rome at the time, and actually hated Pompey. They worked together as Crassus had great influence within the Equestrian order.

Gaius Julius Caesar, who was extremely popular and had great legal reputation, besides being the one with the best intellect and being a forceful leader and most favored of the three.

There were two Triumvirates of Rome during the last days of the Roman Republic. The First Triumvirate formed an alliance to bring order from the chaos that had fallen over the Republic of early Rome. The Second Triumvirate consisted of Mark Antony, Lepidus, and Augustus Octavian, the adopted son of Caesar.

In 48 BCE, the large extensive library at Alexandria, Egypt was burned. So much history was then lost forever. This happened during the time of Julius Caesar and his wars. But to this day, it is not certain who burned the library. The Age of Pisces saw much hidden or destruction of knowledge.

The Thunderbolt of Ever-Living Fire

Before death, Julius Caesar adopted his nephew, Octavius as his only son. Octavian Augustus was born on September 23, 63 BCE. He was born rich. Born in fortunes, he prospered, loved to travel, was highly education and possessed great wisdom, may have been reckless in financial matters and somewhat wasteful. He became Emperor on January 16, 27 BCE until his death in August 19, 14 CE. Octavian was the first Emperor of Rome, and lived to be the age of 76-77 years.

Julius Caesar

Octavian
Augustus

When a large comet streaked across the sky during funeral of Julius Caesar in 44 BC, it was thought that JC had achieved God-status. Augustus Octavius, being JC's adopted son then presumed the role of the 'Son of God'. Romans, up until 300 AD, celebrated Octavius as the 'Son of God'.

*The Three Graces
from the Ages
of Time*

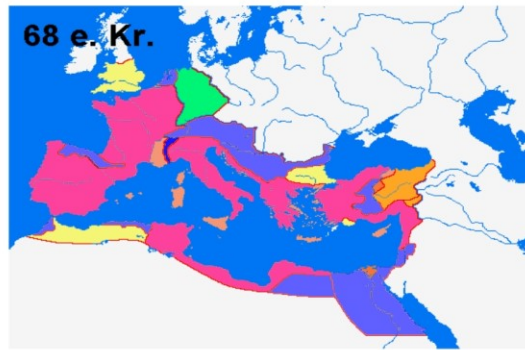

**Grace, Charm,
and Beauty?**

**Greek
Mythology?**

Ianna, Ishtar, Isis?

A TRIO of young beautiful women has been popular even from ancient of times, and of which were said to be daughters of the gods. Or perhaps they were goddesses in their own right. Not quite sure who they truly represent, the three daughters of Zeus? Ianna, Ishtar, and Isis? Virgin Mary, Mary Magdalene, and daughter of Jesus? Or, simply, Grace, Charm and Beauty? Alas, perhaps all three beauties represent planet Venus as grace, charm and beauty and we can add Love.

The Map at left is of the Holy Roman Empire c. 1515 before the Reformation

The Holy Roman Empire (800-1806) was neither Holy nor was it Roman. It was made up of approx. Ten Germanic States, with a variation of members over 1006 years. Thanks to Napoleon Bonaparte who put an end to this reign of terror in 1806.

APOSTLES' CREED – NICENE CREED

To better explain my belief that the ‘Clay mixed with Iron’ is still to this day, the Church and daughter churches that sprung forth from the mother church, I point out the following two Creeds. These are the Apostles’ Creed, albeit, it was not written by Apostles, and the Nicene Creed. The Apostles’ Creed, adopted sometime between 390 -800 AD, is still being recited in Protestant Churches of America today. I remember reciting this Creed back in the 1940-50’s in the Methodist Church.

On the following page is the Nicene Creed, originating in 325 AD, which was delivered under the Roman Emperor, Constantine, the Great. As you can see the two are not that much different, the earlier Nicene Creed is longer and more detailed.

Apostles’ Creed

I believe in God, the Father Almighty, creator of Heaven and Earth.

I believe in Jesus Christ, His only Son, our Lord.

He was conceived by the power of the Holy Spirit and born of the Virgin Mary.

He suffered under Pontius Pilate, and was buried.

He descended into Hell.

On the third day He rose again.

He ascended to Heaven and is seated at the right hand of the Father.

He will come again to judge the living and the dead.

I believe in the Holy Spirit, the holy catholic Church, the communion of saints, the forgiveness of sins, the resurrection of the body, and the life everlasting.

Amen.

At some point in time there have been the following variations made to the original version. ⁶

Anglicanism (original is also used, but this variant is accepted): “...was crucified, died, and was buried. He descended to the dead.”

Calvinism: “...was crucified, died, and was buried. He descended into Hell.”

Calvinism adds “from the dead.”

Lutheranism: “the holy Christian church.”

Nicene Creed

We believe in one God, the Father, the Almighty, Maker of Heaven and Earth, of all there is, seen and unseen.

We believe in one Lord, Jesus Christ, the only Son of God eternally begotten of the Father, God from God, Light from Light, true God from true God, begotten, not made, one in Being with the Father.

Through Him all things were made.

For us men and our salvation He came down from Heaven: by the power of the Holy Spirit He was born of the Virgin Mary, and became man.

For our sake He was crucified under Pontius Pilate;

He suffered, died, and was buried.

On the third day He rose again according to the Scriptures;

He ascended into Heaven and is seated at the right hand of the Father.

He will come again in glory to judge the living and the dead, and His Kingdom will have no end.

We believe in the Holy Spirit, the Lord, the giver of life, who proceeds from the Father.

With the Father and the Son He is worshiped and glorified.

He has spoken through the Prophets.

We believe in one holy catholic and apostolic Church.

We acknowledge one baptism for the forgiveness of sins.

We look for the resurrection of the dead, and the life of the world to come.

Amen.

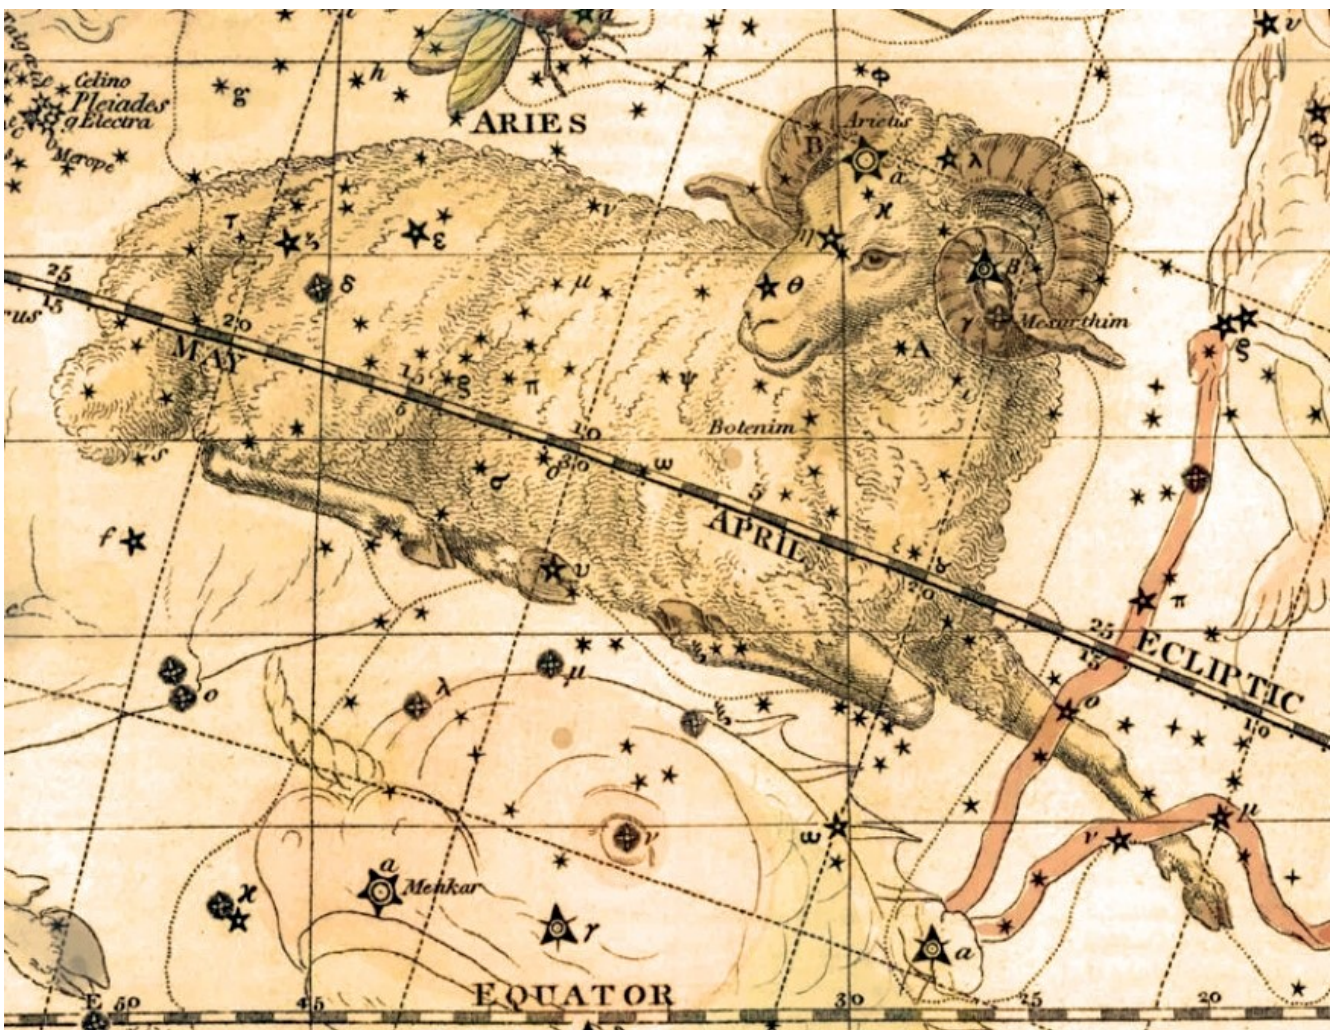

The Great Ages and their complimentary signs (color coded)

R = ruling
E = exalted

Events / people of the Ages, read also sign opposite for full patterns

THE SUN IS THE CENTER OF THE MAZZAROTH

CONSTELLATION OF ARIES

Let's talk about the Great Age of Aries

Aries was an age of animal sacrifices, Israelites, King David, and Solomon's Temple. Aries also proved that no man is ever perfect, as Moses & David had both killed a man. The Age of Aries was dominated by men like Moses, Jacob, Nebuchadnezzar, the Pharaohs, and the Hebrew tribes. The God for the war-like planet of Mars was Yahweh, an elusive, angry, ruthless type of God patterned nearly identical to the planet Mars. He never seemed happy with the Israelites, they frequently got on his nerves, as if he almost regretted his term at the helm as ruler of the Age. During the Age of Aries, sacrifices were required by Yahweh for the forgiveness of sins, which could be a ram, sheep, or young heifer, even birds if the only kind of sacrifice available.

Aries is the first sign on the Zodiac Wheel, beginning the Spring season, and was 'born to be leader, much like a General of a military command. The Israelites spent more time in Egypt than they did in Jerusalem, four hundred years in fact. When Moses got a sizable number of followers, they left Egypt with the Pharaoh's men hot on their trail. They were helped along the way with their escape, when the Creator parted the Red Sea for their safe crossing. They spent 40 years in the wilderness in the desert of Sinai after their deliverance from Egypt. This would have been when the Age of Taurus ended and the Exodus indicated the changing of the Great Ages, from Taurus to Aries.

This was the time when the Creator (not Yahweh, not Mars) gave Moses the two tablets of stone on which he engraved the Ten Commandments. These were the Ten laws given to the Israelites and were meant to last for all time. Opposite Aries on the chart is the sign of Libra, which rules all legal endeavors, including the LAW and the Ten Commandments. The opposite sign to any Great Age has always been relevant all throughout history.

CONSTELLATION OF TAURUS

Let's talk about the Great Age of Taurus:

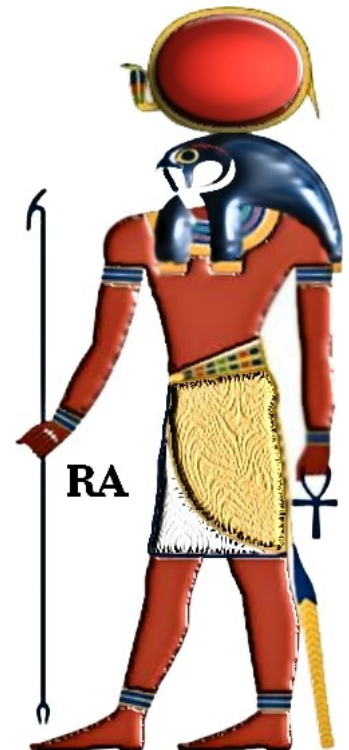

4000-2044 BCE

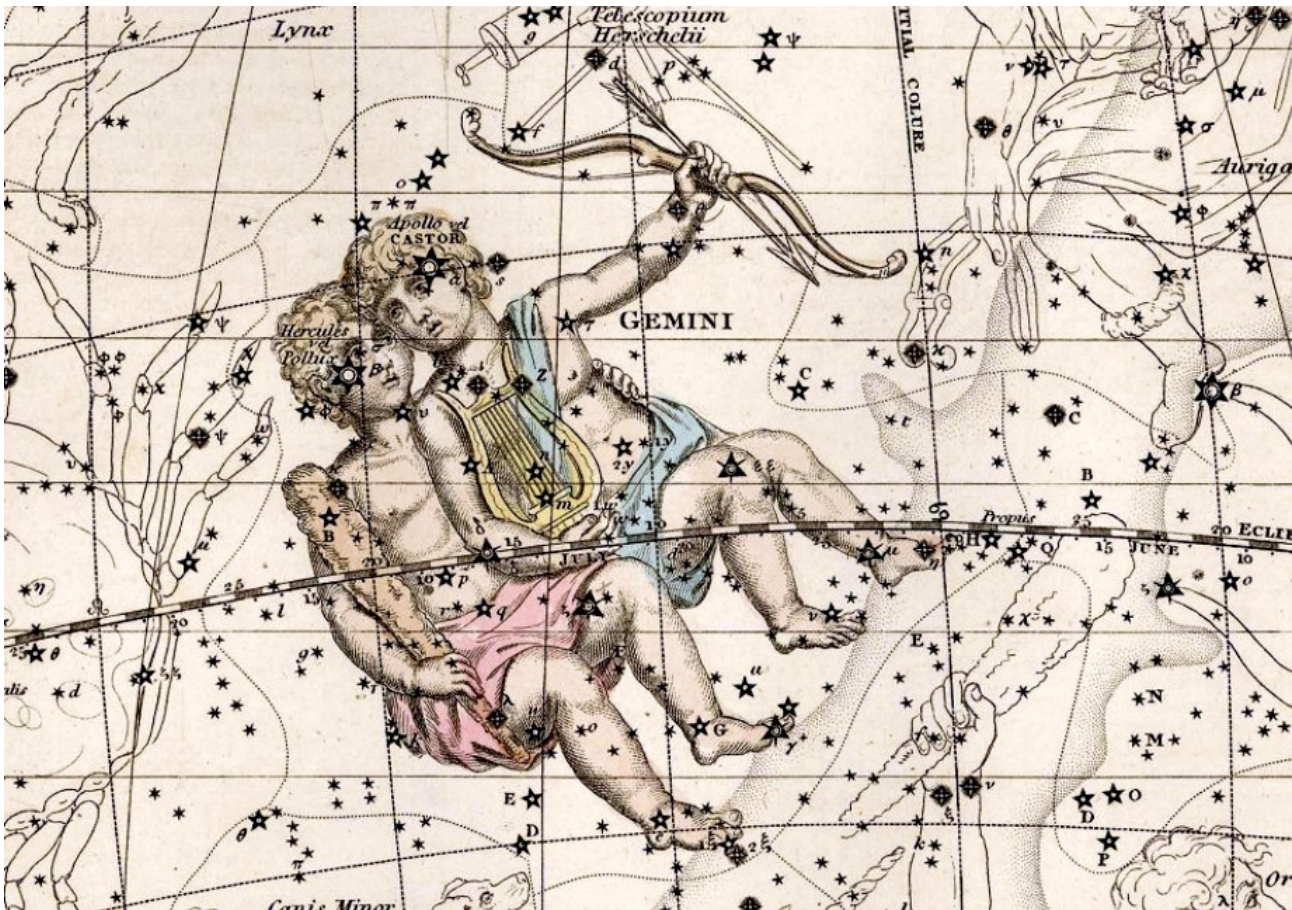

Venus ruled the Age of Taurus. The Israelites came out of Egypt and went into the Age of Aries. The Ancient Egyptians revered the Sun-Sol, and they knew the Sun was the giver of life on Earth. They called the Sun, RA. To them, RA was the creator God and source of all Life. RA was said to have made a lesser 'god', dimmer than the Sun; this was the Moon, aka Queen of the Heavens. Isis was a lunar Goddess, she also represented Venus. It was believed that RA made the planets and all that pertained to their life in Egypt.

The earliest Pharaoh's were direct descendants of the ET gods and as time passed, they became less favored, even replacing the name of the Sun with the name Horus. It was said that RA had given his status to Horus when he plucked out one of his eyes and gave it to him, passing the 'all seeing eye' from RA to Horus. Doubt this is true however, as the Sun bows to no one, nor should it. Names may change but the Sun stays constant.

Horus became the name for the Sun in later years and called the creator of life. This angered RA, so he sent an angel to the Hebrew Jacob, who changed Jacob's name to IS-RA-EL, meaning IS for goddess, Isis-the Moon; RA/the Sun; and EL is God. From that point, Jacob /Israel and his descendants became God's favorite chosen peoples. The Egyptians had lost their favored status with RA. Taurus was the sign of builders, an Earth sign. Noah lived in this Age, opposite Taurus is Scorpio, which brought on the Great Flood.

CONSTELLATION OF GEMINI

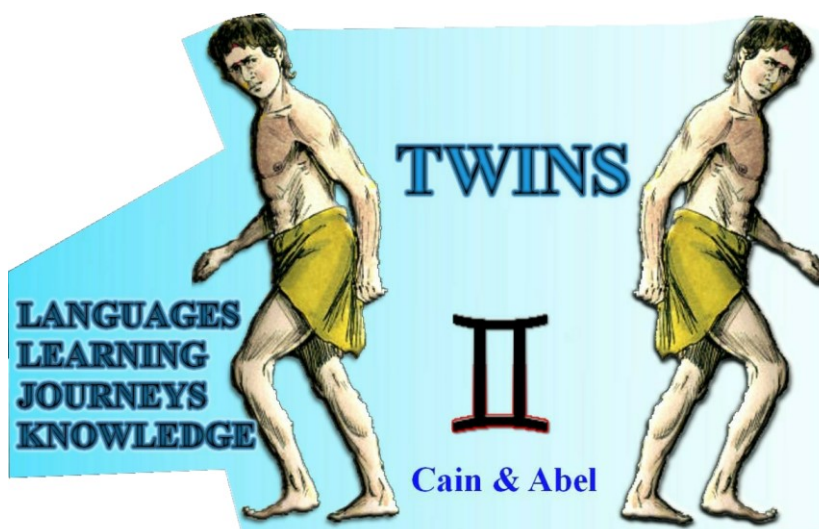

LET'S TALK ABOUT THE GREAT AGE OF GEMINI

6400–4000 BCE

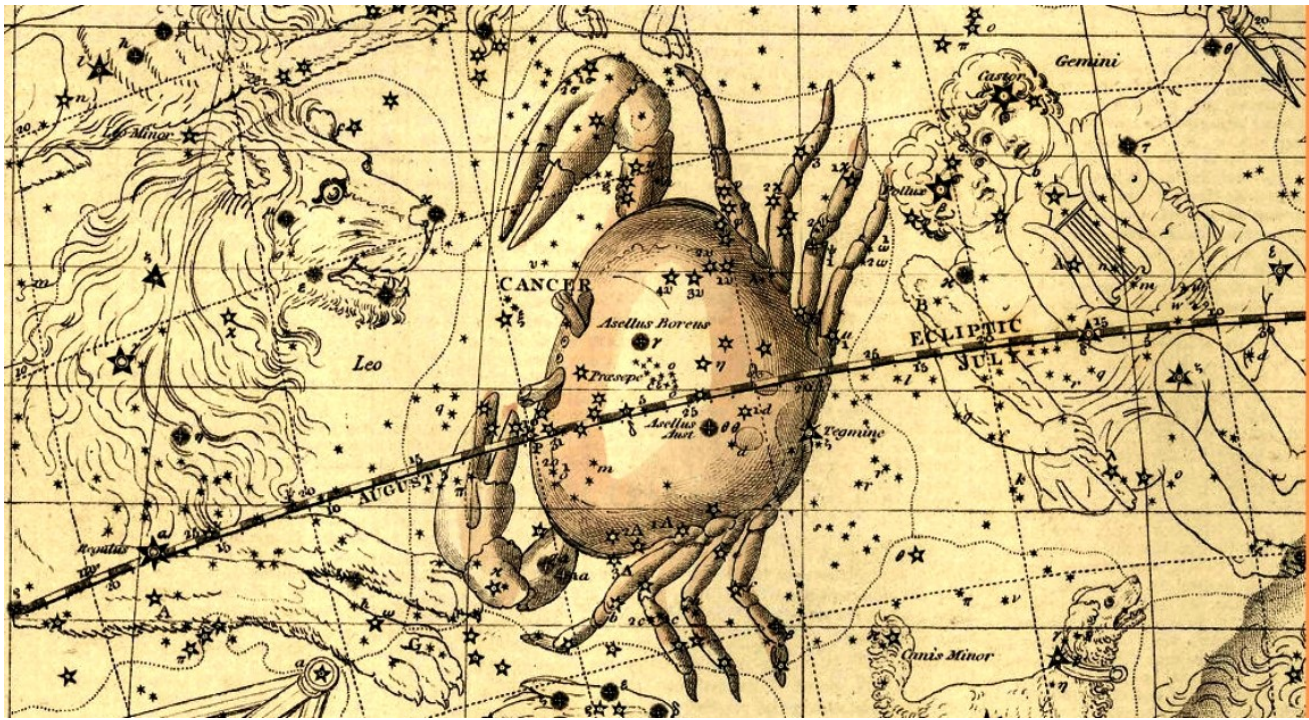

Gemini is the Great Age that represents learning, planting of crops, communication and gaining wisdom on how to live off the land. Language was being developed, counting and basic math skills were being taught by the noble kings of Akkad and Sumer. As the offspring of Extraterrestrial gods, they were left behind to be teachers for the black-hair ones who were created from ET DNA and that of evolving peoples who were living on the planet prior to the arrival of the ET gods. The created people were more advanced academically than were the black-haired ones, but because they had been living in the Garden of Eden, they were not as skilled to living off the land. A 'missing link' had occurred. These hybrids were not skilled in survival as their Neanderthal ancestors were in hunting, gathering, and foraging their way in life.

These Noble Kings instructed the created ones to leave the safety of the Garden and go forth to other parts of the known world to teach agriculture, pottery, language, and planting knowledge. At the same time, they too would learn how to survive after leaving the Garden / the Fertile Crescent. Sargon stayed and became a King of Babylonia, while his counterpart, Abraham, left for Egypt and other areas as a nomad before settling in Canaan. There was other such 'Abrahams' (name means 'original father of nations'), in the Indus Valley around the Himalayan River of South and Central Asia.

Cancer - Celestial Atlas by Alexander Jamieson – 1822

Gemini is ruled by Mercury which is the language ruler. Teaching and traveling outside ones birth area common.

CONSTELLATION OF CANCER

Phases of the Moon

Let's talk about the Great Age of Cancer

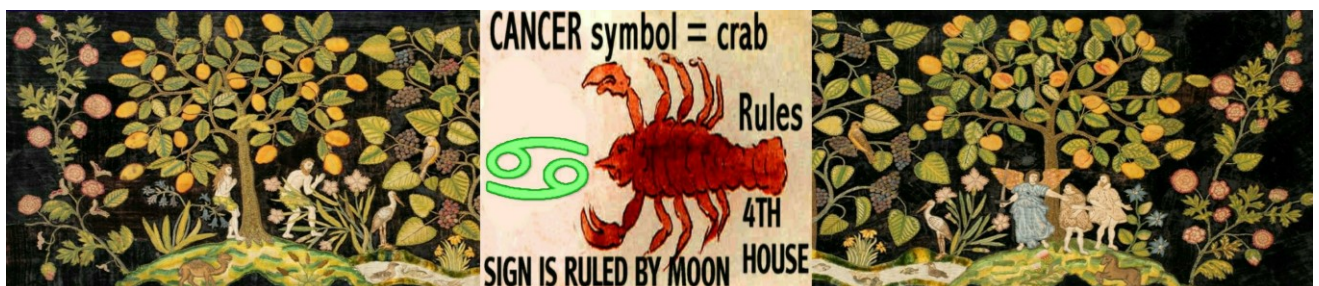

c. 9,600–6,400 BCE

Garden of Eden

FIRST HOME OF ADAM & EVE

Around 7000 BCE, the first farming settlements were becoming frequently established around the Mesopotamian Valley. Rivers then were much wider than they are today. The Euphrates and Tigris rivers flow in a SE direction, originating in the mountains of Eastern Turkey and central Asia. From there they work their way toward Sumer, Uruk, Kish, Lagash, and Ur, forming the Fertile Crescent, which had perfect soil for growing all sorts of grains, vegetables and fruit – this from seeds that had been perfected for Earth's soil by the Extraterrestrial 'gods'. This is where Adam & Eve lived and grew to love. When Adam & Eve was forced to leave Eden, it was when the Age of Cancer was completed; the Age of Gemini had begun. Abraham and Sargon were born and grew up as young boys in this area. Their parents were of royal blood, probably both descendants of the ET 'gods'. Both 'fathers of many peoples/nations' were from this same area of the Mesopotamia (see page 107 for several Abrahams). ET 'gods' were also in the region of India, where other 'fathers of great nations' originated. The Fertile Crescent made lush and fertile from the melting Ice Age, is where the Garden of Eden was located. It had it all.

Abraham and his wife, Sarah, left this area and went to Egypt and later went to the land of Canaan.

THE CONSTELLATION OF LEO

Leo – Celestial Atlas by Alexander Jamieson - 1822

LET'S TALK ABOUT THE GREAT AGE OF LEO

Period: 12,600 – 9,600 BCE

Scientists believe that a massive global disruption in the on-going melting process of the last Ice Age occurred c.13,000 years ago, which would have been roughly 11,000 BCE. They believe 35 various mammal species may have been lost at that time. According to 'Scientific American Magazine' of January 2009, an article written by David Biello, says, it suspects that a fragmented comet bursting in the atmosphere set off a 1,300-year cooling period in the Northern Hemisphere. This event interrupted an extended melting of the Ice Age. This warming process is still on-going as the final icebergs are just now disappearing.

Wow! This tells me that my figures, from the onset of my research articles, of several years ago, are spot on, but I had help...was significantly inspired by the Holy Spirit. See pages 53 and 55 for charts.

Instead of a comet, it could have been the emergence into our Solar System of an Extraterrestrial planet, home to the ETs who visited Earth on occasion in the past. If they were here in the Great Age of Leo, 12,600 BCE, that closely aligns to when scientists figure this 1,300-year cooling period occurred.

The Great Age of Leo is ruled by the SUN, which indicates, astrologically, there would indicate a substantial warming, producing a melting process in glacier ice regions. This warming trend is what fashioned the Fertile Crescent. Northern Africa and the Mesopotamian regions would experience warm to hot temperatures, especially Egypt.

During the Age of Leo, the Pyramids were built, perhaps using slave labor of the Khoisanid peoples of Africa. The Khoisan (San) people were in Africa during the Ice Age and as far back as 150,000 years ago. While in the Levant there was the Kebaran culture, and this is where the ETs began working with agriculture and crop production. Hunter-gathers living in that region were being taught the growing of crops, while ETs mined diamonds. Gold in Africa, diamonds in the Levant.

THE LAST ICE AGE

The last Ice Age lasted 100,000 to 150,000 years.

North America was too cold for habitation.

Africa warmest area as well as India and SW Asia & Australia.

South America was very cold with western & southern glaciers.

Yeshua said:

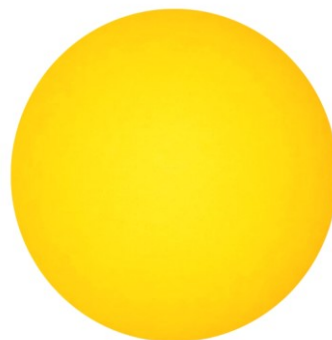

“Behold I am the Bright and Morning Star”⁷

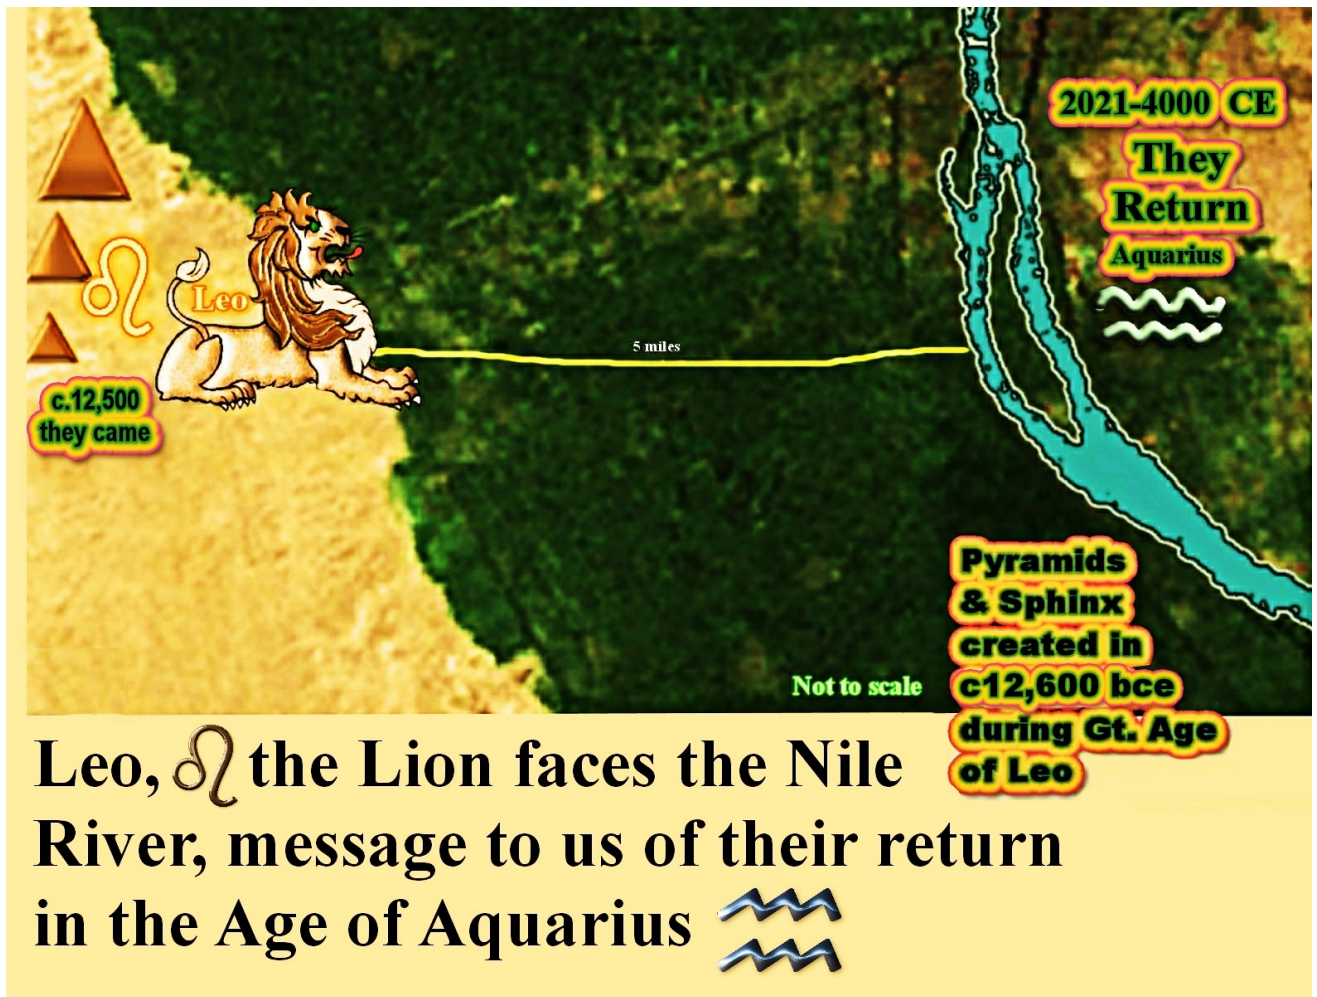

There have been many clues as to know the Holy One when He arrives. The Aquarian Messiah will have all the attributes of Leo and the SUN. A Lions strength to be King of his pride. Gold will once again take its prominence as it did with King Solomon. Just as Solomon, this King will have many ‘wives’ / brides, who join him at the wedding feast. These are the ones who have the seal of ‘God’ in their forehead. The ones who have followed the Light to its true source and have not looked back. Ones who have come up out of the Piscean waters to join him in the glory of Heaven’s Kingdom. All the stories passed down for thousands of years, the entire Era, was foretelling the present time in which we are now living! This is the final act!

The sign of **Leo compliments the sign of Aquarius** and tells who the Anointed One will be for the Age of Aquarius. Has been that way through six previous Great Ages and no reason to doubt the workings of the Heavens at this point in time. Leo’s mascot is the Lion, its ruler is the SUN.

Images: symbol for Leo, the Sun, ruler of Leo, Lion and the water urn of Aquarius.

Book of Thomas verse 24: His disciples said to him, "Show us the place where you are, since it is necessary for us to seek it." He said to them, "Whoever has ears, let him hear. There is light within a man of light, and he lights up the whole world. If he does not shine, he is darkness."

EXTRATERRESTRIALS & EGYPT

The idea of a Sphinx depicting a Lion is intentional, with location chosen carefully as builders wanted preservation to be the key requirement. The Sphinx needed to endure throughout the entire Era of 12,600 years. Egypt was the most ideal location as the northern continents were just coming out of the last Ice Age. Northern Africa was warm, with dry sandy soil and the climate would, over the years, be ideal for preservation.

The Nile River represents the Great Age of Aquarius as the branches of water form a perfect shape that represents the sign of Aquarius. The Sphinx and major Pyramids were built during the Great Age of Leo [12,500 BCE] by ETs, who were on Earth to mine gold in Africa. How long they stayed on Earth is not known, however, there were several hybrid ETs that stayed behind on planet Earth. Abram, Sarah, Sargon, and some of the earliest Pharaohs, were just a few that remained on Earth see charts on pages 55-57.

At what time during the Great Age of Aquarius the ETs return is not known. However, if we put all the pieces of this amazing puzzle together, we may know the approximate time frame. Do not confuse the ETs with the Anointed One aka the bridegroom. The ETs may operate under direction of the Anointed One, but they are not the Anointed One.

I am quite certain that when the Anointed one returns for his 'bride' it will have a lot to do with a Passover and the Upper Room of the Age of Aquarius. This will be a time when the 'twelve' once again come together to celebrate a Passing over Feast. Whether the coming of the Anointed One and the ETs are linked in any way is not known at this time.

MOSES, SARGON, KARNA PLACED ON THE WATER

The Moses story of his mother placing him in a basket and putting it upon the water to have his identity unknown is a story told down through the Ages about 4000+ years ago. There were similar stories of baby boys being set out on the water as if abandoned by their parents.

Besides Moses, born c.1570 BCE, there was Sargon of Akkad, born c.2,340 BCE, and Karna in a Hindu legend. Sargon of Akkad would have been born long before Moses if these years are correct. The stories of these three men as babies are the same in that their mother or father placed them in a basket and put them on the water for someone to find, leaving their child to fate. Reasons are not the same for doing so, but each baby was rescued, grew to manhood, became famous and left their mark on history as a great person and icon in history. With Moses it was his mother who placed him in the basket amongst the reeds.

Could these three stories be referring to something beyond their personal identities – something with a wider scope of visionary meaning? Chances are, it was neither Moses, Sargon, or Karna who were literally placed in a basket and set afloat on the water. It may have come down through history that way, but perhaps the story began many years prior to their births and referred to something altogether different.

Imagine the story in a different setting for a minute: we have a young male child who for some reason is leaving behind his parent's protection and is placed somewhere having water associated with it. Since the stories of the three babies have different reasons for their mother or father's behavior, it probably doesn't have anything to do with the circumstance in which they were born. I've heard of

babies being left on someone's doorstep but putting them on the water in a basket – strange.

What we might ponder is this...the fourth House of Cancer, being a water sign, represents a parent, can be mother or father, and refers to one's homeland. Consider the Great Age of Cancer. If the mother is placing the child in the water means that she was not in the water, and if we are talking about the Age of Cancer, a water sign, for the child's placement, puts the parent in the Great Age of Leo. Child goes forward, parent left behind.

This would happen if the older generation refused to advance to the next new Age, however, her child or the younger generation does advance. The parent did not go into the next Age of Cancer, but her child did. Perhaps the parent died. The child was 'rescued' and raised to manhood by a famous or well-to-do hero from a good standing family or position of power.

What we have now is a parent, who must, perhaps out of dire circumstances, leave their child at the close of one Great Age (Leo) and the start of the next Great Age (Cancer). In the story of Moses, his mother feared for her baby's life, being a Hebrew child, his death by tyrants in Egypt, was feared. Remember, Moses and the older generations of Hebrew people did not, or could not, go down into the promised land, but the younger generations did go on to Canaan. Changing of the Great Ages? Older generations either refuse to go on ahead or are forced to stay put.

The Orthodox Jews did not want to leave the Age of Aries and advance to the Age of Pisces – they are still stuck back in that time, same thing with the Amish, and to an extent, the Mennonites. People who resist the changing Ages also cut themselves short when it comes to making the most of the training and testing grounds given to us. Today, many of the older generations will refuse to advance into the Age of Aquarius as they see nothing but negativity, and substantially unorthodox ideas forming on the horizon.

In the case of Sargon, Moses, and Karna, it may have been the advancing of the Ages from Leo to Cancer. History records its stories with people that seem familiar to their own history, so oftentimes stories are way off the mark. That's what so good about Astrology – it is more precise and eternal.

Birth story of Sargon of Addak:

"My mother was a high priestess, my father I knew not. The brothers of my father loved the hills. My city is Azupiranu, which is situated on the banks of the Euphrates. My high priestess mother conceived me; in secret she bore me. She set

me in a basket of rushes, with bitumen she sealed my lid. She cast me into the river which rose over me. The river bore me up and carried me to Akki, the drawer of water. Akki, the drawer of water, took me as his son and reared me. Akki, the drawer of water, appointed me as his gardener. While I was a gardener, Ishtar granted me her love, and for four and .?.. years I exercised kingship.”⁸

WHY SO MANY ABRAHAMAS?

Same person? Same story told with variations in name spelling that passed on throughout the Ages? Are they different men from different times who led parallel life experiences? Or, has the original story been borrowed throughout history to explain origins of nations? Perhaps they all were fathers of their nations leaving many descendants. Most everyone knows the story of the biblical Abram, whose name was later changed to Abraham, by an Angel. This name change indicated that Abraham would become the ‘Father of many Nations’, with as many descendants as there were sands at the seashore. It seems God told several other men, with similar names, meaning that they too would become the ‘father of many nations, or father of many children’.

The biblical Abram was born c.1996 BC, in a place called UR of Mesopotamia, living to be 140 years of age. Another man, Hammurabi (1792-1750 BC), was also from Mesopotamia, he became the 6th king of the First Babylonian Dynasty. This ‘father of many people’ had a code of laws, like those of Moses, for his people to live by.

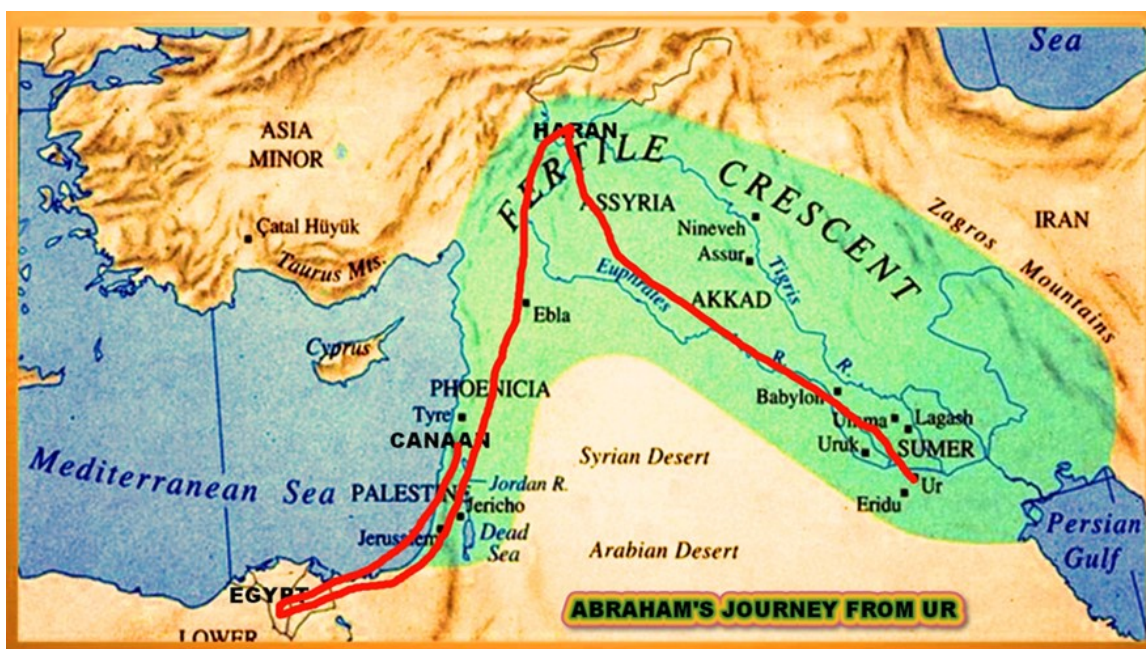

A third man named Brama, later changed to Brahman, from 1000-500 BC, had a wife, Shri, name similar to Abraham’s wife, Sari, later Sarah. Brahman was from India and was remembered as the father of many peoples. He was also said to be one of three divinities, which makes him different. Interesting about India, as the ET named Enlil was said to work in India, as well as in Mesopotamia.

There was Abriman of Persia, and Abarama, who may have been the same man as Hammurabi from Babylonia, who were the ‘fathers of many people’. It seems the story made its rounds from Canaan to Babylonia to India.

The story of Noah, the Ark, and the Great Flood, was known in many countries around the world with various name changes for the man Noah.

“Hammurabi was an able administrator, an adroit diplomat, and canny imperialist, patient in the achievement of his goals. Upon taking the throne, he issued a proclamation forgiving people's debts and during the first five years of his reign further enhanced his popularity by piously renovating the sanctuaries of the gods, especially Marduk, Babylon's patron. Then, with his power at home secure and his military forces primed, he began a five-year series of campaigns against rival states to the south and east, expanding his territory.”⁹

TRANSCENDING THE AGES

Clues from the Past

Perhaps it was about moving from one Great Age to the next Great Age – not necessarily about the location they were living at the time.

Adam & Eve left the Garden of Eden, was merely referring to their leaving the Great Age of Cancer and entering the Great Age of Gemini. Of course, there was no returning to the previous Age – just as we are unable to return to yesterday or to last year.

Abraham and Sarah leaving the land of Ur, in Mesopotamia, was merely referring to Abraham and family leaving the Great Age of Gemini (Sumer-Ur) and entering the Great Age of Taurus. They first went to Egypt, represented by the Age of Taurus, before settling down in Canaan.

The **Exodus of the Israelites** leaving Egypt is merely referring to this group of Hebrew people leaving the Age of Taurus (Egypt) and entering the Great Age of Aries (Canaan – Jerusalem).

The **return of the Israelites** to their homeland was merely following them from the Great Age of Aries (Jerusalem) into the Great Age of Pisces, represented by Rome– regardless of where they were living – it was never about a specific location; it was about the time in which they were living; leaving one Age and progressing into a new Age.

We all must transcend into the new Age when it arrives – there is no going back. You adapt to the higher training ground or stay stagnate. Think of it as transcending from 6th grade into the 7th grade. Whatever we have gained in one Age helps us with the new Age. Each advancing Age may seem to be more difficult, more taxing, but that how it is in training and testing. But alas, we have made it to the ultimate rung of the ladder before entering the Kingdom of Heaven. Hope to see you all there!

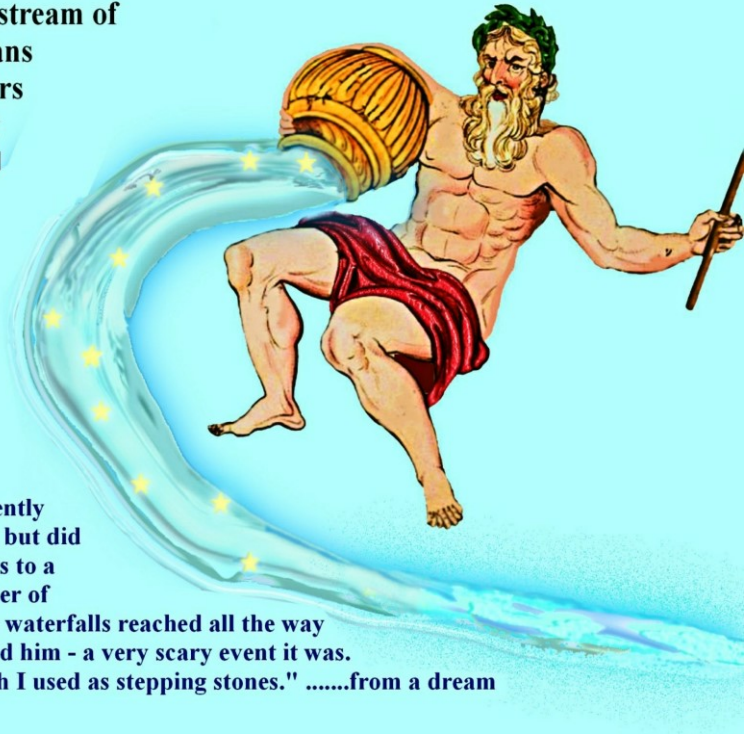

The Hebrew people, perhaps others, have lived in all 6 Great Ages from Leo right up to the present time. Aquarius being our graduation Age from the training grounds on Earth. This was only a TEST - how did we score? Will we graduate to the Kingdom in Heaven?

This is the constellation of Aquarius. The stream of water is called *Fluvius Aquarii*, which means 'River of Water'. There are numerous stars that make up this river of water and what appears to be a waterfalls leading upward into the heavens. Some stars are bigger than our Sun, some are much smaller and give the appearance of stepping stones that lead upward towards the source of flowing waters.

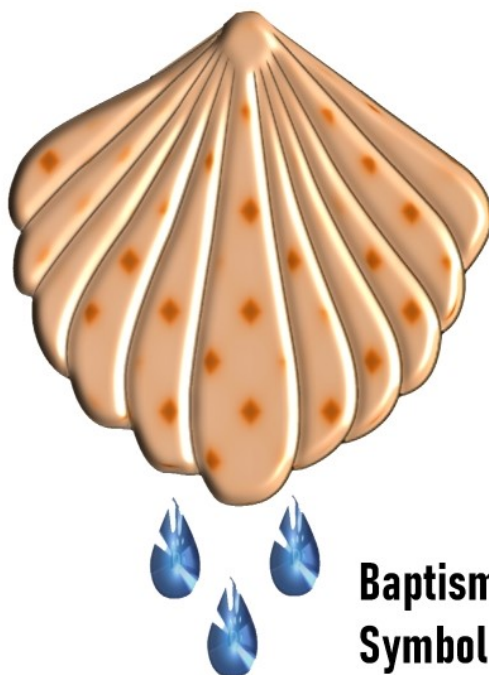

Perhaps there is a river and three stages of 'waterfalls' that reach up to the top of the urn.

"....He walked along the river's bank studying intently the waters flow...I followed him, he realized, I felt, but did not acknowledge my presence.... The scene changes to a mammoth 3-tired waterfalls with plummeting water of great force & tremendous volume. It seemed these waterfalls reached all the way to heaven. He went up the waterfalls and I followed him - a very scary event it was. The waterfalls seemed to have steps in them, which I used as stepping stones."from a dream

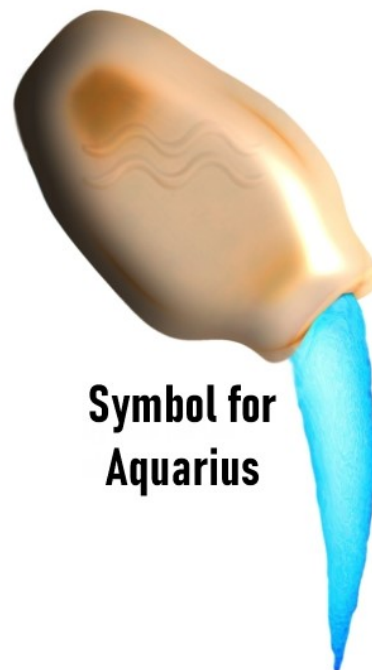

The 'baptism' symbol (below on the left) is telling us: 'Come up out of the waters of Pisces and be anointed with the Spiritual waters from the pitcher of Aquarius' holy water.

BAPTISM: RISING UP FROM THE WATERS OF PISCES

**Baptism
Symbol**

**Symbol for
Aquarius**

WHO WROTE THE NEW TESTAMENT BOOKS MATTHEW, MARK, LUKE & JOHN?

Who wrote the book of Matthew, and when was it written? After many years of research, the authorities on the subject say, “They don’t really know, but that it was written well after the 2nd Jewish Temple was destroyed.”

The 2nd Temple was destroyed in 70 CE by Roman General Titus. Researchers also believe it is highly unlikely that the author was the Apostle Matthew, the tax collector. Matthew was from the Hebrew tribe of Levi and would have spoken Hebrew or Aramaic, living amongst Jews. The book of Matthew was originally written in Greek. Matthew was killed in Ethiopia.

Who wrote the book of Mark, and when? Experts say the book of Mark was not written by any of the disciples, and that the author is unknown, but he was not a disciple. It is believed that it was written sometime between 68 – 85 CE.

Who wrote the book of Luke and when? Most concluded that Luke DID write the book bearing his name. Physician Luke was a close friend and companion of Paul, who was not one of the disciples. Paul would have had much influence on Luke’s writing of the book. This book was written somewhere between 66-110 CE.

Who wrote the book of Acts and when? The same author who wrote the book of Luke wrote the book of Acts.

Who wrote the book of John and when? It is believed that the book of John was not written by John the disciple, as he would have been martyred with his brother, James, prior to when it was written. The reasoning to attribute this book to John, was the fact they had said the author of Revelation was also John. If John had been previously martyred, how could he have written the book of John, and John 1-3 and the book of Revelation? I don’t know who wrote the book of John or the three other books bearing his name, but I have my own opinion on who wrote the book of Revelation, and it wasn’t John. You need to ask yourself, ‘if John was the most beloved of Yeshua, why was his life spared and the other disciples killed? Seems Rome /Jews would have John killed along with the others.

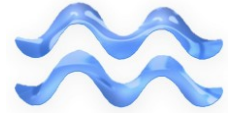

WHO WAS PAUL AND WHY IS THE CHURCH BASED ON HIS TEACHINGS?

Regarding the books written by Paul, who was not an Apostle or disciple, but a Pharisee ¹⁰, like his father. Paul, born Saul, never talked with Yeshua/Jesus person to person. He never knew Yeshua, nor was he among the multitude of people who followed Yeshua. In fact, Paul's father was much involved with the Roman authorities. Yeshua was not pleased with Paul and said so, he didn't trust Paul. Seems highly unlikely that Yeshua would have approved of Paul taking over, especially after Rome killed nearly all the disciples and followers of Christ. I believe Paul was not chosen by Yeshua to the very foundation for the religion bearing the name 'Christ'. And if he didn't approve, this would be 'taking the Lord's name in vain'.

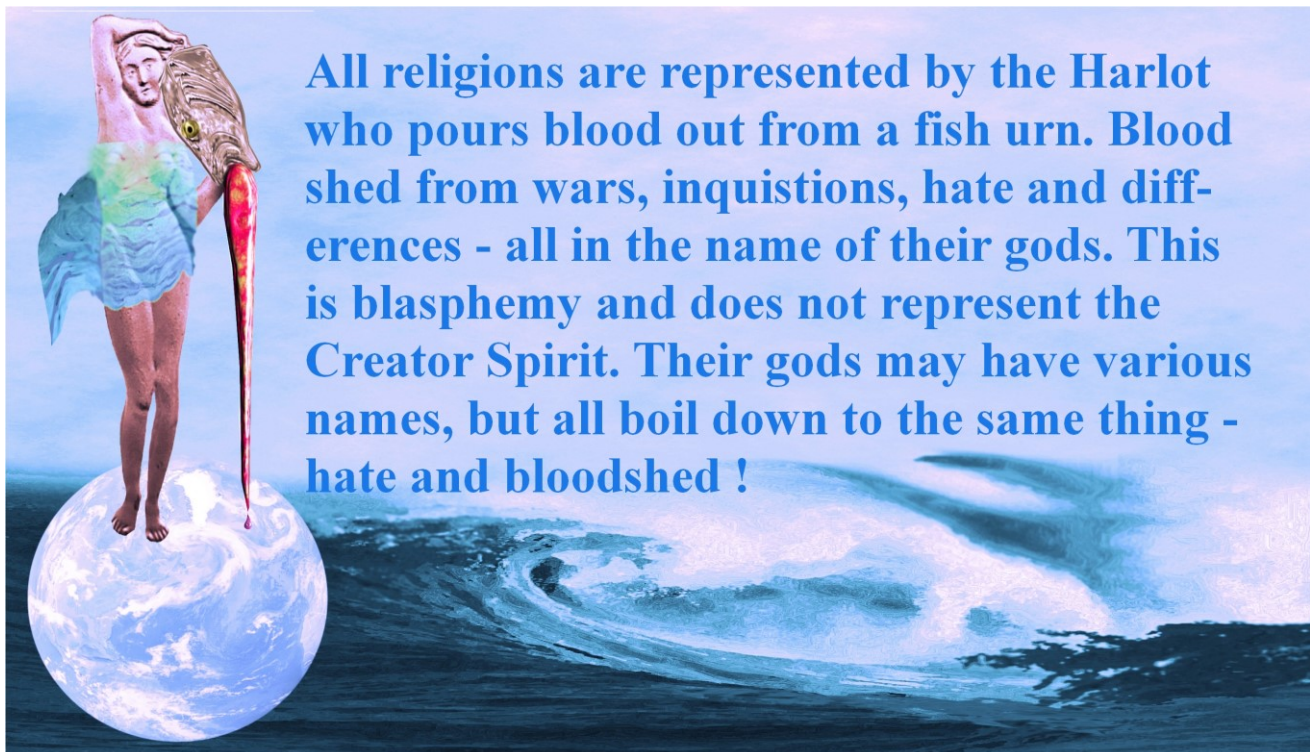

Paul is the first person to change the meaning of what the 'Anointed One' was about. He also changed the interpretation of the 'Good News' and what it was – how would he know – Jesus spoke in parables so others wouldn't know. Only a handful of selectively picked disciples knew at the time – but they were all dead when Paul took over. Yeshua came to Earth as a man to teach his 'lost sheep' and tell them about the Kingdom of Heaven – this was the 'Good News'. He intentionally spoke in parables so those around the multitudes would not understand – let alone go out into the world and preach the message to the world. Yeshua was concerned others would use the knowledge for their own ambitions, and boy was that concern well founded. Paul's writings changed all of Christ's teachings, and Paul's religion became the entire foundation on which the Catholic religion was based.

Yeshua never said that he came to Earth to be crucified and die for everyone's sins. To have all their sins erased from record. He never said that in order for anyone to get into heaven, they had to pay tribute and believe all the words written by a Roman religion that was based on Paul's version of the 'good news'. He never said that even though he would die for our sins, it would also be necessary that we believe in what Paul, or the church says, before we would ever make it to heaven. What merit, therefore, did it accomplish for Jesus /Yeshua to die for our sins if we must also believe in the Roman version of what Yeshua was all about?

Paul, via the Roman church, along with all her daughter churches, in my estimation, was the first anti-Christ, the second being Constantine the Great. The Kingdom of Heaven is as written in the book of Thomas, which was not included in the New Testament, along with Paul's writings. The Kingdom of Heaven was not created by the handicraft or ambitions of men. It cannot be duplicated, stolen, or erased from existence. The Kingdom of Heaven is not for unbelievers, it is not to be used for gain or evil. It is a natural state of creation that has been there throughout all the Ages and all the Eras since the very foundation of Creation.

BLOODY RELIGIONS – RIPE WITH WAR

THE GREAT AGE OF AQUARIUS

Aquarius is an Air sign, which has a symbol resembling water, but it is a much different element than H₂O. The water of Aquarius flows from the heavens out of a spiritual pitcher in the form of karmic water. It comes from above and represents goodly rewards and blessings; or it can deliver punishments and harshness. This water showers down on individuals in the form of great gifts and talents or delivers to us karmic debt. It all depends on how and what each of us has filled into our cup or pitcher. These spiritual showers can occur all throughout one's lifetime as Aquarius is in everyone's natal chart, regardless of when you were born. Some of the things that the Great Age of Aquarius rules is:

Independence, love of truth and freedom, outer space, astrology, astronomy, science and innovative creations, cyber communications, amazing discoveries, large corporations, limitations amid radical resistant movements, frequent natural disasters, shocking news and events, hardships and restrictions upon world populations, interstellar contact, personal aircraft vehicles, and a new 'religion', if you want to call it that, based on the "Kingdom of Heaven", with no longer a need for man's religions. Peace is never achieved during the Great Age of Aquarius, as Saturn and Uranus, the two planetary rulers of Aquarius are always at odds with each other. One stifles with harsh restrictions (Saturn), and the other (Uranus) demands truth, freedom, and independence for all. Both ruling planets have positive and negative traits and capabilities. Let's hope the positive overcomes the negative traits.

The Great Age of Aquarius will be nearly the opposite of the nebulous, watery sign of Pisces. Aquarius is an Air sign and every human being on planet Earth will see and feel life quite differently than those who lived part of their life in the Great Age of Pisces. Like Pisces, Aquarius has two rulers, Saturn, and Uranus. Saturn has a pattern trait of being quite restrictive, seen in the planets many rings. Under the rule of Saturn, there will be burdens placed upon humanity that limits their freedom of movement and expression. Reminds me of what the Russians lived through under Stalin. Because Pisces had Jupiter as co-ruler, allowed for a throw-away society, there was freedom of expression and creativity in the later years of Pisces – especially during the ‘overlap’ period from 1900 – 2020.

Saturn desires practicality in what we do, limiting our choices, implementing harsh restrictions, and causing hardships for the less privileged. While Jupiter allows millions of cars on the roadways, Saturn will see the harm in that and will make changes. This is where Uranus helps Saturn, Uranus’ traits are sudden, shocking, revolting – so don’t be surprised by sudden changes that will shock everyone, which will cause riots and revolts. Just as people who lived through the Great Depression of the 1930’s, the least affected were those who lived off the land and were quite self-sufficient. Those who depended on banks, factories, markets and lived in the cities were the most affected. My grandparents never saw anything unusual about the ‘great depression’ as they only lived within their means in rural America. The 1930’s were a tiny hint at what could be coming in the future for societies around the world. The biggest difference will be the opposite of the 1930’s. Could be the poor and less fortunate that suffer most. A ‘coming together’ is part and parcel for that ‘one world government’ that the so-called ‘elite’ are striving for without the populace privy to their plans. There will be wars going on for the first 300-500 years off and on in this new Age that we have entered. Once the people who wish to dominate the masses

are gone, there will come a more sensible society – one that benefits all, and all alike. But first, the hardliners will try their hand at a ruthless rule, much like Satan wanted to rule with a heavy hand and force people into obedience. This happens but not for long, however. You might not see the good change in your lifetime, perhaps your great grandchildren will. Aquarius rules the 11th house on the Mazzaroth wheel, which means it too has traits, that being brotherhood, altruism, friendships, community groups wanting to achieve a better life for the planet and for all peoples. For this to come about, all religions must be eliminated, they are the cause of most wars and unrest. Hopefully, the Kingdom of Heaven will be made manifest all around the world!

From the words of Yeshua himself:

Matthew 13:10-11:

When the disciples came and asked of Yeshua...

"Why do you speak to them in parables?"

And he then answered them...

"To you it has been given to know the secrets of the kingdom of heaven, but to them it has not been given."

Note: Not all people are meant to know about the Kingdom of Heaven

Why? Because they would use it for evil - devising & crafting a different 'Kingdom' unto themselves Which they did in the end anyway.

From the words of Yeshua himself from the Book of Thomas # 106 and #108

Yeshua speaking,

"When you make the two one (the soul and the body), you will become the sons of man, and when you say, 'mountain move away', it will move away."

(Note: mountain meaning problems, burdens, sufferings, stumbling blocks, etc.)

"He who will drink from my mouth will become like me. I myself shall become he (speaking), and the things that are hidden will be revealed to him."

(Note: 'become he' meaning that Yeshua and the student become one in understanding. When we speak the words of Yeshua, it is as if He is speaking.)

"And God said, Let there be lights in the firmament of heaven to divide the day from the night; and let them be for signs and for seasons, and for days and years. He made two great lights, the greater light to rule the day, and the lesser light to rule the night; he made also the stars. And God set them in the firmament of the Heavens to give light upon the Earth" Genesis 1:14-17

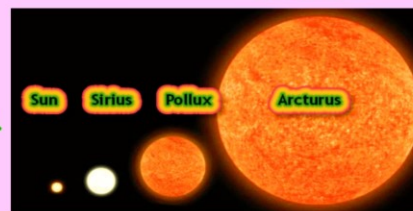

Pleiades

Arcturus shines 110 times brighter than the Sun.

Orion

"Who can bind the sweet influences of Pleiades, or loosen the bands of Orion? Can you bring forth Mazzaroth in its seasons? or, Can you guide Arcturus with his sons? Do you know the ordinances of Heaven? Can you set the dominion thereof on the earth?" Job 38:30-33

**The mystery behind the
KINGDOM OF HEAVEN**

Shifting from one Great

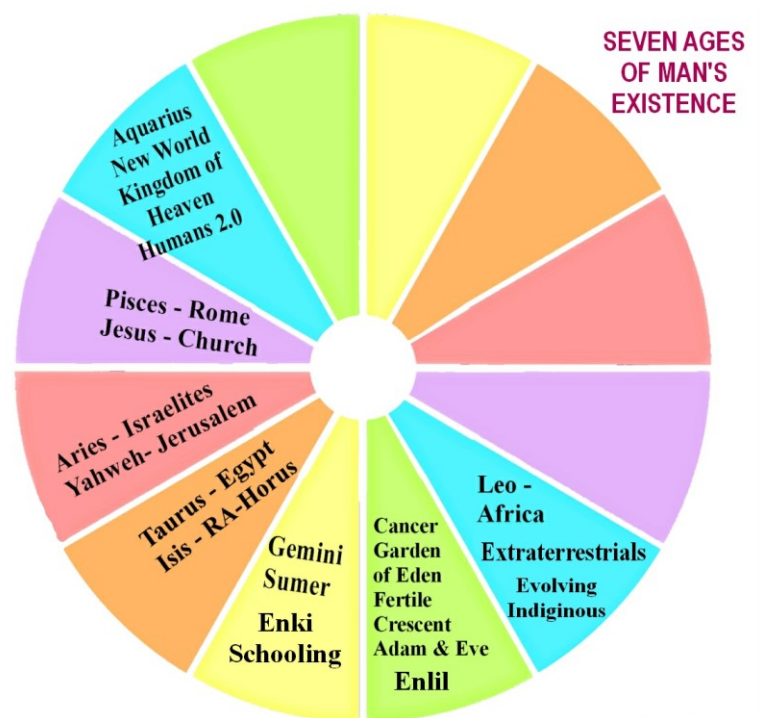

Age to the next Great Age

Adam & Eve' removal from the Garden of Eden...were they forced out because of their sins or was the original record's intent actually be referring to them leaving the Great Age of Cancer, as this is where the Garden of Eden was located...the Fertile Crescent. Perhaps they were merely progressing into the next Great Age of Gemini, which would have occurred regardless of sin.

When 'time' moves from one Great Age to the next Great Age, it is how Creation was set up and cannot be stopped, halted, or changed. Adam and Eve, and family, along with the Indigenous peoples, entered the Age of Gemini.

At the Fertile Crescent, the god, Enlil, skilled in agriculture, grew many edible plants, flowers, trees, both fruit and non-fruit, there were rivers and lush vegetation. People were never 'kicked out' of the fertile crescent, there was always people living there. Insomuch, as there was no returning to a previous Age, it did not mean people had to literally leave the area. It was all a matter of time marching forward not so much the populace of people changing homelands. It was about changing from one Great Age into the next Great Age.

The Exodus of Hebrew people leaving Egypt may also refer to leaving the Great Age of Taurus (which was Egypt) and entering the Great Age of Aries (Canaan-Jerusalem). Moses and the eldest of Israelites 'not being allowed' to enter the 'promised land' was more like 'they refused to move onward', just as the Amish refuse, just like the Orthodox Jews refuse, just as my pier group are not budging from their set ways. The 'promised land' was the Age of Aries, and that Age belonged to the Israelites and Jerusalem, there is no doubt about that at all.

The Hebrew people, perhaps others, have lived in all 6 Great Ages from Leo right up to the present time. Aquarius being our graduation Age from the training grounds on Earth. This was only a TEST - how did we score? Will we graduate to the Kingdom in Heaven?

Then we move forward in time when the Great Age of Aries was ending, and the Age of Pisces (c.100-44 BCE) was at hand. The Southern Kingdom of Judah, the Jews, resisted advancing their culture and belief system to align with the Age of Pisces, they suffered greatly all throughout the entire Age of Pisces, but then, so did millions of other people, not just the Jews.

On the other hand, the Northern Kingdom of Israel, the bulk of Israelites, did move on with time. They moved on so entirely, that they have forgotten who they were originally. Today there are many 'Jews', the Orthodox Jews, who will, undoubtedly, also refuse to advance into the Age of Aquarius. Albeit time marches on, with or without them.

Moving forward to the Age of Pisces, which has recently ended, and advancing to the Age of Aquarius, there are those who will refuse to join the 'new-agers' by changing with the times to an Age that seems foreign to them. Their acceptance may take 100 years or more, before acceptance with the fast-paced Aquarius.

Yeshua says - Matthew 13-10-11
When the disciples came and asked of him, "Why do you speak to them in parables?" And he then answered them...
"To you it has been given to know the secrets of the kingdom of heaven, but to them it has not been given."

Bringing in the Sheaves

The Great Harvest is taking place, look around you - what do you see? For example, first we saw how Obama created a big division among Americans. Separating those with no moral compass from those who preferred to live by a moral code of ethics.

Now Trump, refining, thrashing and dividing for the pure harvest...more separation of stubble from seeds. Soon the hot winds and fires will burn away the stubble but first the life-producing seeds must be harvested.

A threshing machine or thrasher removes the precious seeds from the stalks and husks. The seed itself is an embryonic life-form of the mother plant and is needed for replanting and for producing nutritious food for humans and animals. The stalks and husks are stripped away from the seeds using forceful agitation called thrashing. Once the husks and stalks are completely separated from the seeds, the residue is then burned or used for livestock bedding.

The seeds are gathered and saved as they contain the embryonic pattern for a new existence.

Betmatriho author

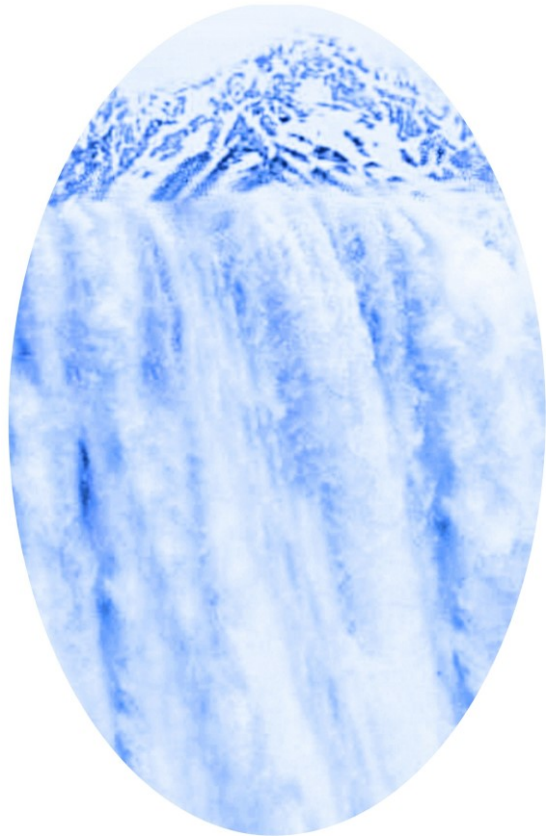

POPE SELLING INDULGENCES

THIS IS MY JESUS DREAM

Beginning of Dream:

Jesus appeared in a long white robe and above his head was a radiant glowing crown. He walked along the river's bank studying intently the waters flow. He walked for some distance looking continuously into the river and as he walked the riverbank, I followed him. He realized, I felt, but did not acknowledge, my presence at this time. I knew that he wanted me to follow his footsteps along the river.

Second Scene

The scene changes to a mammoth waterfall - a three tiered waterfalls with plummeting water of great force and tremendous volume. It seemed these waterfalls reached all the way up to heaven. The heavenly man proceeded to walk directly up the waterfalls. I in turn, followed him, although extremely terrified. It was a treacherous ordeal for me to say the least, but I knew I had to follow him. The waterfalls seemed to have stones in them which I used as steps to help my climb up the turbulent falls. I was, as I remember, scared to death.

After I reached the top of the highest falls, I found myself on top of a mountain. A very awesome mountain-top in fact. I saw the heavenly person standing there with his back toward me - he was looking upward, arms outstretched, palms upward. As he stood there I felt with all certainty, that he was communicating with the Great Almighty God. No words were spoken (out loud that is), but I knew he was conversing with the Supreme God. Thick dark mysterious clouds surrounded the mountain top and swirled around me like a thick (lavender I think) fog. The feeling there on the mountain top was a most unforgettable and Holy experience indeed. I felt a sanctified glory in the air as if the very presence of God was there in the mist. A total awesomeness from the entire experience was beyond explanation, and one I shall never forget.

Third Scene

Yeshua then turned, and without yet acknowledging me following him, proceeded to go back down the waterfalls. I followed him. Going down was even trickier for me, not an easy task at all. While coming down the second tier of falls I was aware of people's voices shouting at me from the ground

below. They were saying things like: “Get down from there.” “Are you crazy?” “What are you doing up there?” “Get down from there this instant.” I remember ignoring them and then continued to follow the Holy man down the falls.

Fourth Scene

The scene below was of a bazaar or fair. Many people had booths set up to sell handmade items and crafts. Homemade items were sprawled out over the grass as well. The Holy man, Jesus/Yeshua, walked into one little shop where the workers had been making Easter candy. The workers were out to lunch at the time but there were various pieces of Easter candy placed out on the table. He picked up a piece of the candy, looked at it inquisitively, and then tasted it. He was quite unfamiliar with the taste and was wondering what it was.

“Easter Candy”, I heard myself say out loud, realizing his wonderment. “Easter Candy”, he repeated after me, and then immediately laid it back down as it was strange in his mouth. He then left the shop and I continued to follow him. We observed many people buying pretty flower crowns from a vendor with a small stand. Everyone seemed to be wearing these beautiful flower crowns. They were very pretty indeed, and for a moment I too wanted one, but as if through telepathy, Yeshua said ‘No’. I also sensed that he did not want me to participate in any of their activities. I did as I was told and did not buy a flower crown.

Fifth Scene

In this scene the Holy one finally acknowledged me behind him, as he looked straight at me, a very loving feeling overwhelmed me. He was, without speaking, telling me that I was one of the chosen people of God and I was to be given a special task to do. I felt very joyous inside. Very positive and confident of his acceptance. Although I had looked right into his eyes, his face does not register in my mind today, nor did it the next morning after having the dream. Only the overwhelming feeling of a holy kind of love and acceptance.

Sixth Scene

The scene changes to a very large room filled with people. I believe they were all women. They were seated and being seated in pews. I was among them. We were all waiting for the Messiah. The Holy one, Jesus / Yeshua, had gone from my dream at this point, I know not why or where he had gone. All the people had their beautiful flower crowns upon their heads. They all seemed happy and confident having on these crowns.

I know that I did not have on a flower crown and assumed this was the reason why everyone was staring at me. They whispered to themselves while others looked at me as if singling me out. I then asked the lady seated next

to me, “why are they all staring at me”? She told me that I had a glowing radiant crown on my head of which they were all intrigued. I felt my eyes look upward and sure enough I saw a brilliant shining glow above my head. It was not a tangible crown but rather like a glow from a hundred candles. Instantly I knew this crown was a gift from the Holy one and was not unlike his own. I was very glad that I had not purchased one of their pretty flower crowns, as I was now aware of the fact that their crowns would soon wither away. Mine was the real thing and would last forever – this, I felt with all certainty.

I sat there feeling quite at peace. My heart was very still, and I quietly awaited with the others for the coming of the Messiah. A joyous happy feeling filled my entire mind, body, and soul. A contentment beyond words.

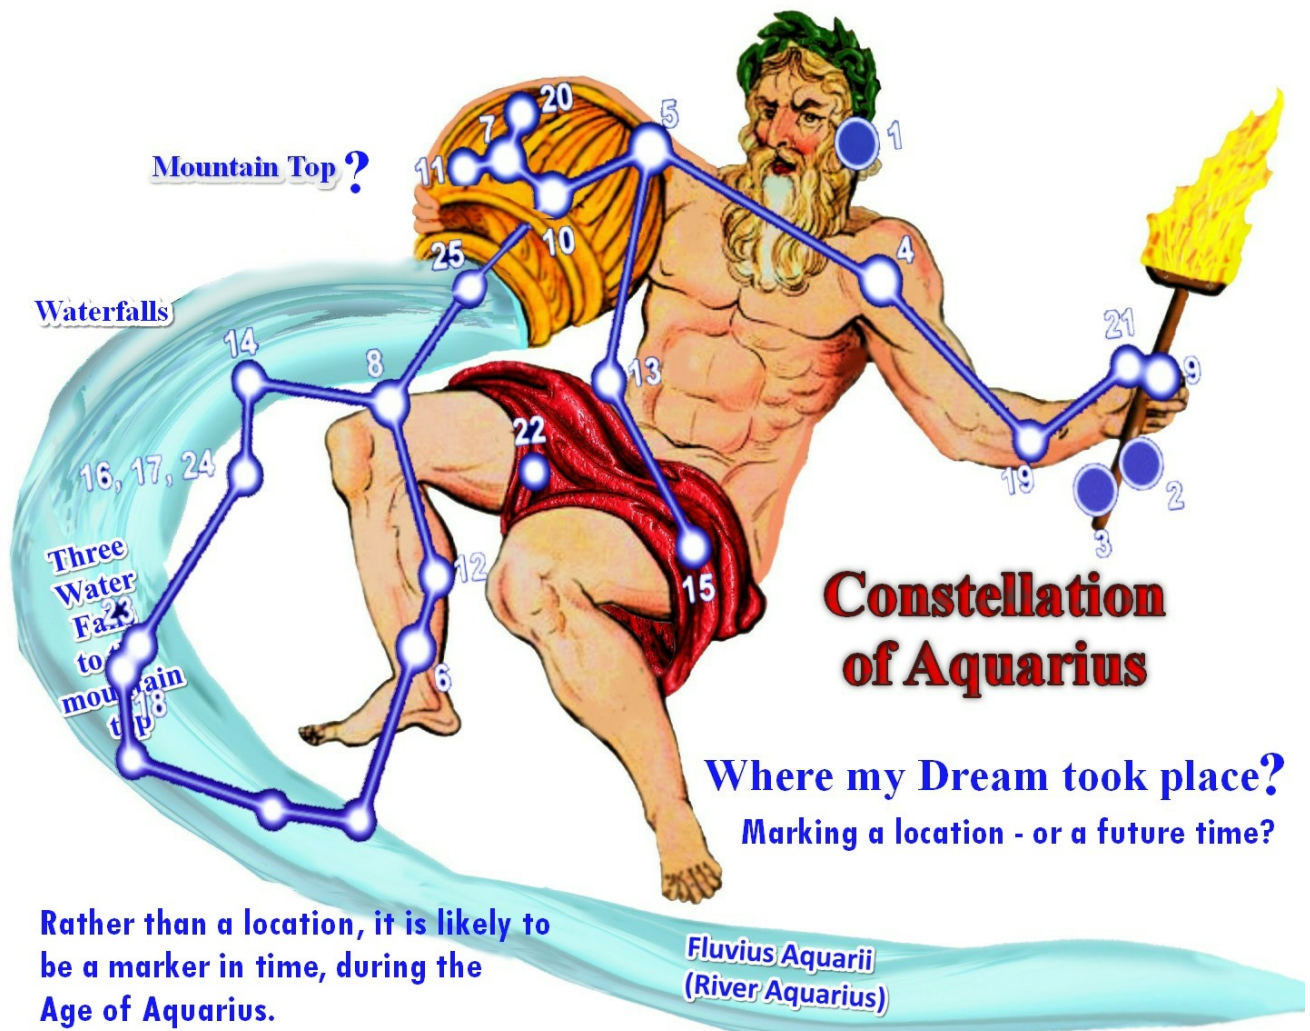

End of Dream

**Location of Dream: Lakewood, Colorado
February 14, 1986, 3:00 AM**

From that very day forward, I have been diligently studying, learning, and seeking knowledge and wisdom beyond that of the flower crowns.

Note: At the time of the dream, the Holy One was Jesus, I have since referred to him by his Hebrew name, Yeshua.

The Great Ages

THE GREAT AGES OF TIME

Aquarius

The long-suffering Age of Pisces ♓ officially ended on December 21, 2020, to be exact. However, there was an overlap about 100 years beginning in the early 1900's, where Pisces and Aquarius were both experienced. The events, such as the Wright Brothers setting in motion the early stages of flight, Edison and Tesla working with electrical inventions, introduction of telephones and automobiles are all Aquarian in nature. The overlap had begun.

Definition of the Great Ages: The Great Ages are based on the procession of the equinoxes and the retrograde vibration of the earth's axis through the known twelve constellations, which lie in a circle around the earth, along the ecliptic, the belt of the equator. This retrograde, or seemingly backward motion, according to astronomers, takes 25,920 years to complete (360×72 degrees), which amounts to 2160 years per Great Age. Using figures found in the Bible, my calculations come out differently (360×70), which means 25,200 divided by 12 constellations is 2100 years per Great Age. Since prophecy also states that time will be speeded up toward the end of time, 70 degrees is what I use. Constellations are of different sizes so each Age varies in duration. In the Old Testament, Elohiym states that he gave the Israelites 70 "weeks" to bring about completion of what was expected of them. He didn't say 72 weeks, he said 70 weeks, which is not a literal week count - it is a pattern that is interchangeable.

It was about moving from one Great Age to the next Great Age

Adam & Eve exiting the Garden of Eden, was merely referring to them leaving the Great Age of Cancer, and entering the Gt. Age of Gemini. Of course there was no returning to a previous Age - just like we can't return to yesterday.

Abraham & Sarah leaving the land of Ur in Mesopotamia, was merely referring to Abraham leaving the Age of Gemini (Sumer-Ur) and entering the Gt Age of Taurus. He did go to Egypt before settling in Canaan.

It was not merely relocating homelands, it was about moving from one Great Age into the next Great Age.

The Exodus of Israelites leaving Egypt is merely referring to this group of Hebrew people leaving the Age of Taurus (Egypt) and entering the Sign of Aries (Canaan-Jerusalem).

The return of the Israelites to their homeland was merely following them from the Gt. Age of Aries into the Gt. Age of Pisces - regardless of where they were living - wasn't about location, it was about time.

The Hebrew people, perhaps others, have lived in all 6 Great Ages from Leo right up to the present time. Aquarius being our graduation Age from the training grounds on Earth. This was only a TEST - how did we score? Will we graduate to the Kingdom in Heaven?

Yeshua said... Thomas # 113

His disciples asked Yeshua, 'When will the Kingdom of Heaven come?' He responded...

"It will not come by waiting for it. It will not be a matter of saying here it is...or there it is.

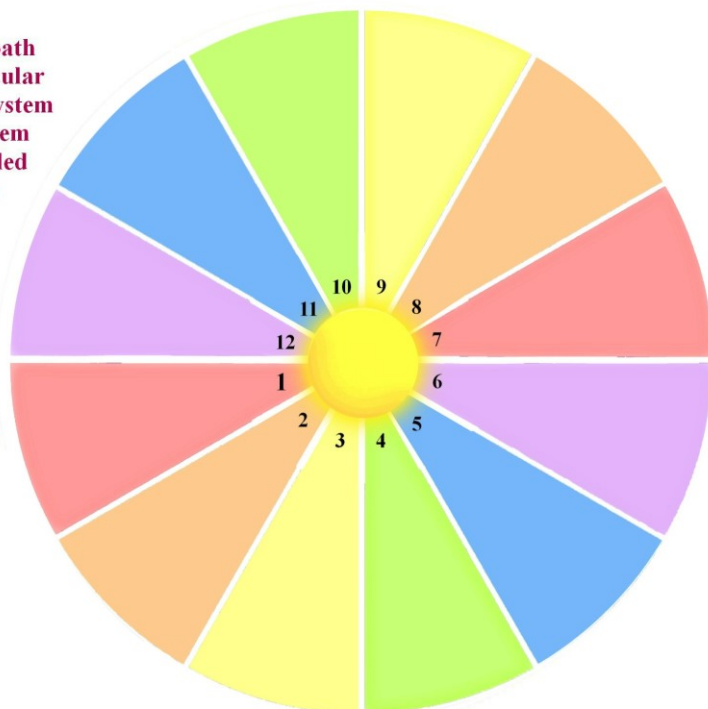

Rather, the Kindom of the Father is spread out upon the Earth, and men do not see it. Blessed are the solitary & elect, for you will find the Kingdom. For you are from it, and to it you will return."

Although the planets move in an elliptical (oval) path around the SUN, their roadmap is drawn in a circular wheel. This type of roadmap charting the Solar System can be calculated to show you what the Solar System looked like at the time you were born - this is called one's birth or natal chart. For a much larger view of the heavens, we can study how the Great Ages of time past has affected populations of the Earth and history.

Today, we are living in the 7th Great Age of humankind, since the Great Age of Leo. The Great Ages move in a clockwise journey around the wheel, while viewing one's birth chart, the the planets move counter-clockwise on the wheel. This, because the later is relating to your place on Earth, the other is looking up at the sky.

Looking at the wheel at right, beginning with:
House # 1 this is Aries, #2 is Taurus; #3 is Gemini; #4 is Cancer;
#5 is Leo; #6 is Virgo; #7 is Libra; #8 is Scorpio #9 is Sagittarius;
#10 is Capricorn; #11 is Aquarius; #12 is Pisces.

#1 ruled by Mars; #2 ruled by Venus; #3 ruled by Mercury;
#4 ruled by Moon; #5 ruled by Sun; #6 ruled by Mercury;
#7 ruled by Venus; #8 ruled by Mars; #9 ruled by Jupiter;
#10 ruled by Saturn; #11 ruled by Saturn; #12 ruled by Jupiter

HEAVEN & HELL and the TESTING GROUNDS OF LIFE

Years ago, someone wrote asking for my opinion on 'heaven and hell'. This article will cover these two subjects, for they most assuredly will eventually find their way into just about everybody's mind at one time or the other during their lifetime on this planet.

First, let me say that if there is a 'heaven' and a 'hell', then there must be a 'third', or middle ground, which we presently occupy - assuming that neither of us are presently in heaven or hell. We all have an idea of where heaven is not and have a dream of what we would like it to be, likewise, we all know that hell is a place that we do not want to visit - not even for a little while. The mystery then becomes - where is this middle ground... that place between heaven and hell, which we ultimately must experience, before reaching either heaven or hell.

The middle ground would be a testing or training ground where experience, lessons learned – or not learned, dealing with stumbling blocks, testing our actions when dealing with life's ups and downs. How we respond with our actions and decisions would be important, but also acquiring wisdom gained through learning would ultimately assist our growth as a spirit-creature. Here we learn what information to keep, and that which belongs in a lower level of existence and should be immediately discarded. In this training and testing ground, the gathering of experiences, both easy and difficult, takes place nearly daily. We learn from life's experiences and ideally will make better and sounder judgments on how to deal with life in the future. All this testing is not merely to make our physical life easier while on Earth, but the ultimate goal is to progress our souls to a higher level.

Most people, while in this testing ground called life, prevail over the darker forces of evil, where murderers, rapists, three-time losers, and ruthless dictators reside. Staying out of the wicked scene comes easy for most people - when everything is going smoothly, however, many do find themselves unwilling, or unable to

overcome the emotions of their 'lower animal self', and consequently give in to the ugly 'demons' of hate, anger, revenge, jealousy, and bitterness. These emotional 'demons' can easily turn a seemingly normal person into a raving lunatic that can find him/herself in a hell on Earth, if allowed to enact upon such demonic powers of darkness. Hell is the negative force - opposite of Love and Creativity and is the furthest place from Heaven. In this testing grounds there are Creators and there are Destroyers – to tell the difference between the two, the fruit does not fall far from the tree.

Heaven encompasses the total essence of harmony, benevolence, light, love, wisdom, and creativity. Once obtained, through many lifetimes spent in the testing ground, the accomplished Ascending Soul becomes a creative person who feels alive within his/her own soul that external stimulus from the material world is not needed. This person has a strong sense of self and is independent, but is often seen as rebellious, untraditional, or revolutionary, when it comes to presenting ideas to a society, which has kept its victims in darkness for years upon end. There is no need for the Creative person to cling to material things, or to other people for fulfillment. For the Creative soul, their cup runneth over in all things deemed important to them. Power struggles are non-existent in the life of a Creative person, and he/she sees stumbling blocks and problems as challenges and will thrust ahead where others put up big red stop signs.

An accomplished person about to enter the utmost realms of their progression never manipulates or deceives another, nor do they hold another soul back from progressing. They take charge of their own destiny outright and with great enthusiasm. Above all, a Creative person never censors him/herself, nor do they care what others say or think, for they see themselves on a path set apart from the majority and pursues that goal with passion and confidence. Like any good scout - they make poor followers – they are on a mission, which is to achieve the highest realm of progression.

The opposite of a Creative person is the Destructive person who wants nothing more than to destroy Creative people. The Destructive person by comparison, requires much external stimulus to feel alive, as he/she is unable to create on their own - they become users and abusers. They are brain-dead without a world of objects and other people as their life loses all meaning when circumstances force them to live without their material world. The Destructive person cannot bear to see others happy when they are not, so they strive to tear down the enthusiasm of Creative people. Destructive people are ambitious, competitive, manipulative, hypocritical,

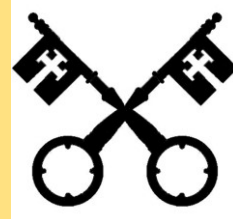

immoral, and feel a great sense of accomplishment from the loss and ruin of their victims, especially when they have done the dirty deed of bringing others down. They are abusers who destroy beauty, creativity, trust, and everything that they cannot control. Their biggest trait is fear, which triggers an array of emotions that ripple out amongst their environment touching all persons who enter their world. They often seek out a cause and thrust themselves into this cause to avoid responsibility, and when this cause goes haywire, the Destructive person becomes depressed, suicidal, and aggressive, hurting especially those who love them most. Held sacred to the Destructive person, is his own image, his own success, his material possessions, and his ability to destroy others. This person without realizing has created his own Hell.

WHO WAS / IS LUCIFER?

Lucifer was created as a Great Spirit of Light at the beginning stages of creation and was appointed the cherub protector and messenger of God. Lucifer was given a high degree of light (wisdom) and was wise and knowing above other cherubs. The name 'Lucifer' (i.e., Heylel), means shining light, as in wisdom. In relating Lucifer to most recent Earthly patterns, he would be the Roman Church and the religion it has crafted. Over centuries of Papal history, they, themselves, have stated they are the 'vicars of Christ'. There are hundreds of written histories that declares their position to be God on Earth, victorious over a dead Christ. Rome and the Church are bound together as a complete package. The two keys of the pope indicates that they alone hold the keys to heaven and hell, implying no soul makes it to heaven without first going through the pope/church. To liken Lucifer to a heavenly body, it would fall under the pattern of Jupiter. Jupiter, once the sole ruler of Pisces and the 12th house was cast down - replaced with Neptune. Jupiter walks the coals of fire in the fire sign of Sagittarius. So, the 'cherub' that covereth was-is planet Jupiter, whose rulership includes religion, wisdom, boastfulness, riches, philosophy and wanting to obtain the highest best placement on Earth and in Heaven.

Rome's boastful realm was surely not the first such 'gods on Earth', it started with ancient Babylon—look to Nebuchadnezzar's statue for the kingdoms throughout history that fall under 'Lucifers' army of craftiness and deceit.

Lucifer was not the Son of God – he (Jupiter) is the largest planet but not the king of the Solar System. Papal history can be researched easily, which tells their position in regards to being victorious over the Anointed One. ¹²

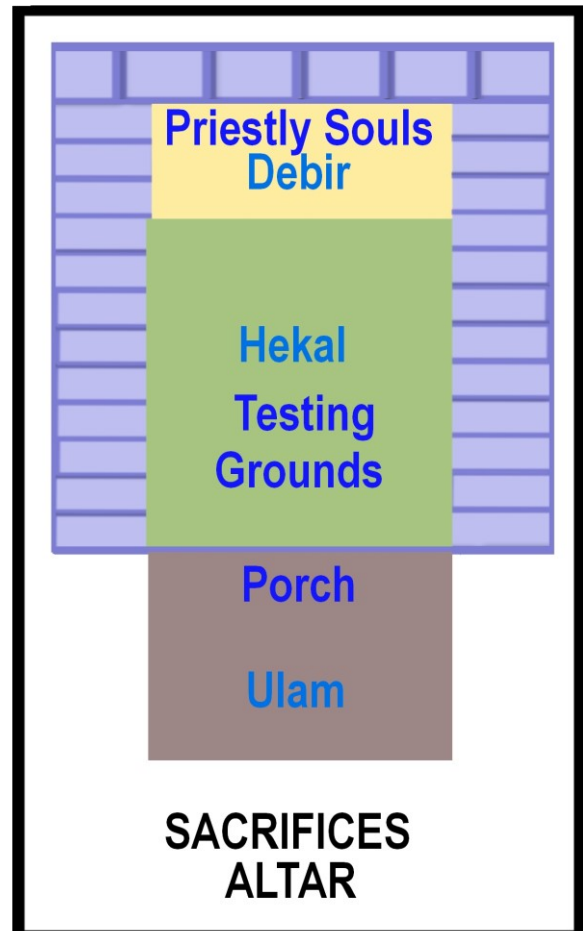

LOCATING THE PATTERN FOR HEAVEN, HELL, AND THE TRAINING GROUND

The pattern for all three locations - heaven, testing ground, and hell, has been given to us in ancient writings, scriptures, and historical and archaeological evidence. The most famous one being Solomon's Temple, which consisted of the pattern for these three locations.

Highest of Holiness: The pattern for Heaven is the Highest of Holiness, called the Debir - which unscrambled spells 'Bride'. This was the inner-most room, an oracle in the temple shrine where only the High Priest would or could attend, as this place was too holy for the common unholy person to be admitted therein. Placed in this shrine room was the Ark of the Covenant and it was said that this was the dwelling place of God. There were times when the Almighty God would communicate with the High Priest into a device on top of the Ark of the Covenant, via Radio Waves. There was a blue veil, reflecting the heavens that separated the Debir from the other two locations. The Holiest room was overlaid with gold to show the purity and importance for which it was constructed.

Second Holy Place, which implies two words: Yakowl, which spells way, walk, oak [as in sturdiness], and Hekal, which spells 'heal' for healing the souls of men and women. This was the main hall of Solomon's Temple pattern. This great room was open to all who had sacrificed their animal at the altar in the porch area and wished to proceed to higher levels. The word 'Yakowl' means to prevail, overcome, endure, have power, to have the strength of a mighty oak, and become victor against all the evils of the lowest level. This area is the middle ground where most people stand today, at some degree. Some stand closer to the Blue Veil, and some insist on remaining closer to the outer edges of the Porch Area.

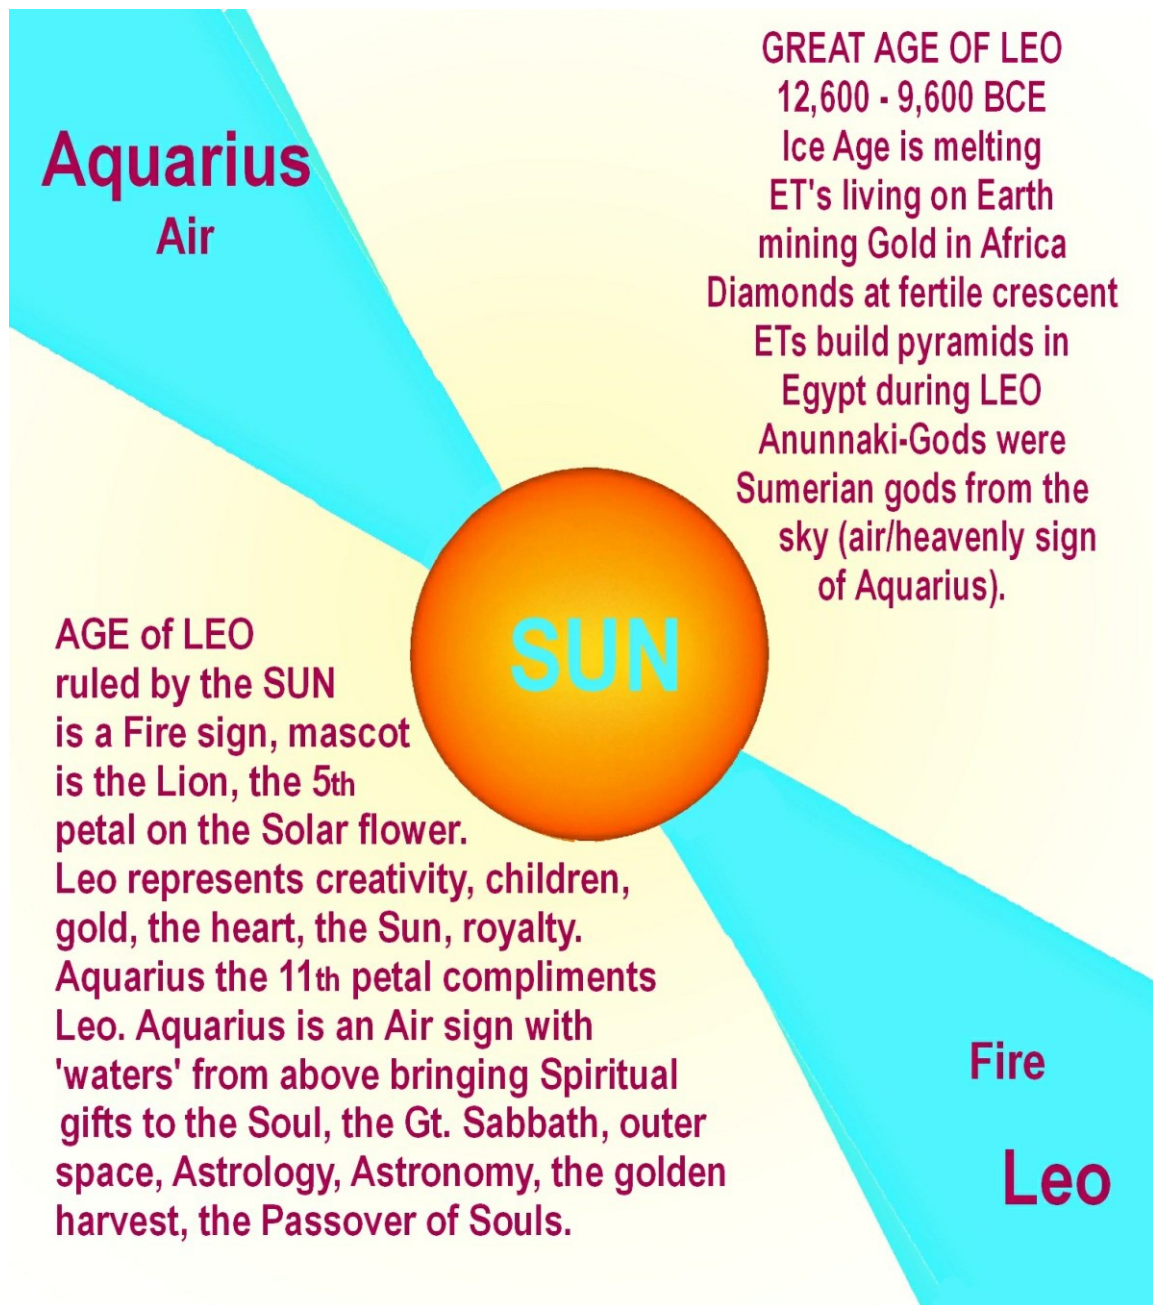

Each individual soul, or person, can choose where to walk and when to progress upward along the way of life.

Porch Area - Ulam - which suggests a 'lamb' as in 'sacrificial lamb'- this was the porch section, and to progress past the porch, one needed to sacrifice an animal for their sins. We now understand that we enter this world through this altar arena, which captures the expression of being 'born in sin', not the baby's sin, but the world into which the baby is born is sinful. The Porch area represents the pattern of all things physical, material, and animalistic - the Ego. Here once stood the altars of bloody sacrifices, where young souls would learn, through experience and knowledge, that destructive actions, and reactions would only keep their souls chained to the torrents of hell - usually of their own making. To ensure their release from these strangling bonds, they must sacrifice their EGO, not an animal. When Yeshua was crucified, it ended the need for any further sacrifices, but we must still progress out of this altar-porch area before entering the Second Holy Place. Many souls never make it out of the Ulam, aka Hell, for they give in to the forces of darkness.

This physical temple erected by Solomon was many times pillaged during the course of history, and then finally destroyed by King Nebuchadnezzar of Babylon. He burned the temple and carried away material treasures with him to Babylon. The ancient nation of Babylon destroyed the physical temple pattern, and spiritual Babylon has done much to destroy the meaning of the spiritual pattern of the Temple, but alas, not even the gates of hell can prevail against the patterns set forth by the Creator of all things. The pattern still prevails, as it belongs to the created natural science and order of the Creator. Yes, there is a Heaven and a Hell, and there is a third place, called Life - which is the testing and training grounds for all Souls. The goal being to progress up "Jacob" ladder to reach into Heaven.

Book of Thomas verse (33) Yeshua said, "Preach from your housetops that which you will hear in your ear. For no one lights a lamp and puts it under a bushel, nor does he put it in a hidden place, but rather he sets it on a lamp stand so that everyone who enters, and leaves will see its light."

You have been deceived

Why would you trust Rome and the Vatican with your everlasting life? What if they have deceived you at every turn? Wouldn't you want to investigate what the man you call Jesus really came to Earth to do? He came to bring you the 'good news' about the Kingdom of Heaven. He said this Kingdom was everywhere and it has always been part of the Sun's Solar System. Just because people can't see it, doesn't mean it isn't there. Do you know what Heaven's Kingdom is? This book gives you a crash course on the subject.

Remember that bible story about King Nebuchadnezzar's dream of a giant statue, which represented five powerful nations, beginning with ancient Babylon? All five nations built on the foundation of early Babylon that continue even today. What was it that was passed down through the Ages that was so bad? You will see. The feet of this big statue were made of a mix of iron (Rome) and clay (religion). The church that came out of Rome, and her daughters, are the clay. They reason it is called 'clay' is because the religion was crafted by artisans over the Ages to suit their own kingdoms and their own image - not that of Heaven's Kingdom.

As a result of several powerful men over the years who have changed the 'good news' into something very different than what it was meant to be, they have deceived the world. It is not recognized by Jesus/Yeshua, so he will destroy this crafted and molded kingdom with a mighty force that comes from Heaven. The Kingdom of Heaven is forever -eternal. What do you have to lose by reading what this book has to tell you?

Heaven's Kingdom is not for everyone and for that reason Jesus/Yeshua spoke many times in parables - so they wouldn't understand. It is only for those who recognize his voice and believe on HIS words and not some crafted religion that came by the way of Babylon, Medo-Persia, Greece, Rome, and down to the Holy Roman Empire and the religion that it produced on the back of Yeshua/Jesus. Rome deceived followers of Christianity and holds them in bondage. The religion and its church is the 'Easter Candy' in my Jesus dream.

ANCIENT MEANING FOR NAME ISRAEL

Is it just a coincidence that the name "Israel" incorporates three gods/goddesses, or is it the true intent for the name, Israel? **IS - RA - EL**

Hebrew Concordance #3478 = pronounced Yis-raw-ale, written Israel

#3478 consists of #8280=Sarah, means to prevail; plus #410= as God

Ishtar, Ashtoreth, Ianna, Isis were all names for Venus, who was the goddess of love, beauty, grace.

Yis=Ish, Ash, Is; ra=RA; el =God - Venus rules with God

ISIS

ISIS was an Egyptian goddess who represented the feminine side of the throne or the Queen portion of the Sun. Isis dates back to the 5th Dynasty. She was the virgin mother of a son named Horus, who represented the Sun. Horus' name at times was interchangeable with the name RA.

RA was the Sun god, known as the creator of the world. RA had other names, Horus, Amun, Sekhmet, Hather, who represented the Seasons of the year. RA was the name the ancient Egyptians called the SUN.

EL was the name, in Hebrew, was an abbreviated name for the Elohiym their god who created the world. [Elohiym is plural, El is singular]

The first report of the name 'Israel' came about when Jacob wrestled with an angel who said his name needed to be changed from Jacob to Israel. The name Jacob means 'heel catcher', as he was a twin and during birth he held onto the heel of his twin brother, Esau, therefore he was named Jacob.

RA

Seven Ages on Earth or Seven Heavens

Seven Ages on Earth = One Great Era

Seven Heavens refer to the seven Constellations in Heaven that the Solar System travels through during one Great Era completing Seven Great Ages. Patterns repeat over and over again.

LEO - Day 1. God said let there be Light and there was Light

CANCER - Day 2. God divided the waters above*the Earth from waters on Earth.

GEMINI - Day 3. God created the dry land, seeds, crops and plants

TAURUS - Day 4. God created the constellations, stars, planets, Sun, moon

ARIES - Day 5. God created animals, fishes, birds, insects

PISCES - Day 6. God created man and woman

AQUARIUS - Day 7. God created the Sabbath as a day of rest

* once a canopy above the Earth

¹ The name Jesus is the Greek rendering of the Hebrew name Yeshua, which this author prefers to use.
